December 17, 1951—Consideration continued to January 7, 1952.

Communications Read.

The Clerk read communications from the Central Council of Civic Clubs as well as from its Board of Directors, and from the Great Highway Club, opposing enactment of the pending measure.

Motion to Re-refer.

Supervisor Mead moved, seconded by Supervisor McMurray, that the foregoing measure be re-referred to Finance Committee, so that the incoming members of the Board may have an opportunity of studying the legislation.

Discussion.

Supervisor Mancuso objected to the proposed delay, claiming that the measure had been in process of enactment for at least six months and that it should be acted upon at once.

Supervisor Mead stated that if the legislation was put to a vote at this session of the Board, he would be compelled to vote against it.

Supervisor MacPhee suggested that Mr. George W. Pracy, General Manager of the Water Department, be called upon to answer questions which may be asked him by the members of the Board.

Withdrawal of Motion.

There being no objection, Supervisor Mead withdrew his motion to re-refer the measure to the Finance Committee.

Privilege of the Floor.

The privilege of the floor was accorded Mr. Pracy of the Water Department and he proceeded to answer questions asked of him by members of the Board.

Supervisor MacPhee stated that the measure would impose a tax on those who are not paying any tax at all at the present time.

Supervisor Mead asserted that the passage of the measure might tend to drive business from San Francisco and discourage business from entering the city, and that he has been deluged by more calls opposing this one matter than by any other in his sixteen years as a member of the Board. Supervisor Mead further stated that, in his opinion, it was more important to maintain payrolls in San Francisco than to effect a slight problematical decrease in the tax rate.

Measure Defeated.

The roll was thereupon called and the subject measure was *refused passage for second reading* by the following vote:

Ayes: Supervisors Fazackerley, MacPhee, J. Joseph Sullivan—3.

Noes: Supervisors Arnold, Christopher, Gallagher, Lewis, Mancuso, McMurray, Mead, John J. Sullivan—8.

Supervisor Gallagher moved, seconded by Supervisor Arnold, that consideration of the foregoing measure be continued for a period of one week.

Supervisor Fazackerley moved, seconded by Supervisor John J. Sullivan, that the foregoing measure be re-referred to committee, in view of protests received from various improvement clubs.

(In conformity with Master Plan. Designated as Lot 38, Block 3530.)

December 31, 1951—Consideration continued to January 7, 1952.

Discussion.

Supervisor Mancuso asked questions of Reynald J. Bianchi, Deputy City Attorney, regarding various phases of the pending measure.

Explanation of Vote.

Supervisor Mancuso contended that the legislation under discussion was improper, in that no leasehold interest existed at the present time; in fact, it had expired over a year ago, and that present terms called for a month to month lease; further if it was the intention of the City to pay the John Mulhern Company the sum of \$4,715 to cover the cost of moving, such an act should be consummated under eminent domain proceedings.

Supervisor Arnold: Do you believe in your best judgment that it would be in the city's interest to pay the \$4,715 to the John Mulhern Company?

Mr. Bianchi: I believe so.

Supervisor Arnold: On the financial end of it, do you believe the payment of \$4,715 is in the best interest of the city and that there were legal situations existing along the line which warranted this treatment?

Mr. Riordan, Director of Property: Yes, that is correct.

Roll Call.

The roll was thereupon called and the foregoing measure was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Fazackerley, Gallagher, MacPhee, McMurray, Mead, John J. Sullivan—8.

Resumption of Consideration of Measure.

Consideration of File No. 8364, appropriating \$28,850, Board of Supervisors—Municipal Government Survey Advisory Committee, for contractual services, and heretofore considered at this meeting, was again taken up.

Discussion.

The Clerk of the Board was requested to explain contents of his letter dealing with the subject of non-payment to the private firm under contract with the Municipal Government Survey Advisory Committee. The clerk informed the Board that final payment under the existing contract has not been made because the contract provided for the rendering of a final report, which to date has not been received.

N. Loyall McLaren, Chairman of the Advisory Committee, stated that his committee was satisfied that all studies as called for in the contract had been completed, and that he had received information to the effect that the final report would be made about the 17th or 18th of January.

Supervisor Gallagher expressed the opinion that the Board should not appropriate additional funds until final reports have been re-

ceived and the feelings of the heads of the various departments surveyed made known.

Mr. McLaren agreed that consideration of the foregoing measure could be continued until receipt of the final report.

Mr. Simpson, Executive Secretary of the Survey Committee, explained that the Records Management Council has designed a controlled record-keeping system for the City and County and that this design is now in the hands of the Chief Administrative Officer for his consideration. The study made in the Controller's office was a very limited one; however, a complete study was made of the Department of Public Works and recommendations made. Patterns were set up in various departments, calling for the administration of certain files and remanding the balance to the Central Filing Bureau. Inventories of records were made in certain departments, the Civil Service Commission, Department of Public Works, and the practices in the Department of Public Health revised. In the Public Welfare Department, correspondence procedure was streamlined, and in the Water Department inventories were completed and schedules set up.

Explanation of Vote.

Supervisor Mancuso: We have already spent in the neighborhood of fifty thousand dollars. This committee is working without compensation. They are now asking for \$28,850 of additional funds to complete the report. The purpose of the appropriation is to continue the work so that when the work is over, the project will be completed. I intend to vote for this appropriation.

Supervisor MacPhee praised the work of the Survey Advisory Committee and asserted that the Board should encourage this work by passing the appropriation and thereby obviate any possible delay in putting the Records Center plan into effect.

Supervisor Arnold: These members of the Committee are to be commended. I intend no criticism with respect to any member of the Committee. We should complete our first contract before issuing a new contract. Over forty seven thousand dollars has been expended out of more than fifty thousand dollars appropriated, and this Board has not received a final report on any of the existing contracts. I believe it advisable to refer this matter to the Finance Committee and that the final report of the Survey Committee be filed with the Finance Committee in the meanwhile, with the hope that more complete recommendations will be presented to the Board.

Further discussion revealed the fact that a controlled records keeping program had not been installed in the Controller's office but that rather preliminary work had been done for the establishment of a pattern applicable to all departments.

Supervisor Lewis urged caution in proceeding with the work.

Supervisor Fazackerley urged appropriation of the money, and declared that the Board should not refuse its passage on the technical objection that a final report had not been received.

The Chief Administrative Officer informed the Board that his office had received a report on the central filing system but that it could not be placed into operation until the necessary personnel had been trained to handle the work.

In reply to a query by Supervisor Fazackerley, the Chief Administrative Officer stated that the records-control system would prove a valuable adjunct to the city government.

Supervisor J. Joseph Sullivan: Mr. Ross, do you recommend that the pending measure be passed for second reading?

Mr. Ross: I try not to interfere with the policy of the Board.

Supervisor J. Joseph Sullivan: Mr. McGrath, are you in favor of the pending measure?

Mr. McGrath: I am neither for nor against it, because it is within the legislative policy of the Board. But personally I am in favor of any program which will improve the record-keeping methods now in use.

Supervisor J. Joseph Sullivan: Mr. Brooks, have you any opinion with respect to the subject measure?

Mr. Brooks: I am for it.

Motion to Re-refer to Committee.

Yours very truly,

Election of President.

President Christopher: I have come to my last official act on the rostrum before joining my colleagues on the Board. It is customary for the retiring President to say a few words before doing so. I want you to know that I enjoyed being your President for the past two years. I have learned much and I want to thank the incumbent members of the Board for their cooperation and patience, especially since when I first took this office I was not considered much of a parliamentarian. I am grateful to my colleagues and assure you that it has been a pleasure to serve you as President and hope that

when I get back to the floor, I can again indulge in debate which I was precluded from doing as President. While I enjoyed being your President, I am looking forward with even greater eagerness to joining you on the floor, with the privilege of expressing myself, and I want to ask your forgiveness for the mistakes which I have made somewhere along the line.

Thereupon President Christopher stated that he would entertain nominations for the office of President of the Board of Supervisors.

Supervisor Gallagher: Before placing in nomination the name of the man whom I assume will be the President of the Board, may I say to you, sir, that as President, I am sure you have served the office of President in splendid fashion. I say that because I know during your term you have dealt with matters in an impartial way. I say to you new members, the people of the City and County of San Francisco are to be congratulated in electing you, and to the incumbent Supervisors I hope that during the next two years we shall have the benefit of your experience and that we shall meet all problems to the best of our ability. I am privileged to place in nomination the name of a man who has well served the people of the City and County of San Francisco and who had been a member of the Board for the past sixteen years. He has tried on several occasions to become President of the Board but without success, and I hope that it will be within the province of the Board to elect a man whom we all know to be a parliamentarian. I therefore place in nomination the name of Supervisor Dewey Mead as President of the Board of Supervisors. Motion seconded by Supervisor Lewis.

Supervisor MacPhee desired that the record show that the motion was unanimously seconded by all members present.

Supervisor Lewis moved that the nominations be closed. Motion seconded by Supervisor John J. Sullivan.

No objection and *nominations closed.*

Supervisor Mead Elected President of the Board.

The roll was thereupon called and the motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Sullivan—10.

Excused from voting—Supervisor Mead.

Supervisor Mead unanimously elected President of the Board.

The President asked that Supervisors Arnold and Sullivan escort the newly elected President to the rostrum.

President Mead: My colleagues on the Board of Supervisors, Judge Wollenberg, Mr. Brooks, members and distinguished guests, ladies and gentlemen: The Board has paid me a tremendous honor. The statement was made by Supervisor Gallagher that I have sought this office on several different occasions. I have sought this office on but one previous occasion. I am asked to fill the shoes of a big man, your past President, George Christopher. George Christopher, in my opinion, has done a tremendous job during the past two years and I will try to carry on to the best of my ability. I am not necessarily a parliamentarian, but I will try to use good judgment at all times. I intend to be a stickler for procedure. I am going to ask my colleagues to join with me in reducing time spent in debate in the Board to a minimum and I know that I shall receive your cooperation. Many of our colleagues will advise their friends from time to time that theirs is a part-time job. That is not necessarily true. I will ask that we discontinue the practice of people running from one member to another, carrying on conversation. In fact, I will instruct our two Sergeants-at-Arms that they escort the mem-

bers of the Board out into the outer room when they have a message of importance which requires any considerable time to transmit. That will save a lot of time. Now, my colleagues, ladies and gentlemen, I am going to call first on the two newly-elected members of the Board of Supervisors for a few remarks. I won't say whether they will be good or bad Supervisors. Time will tell. I hope and pray that they will develop into outstanding Supervisors. Ladies and gentlemen, may I present Supervisor John J. Ferdon.

Supervisor Ferdon: Mr. President, Mr. Brooks, Judge Wollenberg, ladies and gentlemen: I want to express my appreciation to the citizens of San Francisco for having elected me to serve as Supervisor. I note that the President stated he does not know whether I will be a good or a bad Supervisor. I do know, however, that I will attempt to handle the office in an honest and sincere manner and perform the duties for the people of the City and County of San Francisco to the very best of my ability.

President Mead introduced Supervisor Harold S. Dobbs.

Supervisor Dobbs: Mr. President, congratulations to you; Mr. Brooks, Judge Wollenberg, members of the Board of Supervisors, ladies and gentlemen: I am certainly one of the freshmen on this Board along with Jack Ferdon. You can be assured that I will attempt to serve well and honestly and to the best of my ability and to justify the trust the people of San Francisco have reposed in me.

President Mead introduced Supervisor Arnold.

Supervisor Arnold: Mr. President, Mr. Brooks, Judge Wollenberg, ladies and gentlemen: I, too, have just been elected and I am proud to have the opportunity of serving the people of our city for the next four years. I realize my responsibility as a member of the Board as I am sure you new members do also. I wish the President every success.

President Mead introduced Supervisor John J. Sullivan.

Supervisor Sullivan: Mr. Chairman and members of the Board: I want to thank the voters for electing me for another four years. Never before has any Supervisor sat on this side among four attorneys. If you need any legal advice come over to this side of the Chambers, and I know that from now on you will get four different opinions. Mr. President, if you need any help, come over on my side.

The President introduced Supervisor Lewis.

Supervisor Lewis: Mr. President, Mr. Brooks, members of the Board, ladies and gentlemen: As is my custom, I will make my remarks very short. The newly elected President stated he was going to see that meetings are a lot shorter. I guarantee that they will be much shorter because he is the Chairman. I would like to address myself to former Chairman of the Board, Supervisor George Christopher. George stated when he was elected Chairman that he was not a parliamentarian. The first time he took the rostrum I knew he had completely swallowed and digested Roberts' Rules of Order. In behalf of my colleagues, George, I want to thank you for the excellent manner in which you have always conducted the proceedings. You are an excellent parliamentarian. You say you want to get back into the rough and tumble of debate on the floor. I hope you speak figuratively, for we don't want to see any of the members actually on the floor. Now, may I address myself to the two newly elected Supervisors. You are following in the footsteps of two former great Supervisors, Don Fazackerley and J. Joseph Sullivan. I know the people will be proud of you and will be proud to know that their trust in you will be kept by both of you. To the re-elected Supervisors, we are happy to have you with us again. Once more we will be one big, happy family.

President Mead introduced Supervisor Gallagher.

Supervisor Gallagher: Mr. President, I already made my speech earlier. However, I do want to extend my congratulations and hope that your term in office will be a successful one. Congratulations also to the other newly elected members of the Board.

President Mead introduced Supervisor MacPhee.

Supervisor MacPhee: Mr. President, Mr. Brooks, ladies and gentlemen: Thank you, Mr. President, for your remarks. The year 1952 is a challenge to us and to the city. All of us will meet that challenge and will do the best job we possibly can. I want to extend my congratulations to the new members of the Board who I am sure will do an outstanding job for the city. To my newly elected colleagues, I know they will continue the fine job they have been performing heretofore. I congratulate you, Mr. President; you have certainly earned your office with your years of service. Congratulations, Supervisor Christopher, for a fine job.

President Mead introduced Supervisor Christopher.

Supervisor Christopher: Mr. President and fellow members: I want to congratulate our new members, Supervisors Dobbs and Ferdon. I want to say they have the difficult job of filling the positions vacated by two fine Supervisors, Don Fazackerley and J. Joseph Sullivan. I want to congratulate the re-elected members of the Board. They are splendid men and I know they will continue their fine work. I want to congratulate you, Mr. President; you are a parliamentarian, and you have more experience than any other member, and I know you will do a fine job for the people of San Francisco.

President Mead introduced Supervisor Mancuso:

Supervisor Mancuso: Mr. President, Mr. Brooks and members of the various departments, members of the Board, ladies and gentlemen: I am of course very happy to have been re-elected to this position. I recognize that the position of an elected official is one of trust, a position of responsibility. The position of Supervisor is probably one of the most important we have in any city government in the country today. We must remember that the good we get out of a job depends upon the effort we put into it. I wish you, Mr. President, the best of success and am sure you will carry out the promises of serving impartially and in the interests of the people of the City and County of San Francisco, and I can assure you that I will do everything in my power to work along with you in that respect. I hope that during the next four years we can keep in mind the question of economy in government, as that question is just as important in the future as it has been in the past.

President Mead introduced Supervisor McMurray.

Supervisor McMurray: Mr. President, Mr. Brooks, various heads of the different departments, ladies and gentlemen: Mr. President, I wish you all the success in the world. To the two new members, I want to say that the people have made a splendid choice in you to take the place of two fine former Supervisors, Don Fazackerley and J. Joseph Sullivan. It has always been my ambition and privilege to serve my city in some capacity and I know that the gratification and pleasure which I have had serving as a member of the Board of Supervisors will last as long as I will.

President Mead: San Francisco recently lost the services of two outstanding members, and I think I would be remiss in my duties if I did not ask Supervisor Fazackerley to stand. (Don Fazackerley appeared in the audience and was warmly applauded.) I also understand we are also honored by the appearance of another former outstanding member of the Board, J. Joseph Sullivan. (J. Joseph

Sullivan was warmly applauded.) And now in closing, ladies and gentlemen, it becomes my duty to announce the members of the various committees. Selections of the members of the various committees are not an easy job. Every one of the committees is important. Every member of the Board must be a chairman of at least one of the committees. I have attempted to select members of the various committees who will do a fine job for the benefit of the people of San Francisco.

Committee Appointments.

President Mead announced the following committees:

Commercial and Industrial Development Committee: Supervisors Christopher, MacPhee, Mancuso.

County, State and National Affairs Committee: Supervisors Lewis, Mancuso, Sullivan.

Education, Parks and Recreation Committee: Supervisors MacPhee, Dobbs, McMurray.

ADJOURNMENT.

Communications Read.

The Clerk read communications protesting imposition of proposed "no-stopping" restrictions on certain downtown streets, from the Golden State Company, Swift and Company, San Francisco Labor Council, F. Alioto Fish Company and telegram from Newspaper Drivers' Union.

Supervisor Christopher informed the Board that he was in receipt of about 40 replies to a letter which he had dispatched to major distributing concerns in the city relative to their opinions on the proposed legislation and that all of them either objected to part or the entire plan of the Police Department.

Motion to Defer Consideration.

Supervisor Gallagher stated that he had been informed that there were certain organizations which had not been apprised of this matter before today, and thereupon moved, seconded by Supervisor Lewis, that consideration of the pending measure be continued for a period of three weeks, at the end of which time the Board should resolve itself into a committee of the whole for the purpose of hearing from all interested parties.

Captain Jack Eker of the Traffic Bureau, Police Department, was asked if the suggested deferment would prove a hardship, and he stated that he did not believe any harm would be done since the holiday congestion had passed, although he believed the matter should be disposed of as soon as possible.

Motion to Delete.

Supervisor Christopher moved, as a substitute, that the provisions in the pending measure imposing "no-stopping" restrictions between 7 and 9 a. m., be deleted.

Motion lost for want of a second.

Mr. Philip F. Landis, President of the Public Utilities Commission, when called upon to comment, stated that his Commission was primarily interested in the movement of transit facilities and said he would have no objection should the Board delete the 7-9 a. m. no stopping restrictions proposed, and refer the 4-6 p. m. no stopping provisions to committee.

Motion to Delete.

Supervisor Christopher renewed his substitute motion that the 7-9 a. m. no stopping restrictions be deleted.

There being no objection, Supervisor Christopher temporarily withdrew his substitute motion.

There being no objection, Supervisor Gallagher withdrew his original motion.

Committee of the Whole.

Supervisor Gallagher moved, seconded by Supervisor Lewis, that the Board resolve itself into a Committee of the Whole for the purpose of hearing from all interested parties.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Supervisor Gallagher moved, seconded by Supervisor Lewis, that the President serve as Chairman of the Committee of the Whole.

No objection and motion carried.

The Chair now stated that the Committee would hear from the proponents.

The following *proponents* spoke:

Captain Jack Eker, Director of Traffic, Police Department.

Thomas Gray, Manager, Downtown Association.

Robert M. Shillito, representing Belford Brown of the San Francisco Chamber of Commerce.

James H. Turner, Manager of Utilities.

Tony Ricci, Secretary-Treasurer, Brewery Drivers, Helpers and Distributors, Local Union No. 888, 2940 Sixteenth Street.

Motion to Rise and Report.

No other person evincing a desire to speak, Supervisor Gallagher thereupon moved, seconded by Supervisor Sullivan, that the Committee rise and report.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Mr. Landis: In the consideration of this measure, many statements were made today that are not exactly accurate. Basically, the Municipal Railway is interested in its riders and wants the 4-6 p. m. restrictions imposed. We are, in the main, interested in the 4 to 6 p. m. restrictions, although we are not opposing the 7 to 9 a. m. provisions.

Motion to Re-refer.

Supervisor Arnold moved that, since it had been divulged that many firms and organizations had not had the opportunity of discussing the pending measure, it be re-referred to committee, and that the following measures on the calendar, designated as Files 8387-2, 8387-3 and 8387-4, companions to the foregoing measure, be likewise re-referred to committee. Motion seconded by Supervisor Sullivan.

Adopted.

The following recommendation of Finance Committee was taken up:

Present: Supervisors Gallagher, Arnold, Christopher.

Motion—Conference of Bay Area Counties.

Supervisor Lewis suggested that this Board of Supervisors should follow the recent pattern established when it met with the San Mateo County Board of Supervisors, and that such meetings should likewise take place between this Board and the Boards of Supervisors of the various bay area counties. To accomplish his intended purpose, Supervisor Lewis moved that the President of the Board be authorized, on behalf of this Board of Supervisors, to write a letter to the Presidents of the Boards of Supervisors of Contra Costa, Alameda, Marin and Santa Clara Counties, asking if they will not sit with our Board and break bread, for the purpose of discussing mutual problems.

Courtesy second given by Supervisor Sullivan.

Supervisor Lewis concluded by suggesting that funds for the foregoing purpose be set up in the 1952-53 budget.

Discussion.

Supervisor MacPhee expressed the belief that the funds proposed by Supervisor Lewis should not be placed in the Board's budget account but rather, if found practical, should be left in the hands of the Chief Administrative Officer. Further, closer ties with the neighboring counties should be effectuated through fuller cooperation with the League of California Cities and the County Supervisors' Association.

Supervisor Gallagher suggested that the matter be held in abeyance pending outcome of meeting of Supervisors and other officials of Contra Costa County and San Francisco to be held at the Mt. Diablo Country Club in February.

There being no objection, the foregoing motion was referred by the President to the County, State and National Affairs Committee.

Adopted.

Extending Time Limitation for Procurement of Critical Materials Required for Construction of Lighting System on Mission Street, Between Silver and Geneva Avenues.

Supervisor MacPhee presented:

File No. 8601, Resolution No. 11927 (Series of 1939).

Motion to Adopt—Objection.

Supervisor MacPhee moved the adoption of the foregoing measure; motion seconded by Supervisor Arnold. However, Supervisor Gallagher objected to its presentation on the grounds that it was presented over the head of the Clerk of the Board and without a written explanation as to the urgency for its immediate adoption.

The Clerk was sent for and he proceeded to explain that he was apprizd of the measure and that he was not presuming to assume any rights of the Supervisors.

Supervisor Gallagher thereupon withdrew his objection.

The roll was thereupon called and the foregoing measure was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Communication—Ownership of Property Within Proposed Diamond Heights Redevelopment Area.

Supervisor MacPhee presented a communication signed by him, as a realtor, giving notice that he owns property at 276 Bemis Street, a site located within the proposed Diamond Heights Redevelopment area.

Ordered filed.

Communication—Purchase of Sutro Baths Property.

Supervisor Mancuso presented a communication from Adolph Sutro, suggesting that the City purchase the Sutro Baths property.

Referred to Education, Parks and Recreation Committee.

Supervisor Mancuso presented a communication from Glen M. Foster, in which he outlines a plan which he believes will alleviate traffic congestion on Market Street, and decrease operating costs of the Municipal Railway.

Referred to Public Utilities Committee.

Special Order of Business—Parking Conditions in North Beach District.

Supervisor Mancuso requested that the representatives of the Parking Authority be invited to attend the Board meeting next Monday at 3:00 p. m., for the purpose of acquainting the Board members with progress being made to alleviate the parking problems existing in the North Beach District.

No objection and *Clerk directed to invite the Parking Authority.*

Motions—Budget Hearings by Finance Committee.

Supervisor Gallagher made the following motions:

1. In connection with consideration by the Finance Committee of departmental budgets for the ensuing fiscal year, I move that the Clerk be directed to write to all department heads to the following effect:

(a) That hearings on the budget by Finance Committee will be held at night.

(b) That department heads will be expected to appear and supply information to the Finance Committee in connection with their budget request.

(c) That in connection with explanation of their departmental budget to the Finance Committee, if it is to involve any expenditure for overtime, they, the department heads, are not to bring any personnel from their respective departments to assist in presentation of the particular departmental budget, but that the Finance Committee will expect the department head himself to be in a position to provide the necessary information.

Motion seconded by Supervisor Sullivan.

Objection.

Supervisor Mancuso objected on the grounds that the foregoing was not a proper parliamentary motion, contending that it tied the hands of the department heads when some of them depended upon the knowledge of their subordinates.

The roll was thereupon called and the motion was *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mead, Sullivan—9.

Noes: Supervisors Mancuso, McMurray—2.

2. I move that the Clerk be directed to advertise in the four daily newspapers notice of the times when the Finance Committee will meet for consideration of the budget, inviting taxpaying individuals or groups to attend such meetings and acquaint themselves with such requests as are made by the various department heads for appropriations within their departments for the next fiscal year.

Motion seconded by Supervisor Sullivan and *adopted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Motion—Referral of Salary Survey Report to Finance Committee.

Supervisor Gallagher stated that he was in receipt of a communication from the San Francisco Labor Council, to which was attached a copy of a petition signed by various labor representatives, urging that when the Board receives the salary survey report from the Civil Service Commission, it be considered by the Board sitting as a Committee of the Whole, rather than be referred to the Finance Committee.

Supervisor MacPhee expressed the opinion that the survey should be first considered by the Finance Committee, which should hold public hearings and consult with the Civil Service Commission.

Supervisor Mancuso supported the stand taken by Supervisor MacPhee that the salary survey report should be heard in Finance Committee, claiming that he does not have the time to sit continuously as a member of the Committee of the Whole.

Motion to Consider Salary Survey Report in Committee of the Whole.

Supervisor Lewis thereupon moved, seconded by Supervisor Sullivan, that when the recommendations from the Civil Service Commission are received by the Board of Supervisors, on February 7, 1952, they be immediately referred to the Board and that the Board then resolve itself into a Committee of the Whole, rather than refer the survey report to the Finance Committee.

Motion lost by the following vote:

Ayes: Supervisors Ferdon, Lewis, Sullivan—3.

Noes: Supervisors Arnold, Christopher, Dobbs, Gallagher, MacPhee, Mancuso, McMurray, Mead—8.

Motion to Refer Salary Survey to Finance Committee.

Supervisor MacPhee moved, seconded by Supervisor Gallagher, that when the salary standardization survey report comes before the Board from the Civil Service Commission, that it be directly transmitted to the Finance Committee which shall hold hearings thereon.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, MacPhee, Mancuso, McMurray, Mead—9.

Noes: Supervisors Lewis, Sullivan—2.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:10 p. m., adjourned.

SPECIAL ORDER—3:00 P. M.

Hearing from representatives of the Parking Authority concerning progress made in alleviating parking problems existing in the North Beach District.

Privilege of the Floor.

There being no objection, Supervisor Mancuso called upon Vining T. Fisher, General Manager of the Parking Authority, for a statement concerning present status of the matter relating to parking in the North Beach area.

Mr. Fisher: This matter began in April of 1951. We had a number of meetings with representatives of the Merchants' and Boosters' Clubs of North Beach and this led to a request for an appropriation of funds for a parking study in that area. The Finance Committee heard the matter on September 26, 1951, and on October 17, 1951, it recommended its passage. The Board approved it and the Mayor signed the measure on November 9, 1951. On November 16, 1951, a request was made of the Chief Administrative Officer that a study be made by the Engineering Bureau, in the sum of \$500. We are advised verbally that the Bureau of Engineering has commenced the study and anticipates it can complete it within a period of from four to six months.

Request of Supervisor Mancuso.

Supervisor Mancuso asked Mr. Fisher if his Authority would not check the parking problems existing on Price Row and Jasper Place in the North Beach area.

No official Board action taken in connection with the above request.

Motion.

Supervisor Mancuso moved, seconded by Supervisor Christopher, that the Clerk of the Board be authorized to ask the Bureau of Engineering to inform the Board of Supervisors with respect to the necessity of requiring from four to six months' time to make an investigation of the parking problems existing in the North Beach District.

No objection and Clerk *was directed to comply.*

Discussion.

Supervisor Christopher complained of the interminable delays attached to many of the projects under consideration by the Parking Authority, and that too much time was devoted to the conduct of investigations and surveys which probably could be eliminated.

Mr. Fisher replied by stating that he could not account for events during the period between 1947-49, since the Parking Authority did not come into being until the latter part of 1949. The Parking Authority is attempting to conserve a goodly portion of the bond money by interesting private capital in its projects. With respect to the St. Mary's Square Underground Garage, it would have been possible to obtain private financing for the project were it not for the opposition of the Western Banking Voluntary Restraint Credit Committee which claimed that to use private funds would further inflationary tendencies. Mr. Fisher went on to explain that practically all real properties have been purchased with respect to the Mission Street-Bartlett Street Parking Lot and that the buildings are expected to be removed in the near future. Then would come the matter of rezoning the area to commercial use; this probably will be done around the middle of the year.

Mr. Fisher emphasized that the Parking Authority, likewise, is very anxious to dispense with all red tape.

Thereupon, the Chairman declared the hearing concluded.

Discussion Relating to Subsidization of Municipal Railway.

Supervisor MacPhee inquired of Mr. Charles Miller, Manager of the Municipal Railway, if the Railway expected to be subsidized in the new budget to the tune of some two millions of dollars, to which Mr. Miller replied that increases in salaries, contractual services, telephone, stationery, etc., were responsible for an anticipated increase of \$1,400,000.

Supervisor Mancuso: Have the members of the Public Utilities Commission given any consideration to Section 130 of the Charter, which provides a method for meeting the operating costs of the Railway?

Mr. Miller: I cannot speak for the Public Utilities Commission.

Fixing of Special Order.

Supervisor Mancuso requested that the Board fix a Special Order for next Monday, February 4, 1952, 3:00 p. m., at which time the representatives of the Public Utilities Commission will inform the Board as to what is being done by them to comply with the provisions of Section 130 of the Charter insofar as providing funds for the operation of the Municipal Railway is concerned.

No objection and *Clerk was directed to comply.*

(See later action under Roll Call, for change of date from February 4 to 11.)

Request for Legal Opinion.

Supervisor Mancuso requested that the Clerk obtain a written opinion from the City Attorney as to whether the provisions of Section 130 are mandatory or permissive.

No objection and *Clerk was directed to comply.*

Discussion.

Supervisor MacPhee: Mr. Miller, have you made any recommendations with respect to this matter of a possible tax subsidy?

Mr. Miller: Wages have gone up, claims have gone up—

Supervisor MacPhee: Can you reduce the two-million-dollar tax subsidy?

Mr. Miller: I do not want to make any recommendations at the present time.

Supervisor MacPhee: Do you recommend the two pensions in effect for the employees of the Municipal Railway?

Mr. Miller: That is a function of the Public Utilities Commission. I haven't given it any thought.

Supervisor MacPhee: I cannot understand why these employees should be given two pensions instead of one now being enjoyed by other city employees.

Supervisor Lewis: Mr. Miller, has the zone-fare structure been given any consideration?

Mr. Miller: None at the present time.

Supervisor Mancuso then proceeded to question Mr. Miller further, whereupon Supervisor Arnold objected.

The President thereupon ruled all further discussion out of order and reminded the Board that it had previously in the meeting fixed a special order specifically for the purpose.

Supervisor Gallagher accordingly moved that the sum of \$366.68 be appropriated from funds under the jurisdiction of the Board of Supervisors, or take such action as will lead to the inclusion of the subject amount in the 1952-53 budget.

Supervisor Mancuso objected, stating that the motion was not a proper one, as certification of funds must of necessity be first obtained from the Controller.

The President thereupon *referred the matter to the Finance Committee.*

Mr. Taylor informed the Board that he is the owner of the property located on the northeast corner of Sloat Boulevard and Forty-fourth Avenue and that gasoline stations in that area had some fifty thousand dollars invested. NEW BUSINESS.**Schedule Approved.**

The following measure from the Clerk was taken up:

Approval of Schedule for Meetings to Be Held in Connection With Salary Standardization Ordinance.

File No. 7846

Supervisor Gallagher moved, seconded by Supervisor Arnold, that the schedule as proposed hereinabove, be approved.

No objection and motion *carried*.

Resumption of Consideration of Communication Relating to Obstruction of Crossover at the Intersection of Forty-fourth Avenue and Sloat Boulevard.

Mr. Sherman P. Duckel, Director of the Department of Public Works, informed the Board that the obstruction proposed to be placed at the intersection of Forty-fourth Avenue and Sloat Boulevard was the result of a decision reached between his department and the Police Department, and that Mr. Taylor's complaint was the first of its kind that he had heard of.

Mr. Taylor was accorded the privilege of responding, and he suggested that the work of actually closing the crossover be delayed pending further investigation. He claimed that the crossover had been used for over 17 years and to obstruct it would seriously endanger the investment made by the Texaco people in that area.

Mr. Duckel stated that the plan to block the crossover would prove a greater convenience to many people. In fact, Mr. Duckel believed that more business than normal would be attracted by the proposed new arrangement.

Motion to Refer.

Supervisor Ferdon thereupon moved that the matter be referred to the Streets Committee for further investigation. Motion seconded by Supervisor Sullivan, and *carried* by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Gallagher, Lewis, Mancuso, McMurray, Mead, Sullivan—9.

Absent: Supervisors Christopher, MacPhee—2.

Referred to Streets Committee.

Announcement of Committee Meeting.

Supervisor Arnold announced that the Streets Committee would meet on Wednesday, February 6, 1952, at 1:30 p. m. to consider the foregoing matter.

Query Relating to Time Required for Investigation of Parking Conditions in North Beach Area.

There being no objection, Supervisor Mancuso asked Mr. Duckel, Director of the Department of Public Works, why it had been reported that it would take his Bureau of Engineering a period of between four to six months to conduct a study of parking conditions in the North Beach Area.

Mr. Duckel informed the Supervisor that his department had been asked by the Parking Authority to conduct such a study but that such request would have to take its turn with respect to priority of action as other commitments must first be fulfilled, which would entail several months; however, once the study got under way, it would not take more than 30 days to complete it, and, further, if it proves to be possible, the North Beach project would be moved up on the priority list.

No action taken.

Reference to Finance Committee.

There being no objection, Supervisor Gallagher presented a communication, addressed to him, from the Parking Authority, advising him of its intention to seek an appropriation for the preparation of plans and specifications and working drawings required for construction bids for the St. Mary's Square Underground Garage.

Supervisor Gallagher asked Mr. Duckel if his department would undertake the aforementioned work of preparing plans. Mr. Duckel first asked the Controller, who was present, if general obligation bonds were involved, and when assured that such was the case, replied that his Department would undoubtedly recommend to the Chief Administrative Officer and the Parking Authority that suitable engineers be employed to design the building when funds were made available for such purpose by the Board of Supervisors.

January 28, 1952—Re-referred to Committee.

Discussion.

Supervisor Lewis expressed the opinion that it would be a mistake on the part of the Board to approve a new redevelopment area when previously approved areas had not been fully developed.

Mr. James E. Lash of the Redevelopment Agency explained the purpose of the legislation.

Supervisor Lewis, in explaining his vote, stated that he was re-development-conscious; however, he did not consider Mr. Lash's statement as sufficiently plausible and would accordingly vote against the subject measure.

Supervisor Gallagher asked Mr. Lash as to the amount of land which would be involved in the pending measure. Mr. Lash stated that very little land in McLaren Park would be involved and that the greater portion of the proposed redevelopment area was located outside the present boundaries of the park.

Mr. Paul Oppermann, Director of Planning, stated that a study was made some two years ago at which time only general boundaries were established.

Supervisor Gallagher suggested that information should be elicited from the Director of Property as to number of parcels of property it is still proposed to purchase for McLaren Park, as well as information from the Board of Education as to its plan to construct schools in the McLaren Park area.

Motion to Re-refer.

Supervisor Gallagher accordingly moved, seconded by Supervisor Lewis, that the foregoing measure be re-referred to committee for a thorough hearing.

Discussion.

Supervisor Mancuso opposed the motion to re-refer the pending measure, contending that the measure had already been thoroughly discussed with the Department of Planning, Redevelopment Agency and Recreation and Park Department and that nothing would be accomplished by recomittal.

Substitute Motion.

Supervisor Mancuso moved that, as a substitute, that consideration of the foregoing measure be continued for a period of one week and thus permit Mr. Lash and Mr. Oppermann to supply Supervisor Gallagher with any information he desired.

Motion lost for want of a second.

The roll was thereupon called on Supervisor Gallagher's motion to re-refer the measure to committee and it *carried* by the following vote:

Ayes: Supervisors Arnold, Gallagher, Lewis, McMurray, Sullivan—5.

Noes: Supervisors Dobbs, Ferdon, Mancuso, Mead—4.

Absent: Supervisors Christopher, MacPhee—2.

SPECIAL ORDER—3:00 P. M.

Hearing from Representatives of the Public Utilities Commission as to Steps Being Taken to Comply With the Provisions of Section 130 of the Charter, Relating to Fare Structure and Operating Costs of the Municipal Railway.

Opinion from City Attorney.

The Clerk read an opinion from the City Attorney, No. 510, dealing with the question of whether the provisions of Section 130 of the Charter required that utility rates and fares be fixed to pay all expenses of a particular utility.

Discussion.

Supervisor Mancuso asked Walker Peddicord, Deputy City Attorney, if the provisions of Section 130 of the Charter did not make mandatory the fixing of rates for each fiscal year, to which Mr. Peddicord replied that the aforementioned provisions did not require that the Public Utilities Commission fix annual rates but one rate which would continue until it was determined that a change in it would be necessary in order to avert a tax subsidy.

Supervisor Mancuso: Is it the intention of the Public Utilities Commission to have something definite before the Board before the budget is finally considered, with respect to the rate structure?

Mr. Turner, Manager of Utilities: Last Monday the Public Utilities Commission directed the staff of the Commission and its Traffic Consultant, Mr. Mills, to prepare a study of the fare structure, and to report to the Public Utilities Commission within sixty days their findings on such fare structure. When the report is completed the Public Utilities Commission will adopt a definite policy with respect to the fare structure and the Board will receive the report just about the time it is considering the Public Utilities Commission budget.

Supervisor Mancuso (to Mr. Turner): You made a statement in November of 1948 with respect to subsidization of the Municipal Railway out of the tax rate. Are you still of the same opinion?

Mr. Turner replied that the statement was made some four years ago and that considerable change had taken place with respect to transit conditions, and that any discussion at this time relating to the fare structure is not timely.

Supervisor Mancuso: Is it your opinion that Section 130 is permissive and not mandatory?

Mr. Turner: I have been advised by the City Attorney that it is permissive.

Supervisor Mancuso then called to Mr. Turner's attention a statement made by Phil Landis, former President of the Public Utilities Commission, in 1948, regarding revision in the fare structure.

Mr. Turner: I am fully cognizant of the statement. It was made in my presence.

Point of Order.

Supervisor Lewis rose to a point of order, contending that the practice of Supervisor Mancuso in asking questions about statements made by a former member of the Public Utilities Commission constituted a waste of time and should be dispensed with.

The President ruled the point of order well taken and suggested to Supervisor Mancuso that he make his inquiries as brief as possible.

Supervisor Mancuso asked Oliver M. Rousseau, President of the Public Utilities Commission, whether he believed the operations of the Municipal Railway should be assisted by means of an increase in rates or through tax subsidization. Mr. Rousseau replied that since he was a new member of the Commission, he preferred to await the outcome of the report currently being compiled by the Public Utilities Commission's staff:

Supervisor Mancuso (to Sam McKee, member of the Public Utilities Commission): Is your position the same as in 1948 that a self-supporting fare structure should be submitted by the Public Utilities Commission rather than getting into the question of a tax subsidy?

Mr. McKee stated that he was hesitant about answering, being mindful of the fact that a report into the matter had been ordered

Supervisor Mancuso: You made the positive statement that any fare increase should provide for the payment of bond interest and redemption and took the stand that Section 130 provided that the fare structure should be such as to make the utility self-sustaining.

Mr. McKee stated that he had to review the record, and that while Mr. Landis made an excellent Commissioner, everyone was not always in agreement with him.

Supervisor Mancuso: You advised that the report will be ready in about 60 days.

Mr. Rousseau: The report will be ready for the Commission within sixty days. I would like to have the matter continued until the report is received from the staff and Traffic Consultant.

The President: In view of the request made by the newly appointed President of the Public Utilities Commission, what is your pleasure?

Motion to Continue Consideration.

Supervisor Mancuso moved, seconded by Supervisor Arnold, that consideration of the subject measure be continued for a period of eight weeks.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Gallagher, Lewis, Mancuso, McMurray, Mead, Sullivan—9.

Absent: Supervisors Christopher, MacPhee—2.

Consideration continued for eight weeks.

Supervisor Lewis was assured that the joint committee would again meet shortly on the measure.

The Board of Supervisors met in recess session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Quorum present.

President Dewey Mead presiding.

Consideration of Salary Standardization.

The President ruled that the subject of salary standardization was now properly before the Board.

Supervisor Dan Gallagher, Chairman of the Finance Committee, informed the Board that his committee had met on Wednesday, February 13, and Thursday, February 14, and heard from individuals and interested groups, and suggested that the Clerk of the Board read his prepared motion which would require adoption by the Board and which would have the effect of transmitting salary amendment to the Civil Service Commission for review, analysis and report as to what other changes and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedules.

The Clerk thereupon read the following proposed motion:

I offer all of such requests as, supported by necessary data and filed with this Board, seek adjustment in the schedule of compensation set forth in the Salary and Wage Survey of the Civil Service Commission, dated February 7, 1952, as amendments to said schedule of compensations and I move with respect to such proposed amendments to the schedule of compensations, that the data presented to and considered by this Board as warranting such amendments, be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board, together with a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

For the purposes of this motion, the highest salary rate or range requested, by employees or their representatives, to be established for each particular classification in, or in connection with, the data submitted and relied upon as warranting an adjustment in the schedule of compensations proposed by the Civil Service Commission is hereby proposed as an amendment to said schedule of compensations, and the Clerk of the Board is authorized to tabulate such requested rates of ranges of salary and transmit such tabulation to the Civil Service Commission together with such data.

Motion seconded by Supervisor Christopher.

Supervisor Gallagher stated that when the report of the Civil Service Commission was received by the Finance Committee, it was the thought of the Committee to bring in to the Board recommended amendments.

Statement by Supervisor Christopher.

Supervisor Christopher asserted that at the time the Board considered the subject of salary standardization several years ago when the question of percentages increases was before the Board, he had expressed opposition to such procedure of computing increases. Eventually the Board adopted such a percentage system; it was challenged by downtown groups, taken before the people through the medium of a referendum and the result was that thousands of deserving city employees were precluded from receiving justly deserved raises. In connection with the pending salary standardization survey, Supervisor Christopher stated he noted that certain administrative positions were accorded a flat eight per cent increase. He had read the letter from the Civil Service Commission substantiating the percentage method used and he was not convinced that such a method was in accord with Charter provisions. He thereupon suggested that the Clerk of the Board transmit those classifications which had been recommended for a flat 8 per cent increase to the Civil Service Commission, with the request that the Commission inform the Board further as to the method employed in arriving at the rates so recommended.

Supervisor Mancuso inquired of the Chairman of the Finance Committee as to what the Committee intended to do with the report of the Civil Service Commission when it is received.

Supervisor Gallagher responded by saying that when the report is received, the Committee will attempt to prepare such recommendations as it deems proper and submit them to the Board; the Board then would have the option of either adopting them or making recommendations of their own.

Supervisor Mancuso asked if the Finance Committee intended to confer with the Civil Service Commission on the matter of proposed increases.

Supervisor Gallagher stated that the Committee had no intention of going before the Civil Service Commission.

Amendment.

Supervisor Christopher moved, as an amendment, that all classifications recommended for increases on a flat percentage basis be re-referred to the Civil Service Commission for proper report as to the means employed in arriving at the proposed increases. Motion seconded by Supervisor Gallagher.

There being no objection, the *foregoing amendment was included as a part of the original motion submitted by Supervisor Gallagher.*

Opposition.

Supervisor Lewis opposed the amendment as offered by Supervisor Christopher, contending that it was not a proper motion, because the Board in the past had sent proposed amendments to the Civil Service Commission for review, analysis and report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule, and here was a case where the request is made that certain classifications be sent to the Civil Service Commission for which no amendments had been offered.

Supervisor Gallagher offered the opinion that the request of Supervisor Christopher might best be accomplished by a separate motion.

Amendment by Supervisor Christopher Withdrawn.

There being no objection, the amendment offered by Supervisor Christopher and heretofore ordered incorporated in the motion made by Supervisor Gallagher, was *withdrawn*.

Thereupon the roll was called and Supervisor Gallagher's motion was *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Supervisor Christopher renewed his motion that all classifications recommended for increases on a flat percentage basis be re-referred to the Civil Service Commission for report as to the means employed in arriving at the proposed increases.

Motion seconded by Supervisor Gallagher and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Supervisor Christopher asked Deputy City Attorney Walker Peddicord just what can be accomplished by his motion hereinabove adopted.

Mr. Peddicord replied that Supervisor Christopher's motion was merely in the nature of a request for information.

To a question asked by Supervisor Mancuso, Mr. Peddicord stated that he presumed that Supervisor Christopher, not having the information he desired available at the present moment, did not regard himself as being in a position to amend any of the administrative classifications.

Motion to Recess.

Supervisor MacPhee moved a ten-minute recess.

No objection and Board recessed.

Motion to Rescind.

Upon reconvening, Supervisor Gallagher moved that his motion, made earlier in the meeting and adopted, transmitting certain amendments to the proposed salary schedules of compensation, to the Civil Service Commission for review, analysis and report, be rescinded. Motion seconded by Supervisor Sullivan and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Motion to Rescind.

Supervisor Christopher moved that his motion, made earlier in the meeting and adopted, re-referring certain administrative classifications to the Civil Service Commission for report as to the means employed in arriving at such recommended increase in compensation, be rescinded.

Motion seconded by Supervisor Sullivan and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Deputy City Attorney Walker Peddicord suggested that it would be well to adopt anew the motion heretofore proposed by Supervisor Gallagher and then follow up with the proposed new motion.

Supervisor Arnold asked the Deputy City Attorney if the Board would have jurisdiction over those classifications for which supporting data had been submitted by employees' representatives to the Finance Committee, and in turn submitted to the Civil Service Commission, and will this Board have jurisdiction over those classifications for which no supporting data was submitted and which earn a maximum annual compensation of \$4800 or more as shown in the Salary Survey Report?

Walker Peddicord, Deputy City Attorney, stated that when the report is received by the Board from the Civil Service Commission, it will have jurisdiction over the subject classifications.

Motion to Adopt.

The roll was thereupon called on Supervisor Gallagher's motion which had earlier in the meeting been adopted and later rescinded, and it *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—10.

No: Supervisor Ferdon—1.

Motion Adopted.

Thereupon Supervisor Gallagher offered the following motion:

Without prejudice to that motion adopted by this Board at its meeting on Friday, February 15, 1952, in words and figures as follows, to-wit:

"I offer all of such requests as, supported by necessary data and filed with this Board, seek adjustment in the schedule of compensation set forth in the Salary and Wage Survey of the Civil Service Commission, dated February 7, 1952, as amendments to said schedule of compensations and I move with respect to such proposed amendments to the schedule of compensations, that the data presented to and considered by this Board as warranting such amendments, be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board, together with a report as to what

other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

"For the purposes of this motion, the highest salary rate or range requested, by employees or their representatives, to be established for each particular classification in, or in connection with, the data submitted and relied upon as warranting an adjustment in the schedule of compensations proposed by the Civil Service Commission is hereby proposed as an amendment to said schedule of compensations, and the Clerk of the Board is authorized to tabulate such requested rates or ranges of salary and transmit such tabulation to the Civil Service Commission together with such data,"

I move to amend the proposed rates of pay for all other classifications currently receiving a maximum annual compensation of \$4800 or more and not included in the above motion by deleting the proposed increases for all said classifications carrying a maximum compensation of \$4800 per year or more and the Civil Service Commission is hereby directed to report to the Board of Supervisors on the effect of such proposed amendments, as provided in Section 151 of the Charter; the data warranting such amendments are the data contained in the Civil Service recommendations dated February 7, 1952.

Motion seconded by Supervisor Arnold and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Gallagher, MacPhee, Mancuso, McMurray, Mead, Sullivan—9.

Noes: Supervisors Ferdon, Lewis—2.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:50 p. m., adjourned.

Supervisor MacPhee moved, seconded by Supervisor Dobbs, that the rules be suspended for the purpose of considering the following recommendation of the Education, Parks and Recreation Committee out of order.

No objection and motion carried.

Present: Supervisors MacPhee, Dobbs, McMurray.

Requesting Mayor to Exercise His Emergency Powers to Permit Entering into Leases and Rental Agreements With the Federal Government for the Use and Occupancy of Portions of Real Property and Buildings Under the Jurisdiction of the Recreation and Park Commission; an Emergency Measure.

File No. 8638, Ordinance No. 7192 (Series of 1939).

Supervisor MacPhee moved, seconded by Supervisor McMurray, that the foregoing measure finally pass.

SPECIAL ORDER—2:00 P. M.

Referred to Streets Committee.

Hearing of Protests—Improvement of the Intersections of Rutledge Street at Peralta Avenue and Franconia Street and of Franconia Street (East One-Half) Opposite Intersection of Rutledge Street.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the assessment, diagram or warrant for pay of the cost of the same, or in any property affected thereby: Improvement of the intersections of Rutledge Street and Peralta Avenue and Franconia Street, and of Franconia Street (east one-half) opposite intersection of Rutledge Street, by Eaton and Smith as described in Declaration of Intention, Order No. 34,511, passed October 6, 1950, of the Department of Public Works.

File No. 6627

Communication of Protest.

The Clerk read a communication received from property owners on Rutledge Street, protesting the levying of assessments for the foregoing improvement.

Privilege of the Floor.

The privilege of the floor was accorded Sergeant Frederick H. Katz who stated that he represented all the protestants in the case. He asserted that no benefits whatever accrue to them because of the distance from the site of the actual improvement.

City's Version.

Mr. Lloyd Whaley of the City Engineer's office was asked to reply.

Mr. Whaley: This work, which includes the crossing of Rutledge Street at Peralta Avenue and at Franconia Street, was proposed about two years ago. The resolution of intention was published on October 15, 1950, and all property owners within the assessment district were notified. No protests were received. The matter was heard before the Streets Committee in December, 1950, and there were no protests at that time. The Supervisors ordered the work done on December 20, 1950. On January 7, 1951, the work was awarded to Eaton and Smith, Contractors, and there were no protests from the property owners at that time. The total cost of the project is around four thousand dollars, of which the City contributed thirteen hundred dollars. The people who are protesting are within the four blocks adjoining the crossing of Rutledge and Peralta, and it is a well-established principle for people to pay for their proportion of the assessment. We recommend that the assessment be confirmed and petition denied unless you want to refer the matter to the Streets Committee for further hearing.

Motion to Refer.

Supervisor MacPhee moved, seconded by Supervisor Christopher, that the foregoing matter be referred to the Streets Committee.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—10.

Absent: Supervisor Gallagher—1.

Referred to Streets Committee.

SPECIAL ORDER—2:00 P. M.

Board of Supervisors to hear protests, if any, of all persons interested in or objecting to the proposed vacation of portion of Baldwin Court between Folsom Street and its northwesterly termination, pursuant to notice of intention given in Resolution No. 11940 (Series of 1939).

File No. 7925

There appearing no protestants, the foregoing measure was referred to the Real Estate Department for further action.

File No. 8561, Ordinance No. 7183 (Series of 1939).

Discussion.

Supervisor MacPhee reminded the Board of the capital improvement program which the city had adopted some years ago but which was temporarily shelved until after World War II. The Supervisor mentioned the fact that many city departments were short of necessary space to adequately carry on their duties, with particular reference to the City Attorney's office which had to use a portion of the corridor to perform its duties. Now that the Board of Education proposes to use the buildings of the High School of Commerce for its administrative personnel, the thought occurs that perhaps the playing field adjoining the high school might be used as a site for a Courts Building; further the Civic Auditorium needed to be remodeled in order to meet the needs of organizations meeting in conventions; the Hall of Justice has been crowded for years; the District Attorney's office, which is costing the city money insofar as they are compelled to lease private quarters, should rightfully be located in the Hall

of Justice. All of the above suggested improvements cost money and this money can, in a measure, be raised by increasing the percentage rate of the existing purchase and use tax from one-half of one per cent to one per cent.

Supervisor MacPhee hastened to say that a number of California cities have increased the tax from one-half of one per cent to one per cent to one and one-half per cent, and the money derived from this source cannot be used for any other purpose than capital improvements.

Motion to Amend.

Supervisor MacPhee moved that the foregoing measure be amended to provide for an increase in the excise tax rate of from one-half of one per cent to one per cent. Motion seconded by Supervisor Mancuso.

Objection.

Supervisor Gallagher objected to consideration of the proposed amendment at the present time, contending that while certain communities have adopted such a high rate, others have no excise tax at all, and to impose the increase at this time would create a hardship upon people already heavily tax-burdened.

Supervisor Gallagher stated that he was aware that action would be forthcoming in Sacramento attempting to raise the present three per cent state sales tax to four per cent, three percent going to the state, one-half of one per cent to the county and one-half of one per cent to the city; further, the League of California Cities has a plan brewing whereby any county would have the right to borrow money from the state for certain purposes; but until something tangible crystallizes, it would be imprudent to act on the amendment at the present time.

Substitute Motion—Lost.

Supervisor Christopher expressed the opinion that this was not the proper time to consider the amendment which certainly was not related to the pending measure; accordingly, he moved, as a substitute, that the proposed amendment be referred to the Finance Committee.

Motion *lost* for want of a second.

Supervisor Christopher suggested that Supervisor MacPhee withdraw his amendment so that the pending measure appearing on the calendar could be voted upon, and then the Supervisor could bring his amendment up in the form of a separate ordinance.

Amendment Withdrawn.

There being no objection, Supervisor MacPhee *withdrew* his amendment.

Roll Call.

The roll was thereupon called and the pending measure was *finally* passed by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Referred to Finance Committee.

Suspension of Rules.

Supervisor MacPhee moved, seconded by Supervisor Gallagher, that the rules be suspended for the purpose of considering the following measure out of order.

No objection and motion *carried*.

Motion seconded by Supervisor Sullivan.

The Chief Administrative Officer stated that the Director of Public Works could not appear due to illness, while Dr. Geiger, who was familiar with the survey, was no longer employed by the city.

Supervisor Lewis insisted that those representatives who were available be requested to be present.

Supervisor MacPhee accordingly moved, seconded by Supervisor Sullivan, that consideration of the pending measure be deferred until 3:15 p. m.

Motion to Insert Emergency Clause.

Supervisor MacPhee explained that an emergency existed with relation to the pending measure and that unless such an emergency was declared, it would interfere with the scheduled opening of stores in the neighborhood as well as with plans of the developers of the area.

The Controller was asked for his opinion as to whether an emergency actually existed and he advised that the condition would have to fall within the meaning of Section 16 of the Charter to actually constitute an emergency.

Supervisor MacPhee expressed the opinion that an emergency existed in that people were being deprived of certain services.

Deputy City Attorney's Opinion.

Supervisor Dobbs asked Deputy City Attorney Walker Peddicord whether the condition explained by Supervisor MacPhee actually constituted an emergency pursuant to the provisions of Section 16 of the Charter. Mr. Peddicord read the provisions aloud to the Board and expressed the opinion that the situation mentioned by Supervisor MacPhee did not fall within the provisions of Section 16 of the Charter.

Supervisor MacPhee thereupon *withdrew* his amendment.

The roll was thereupon called and the foregoing measure was *passed for second reading* by the following vote:

File No. 8657, Ordinance No. (Series of 1939).

(In conformity with Master Plan.)

Discussion.

Supervisor Gallagher stated that he believed the Department of Public Works should draw the necessary preliminary plans instead of appropriating some \$150,000 for the purpose.

Supervisor Mancuso inquired into the status of the plans which had heretofore been prepared by a private firm when private financing of the underground structure was being considered, and expressed the opinion that such plans, if still available, should be

purchased and thus obviate the necessity of appropriating the large sum of \$150,000.

Mr. Albert Jacobs, Chairman of the Parking Authority, explained the necessity for the appropriation.

Motion to Re-refer.

Supervisor Arnold moved, seconded by Supervisor Dobbs, that the foregoing measure be re-referred to the Finance Committee for further study.

Resumption of Consideration of Measure Appropriating \$28,850, Board of Supervisors, Municipal Government Survey Advisory Committee, for Contractual Services.

Mr. Arthur Barcan, representing the National Records Management Program, explained, at length, the work of his organization and what it was doing with respect to improving correspondence procedures and installation of a records management program for the City and County of San Francisco.

At intervals, Supervisor Lewis interrupted Mr. Barcan's explanation by asking certain questions.

At this point, the President announced that the hour of 4 p. m., having arrived, the Board would now take up the Special Order, set for that time, dealing with the sale of various bonds.

Statement by Supervisor Mancuso.

Supervisor Mancuso stated that the Controller should be congratulated for his fine work in having the bonds sold at such a low rate of interest.

Consideration Postponed.

Resumption of Consideration of File No. 8364, Relating to an Appropriation of \$23,850, Contractual Services, Municipal Government Survey Advisory Committee.

Mr. Barcan of the National Records Management Council proceeded with the explanation of work being performed for the city and county, while Supervisors Lewis and Gallagher made periodic inquiries.

Supervisor Gallagher stated he believed consideration of this matter should be indefinitely postponed on the grounds that he had written to several departments for information relating to the subject matter and he had not received replies from all of them; further, he did not intend to vote for the appropriation of \$28,850 if, in the opinion of the Controller and the Clerk of the Board, the provisions of the existing contract had not been fully complied with.

Mr. Barcan informed the Board that the experience of his firm has shown that in those instances where the controlled records program was installed, there was no need to purchase additional filing equipment for a period of from three to five years which, in itself, constituted a great saving.

Point of Order.

Supervisor MacPhee rose to a point of order, objecting to method used by Supervisors in making inquiries of Mr. Barcan.

The President requested that in the future the members of the Board not employ harassing tactics.

Motion to Defer Consideration.

Supervisor Gallagher moved that consideration of the foregoing measure be continued for a period of three weeks, or until such time as he receives replies from certain departments or until he is apprized of possible savings in the forthcoming budget as a result of the work being performed by the National Records Management Council. Motion seconded by Supervisor Sullivan.

At this point, Supervisor Dobbs requested the privilege of the floor for Mr. N. Loyall McLaren, Chairman of the Municipal Government Survey Advisory Committee, who proceeded to explain the purpose of the appropriation.

Motion to Defer Temporarily Withdrawn.

There being no objection, Supervisor Gallagher withdrew his motion temporarily.

Here Supervisor Christopher described, for the benefit of the new members of the Board, the origin and purpose of the governmental survey now in process.

Supervisor Arnold supported Supervisor Gallagher's request that consideration of the measure should be continued until such time as all replies have been received to inquiries made by Supervisor Gallagher and until an opinion has been received from the City Attorney dealing with substantial compliance with the provisions of the existing contract.

Mr. McLaren spoke glowingly of the excellent reputation enjoyed by the National Records Management Council and commented upon his trip to New York City. The work of the Council was highly lauded by the officials of that city.

At this point, Supervisor Gallagher stated he had just received a copy of an opinion rendered by the City Attorney's office, and proceeded to read a portion of it.

Supervisor Lewis stated he believed a Charter amendment should be submitted which would call for the creation of a separate department whose duty it shall be to install the record control program in every department.

Motion to Defer Consideration.

Supervisor Gallagher moved that consideration of the foregoing measure be continued for a period of three weeks. Motion seconded by Supervisor Sullivan.

Explanations of Votes.

Supervisor MacPhee objected to the suggested postponement, contending that, in the interest of economy, passage of the measure at this time is advisable.

Supervisor Mancuso stated that although he voted against the original appropriation, the National Records Management Council

has done a splendid job and that the pending appropriation should be approved so that the job may be completed.

Supervisor Gallagher stated that in view of statements made by the Clerk of the Board and by the Controller and as a result of the wording of the opinion from the City Attorney, the pending matter should be continued for a period of three weeks.

The President suggested that a two-week continuance be had instead of three. Supervisor Gallagher was agreeable to the suggestion.

The President directed that the Clerk of the Board address communications to those departments from whom no replies had been received to inquiries made by Supervisor Gallagher, asking that such replies be forthcoming by March 3rd.

The roll was thereupon called on the motion to postpone consideration for a period of two weeks and it carried by the following vote:

Ayes: Supervisors Arnold, Gallagher, Lewis, McMurray, Mead, Sullivan—6.

Noes: Supervisors Christopher, Dobbs, Ferdon, MacPhee, Mancuso—5.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Supervisor Mancuso, seconded by Supervisor Lewis, moved that the matter be continued for one week; that he be furnished with a copy of the legislation; and that the City Attorney be requested to render a legal opinion as to the validity of the legislation.

Discussion.

Supervisor Dobbs explained that the matter had been considered by the Judiciary Committee at two different meetings and both times received the recommendation of the Committee. He stated that it was his opinion that the legislation should be enacted to assure certain individuals of securing proper medical care from organizations other than the Health Service System.

Supervisor Mancuso called attention to a communication from Mr. Cuniffe, president of the Health Service Board, contending that the legislation was illegal.

Mr. Ross, Controller, informed the Board as to the procedure followed in making deductions from employee warrants and remarked that the cost to the city would be minor, if any. He further stated that it was a question of policy as to whether or not the Board wants to permit payroll deductions.

Point of Order.

Supervisor MacPhee rose to a point of order. He stated that there was a motion before the Board and that the present discussion was out of order.

The Chair ruled that although there was a motion pending, it desired to know if the mover would withdraw it temporarily.

the City Attorney be requested to render a legal opinion as to the validity of the legislation in view of the recommendation transmitted to the Board by the Health Service System under date of February 25th.

Mr. Peddicord, Deputy City Attorney, in reply to inquiry by Supervisor Gallagher, informed the Board that the City Attorney has had no written request for an opinion. That the legislation had come in for approval as to form; and that it was in conformity with the procedure followed at the present time and with the California state law.

Motion to Adopt.

Supervisor McMurray, seconded by Supervisor Gallagher, moved adoption of the foregoing measure.

Discussion.

Supervisor Mancuso explained that in his opinion the legislation did not go far enough; that it was his belief that a committee should be formed to get legislation through Congress and then go after the money for the construction of the Southern Crossing.

Supervisor MacPhee remarked that he did not believe that the legislation should be passed at this time, and that perhaps an early meeting should be held with the Toll Bridge Authority to see if they would go after this matter and see that the bridge is built.

Supervisor Mancuso stated that he did not believe that San Francisco would have a southern crossing as long as the present administration was in power in Sacramento.

Point of Order.

Supervisor MacPhee rose to a point of order, that the discussion was not being directed to the motion pending.

Chair ruled Supervisor Mancuso out of order.

Discussion Continued.

Supervisor MacPhee explained that he did not believe that the legislation would accomplish what was desired, and that a committee should be formed consisting of the Mayor, Director of Public Works, Chief Administrative Officer and the Rapid Transit Commission to discuss the matter with the California Toll Bridge Authority.

Motion to Commit.

Supervisor Arnold said that he did not believe that the legislation should be voted on at this time and, accordingly, moved that the foregoing measure be referred to the Joint Streets and Buildings Committee.

The Chair ruled the motion out of order.

The Chair inquired as to whether or not there were any Supervisors who were opposed to the enactment of the legislation.

There being objections, the Chair thereupon *referred the legislation to the County, State and National Affairs Committee.*

File No. 8698. Resolution No. 12063 (Series of 1939).

Statement by Supervisor Christopher.

Supervisor Christopher stated that while he was aware of the fact that city departments belong to many organizations and therefore in order to gain information which would be helpful to the city in various ways, attendance at such conventions must necessarily be had, he had always contended that a single representative from a department could very well accomplish the purpose of such attendance, and thereupon moved, seconded by Supervisor Dobbs, that only one representative be authorized to attend.

Supervisor Arnold stated that the Finance Committee felt that in this case the attendance of two representatives was necessary.

Motion Lost.

The roll was thereupon called and the motion to delete one representative lost by the following vote:

Motion Authorizing Rental of Bleachers for Civic Celebration to Be Held on March 16, 1952.

Discussion.

Supervisor MacPhee asked if funds had been set up in the Board's budget to pay the requested \$350.

The Clerk of the Board stated that no appropriation for such purpose had been set up but that his office had been assured by the Controller that the amount in question would be made available.

There being no objection, consideration of the foregoing measure was temporarily postponed pending appearance of the Controller.

Consideration temporarily postponed. (See later action for adoption of measure.)

Appropriating \$13,544.40, Steinhart Aquarium, for Building Repairs and Safety Installations; an Emergency Measure.

File No. 8716, Ordinance No. 7202 (Series of 1939).

Discussion.

The Chief Administrative Officer informed the Board that the proposed measure came into being as a result of a request from the State that certain safety measures be taken to safeguard the public health, and that it would be unwise to delay the work until the next fiscal year.

Supervisor Mancuso expressed the opinion that the matter should be considered during the forthcoming budget deliberations.

Supervisor Mancuso asked the Chief Administrative Officer if he had considered charging a nominal admission fee. Mr. Brooks replied that he believed such a procedure might be made applicable to adults, but would not be proper if applied to children. However, he suggested that the Supervisor could request a report from him on the matter.

Request for Report.

Supervisor Mancuso accordingly requested that the Chief Administrative Officer be asked to render a report on the feasibility and advisability of charging adults a nominal admission fee to the Steinhart Aquarium and to such other institutions under his jurisdiction as are tax-supported.

No objection and the *Clerk was directed to comply.*

The roll was thereupon called and the foregoing measure was *finally passed* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—10.

Absent: Supervisor Gallagher—1.

Resumption of Consideration of File No. 8733—Motion Authorizing Rental of Bleachers for Civic Celebration to Be Held on March 16, 1952.

The Controller informed the Board that the amount of \$350 would be transferred from surplus in the Board's Contractual Services account.

The Clerk informed Supervisor MacPhee that the surplus would be available due to savings being effected in printing costs.

The Chief Administrative Officer asserted that if funds are provided in the forthcoming budget, it was his intention to purchase metal bleachers, which would be stored in the Department of Public Works' yard on Army Street, and that each request for the use of the same would be considered strictly on its merits.

Motion to Adopt.

Thereupon Supervisor McMurray moved, seconded by Supervisor Sullivan, that the foregoing measure be adopted.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Fadden, MacPhee, Mancuso, McMurray, Mead, Sullivan—9.

Absent: Supervisors Gallagher, Lewis—2.

Reference to Committee.

Suspension of Rules—Lost.

Supervisor Arnold presented the following recommendation of the Finance Committee out of order:

Appropriating \$1,500, Fire Department, for Replacement of Permanent Employees on Sick Leave—Fire Boats; an Emergency Measure

File No. 8715, Ordinance No. (Series of 1939).

Discussion.

Supervisor Christopher inquired how the foregoing measure had the recommendation of the Finance Committee, when he, as a member of such committee, was not even apprized of any action that might have been taken in connection therewith. He emphatically stated that if he were again bypassed by the Finance Committee, he would renew his request that his connections as a member of the Finance Committee be severed.

Supervisor Arnold stated there was no intention on the part of or Supervisor Gallagher's part to bypass him on any measure and that the foregoing measure was being brought before the Board because of its urgency as stressed by the Chief of the Fire Department, and that in telephonic conversation with Supervisor Gallagher it was considered expedient to bring it before the Board today.

Supervisor Christopher expressed the opinion that he did not believe that meetings on Finance Committee matters should be conducted over the telephone and therefore the pending measure should be re-referred to the Finance Committee and have it come before the Board in proper fashion.

Supervisor Arnold stated that insofar as he was concerned there will never be a committee meeting held in which full participation of the membership is denied or circumvented.

Suspension of Rules.

Thereupon Supervisor Arnold moved the suspension of the rules for the purpose of considering the foregoing measure.

Supervisor MacPhee objected, whereupon the President referred the subject measure to the Finance Committee.

Privilege of the Floor.

The privilege of the floor was extended to Chief Edward P. Kelly of the Fire Department, who explained the necessity for the introduction of the measure.

Query.

Supervisor Mancuso inquired of Deputy City Attorney Walter Peddicord, with respect to the number of votes required to pass an emergency measure on the date of introduction.

Mr. Peddicord read the provisions of Section 15 of the Charter and advised that it would require nine votes to accomplish the action desired.

The President thereupon informed the Board that it would require eight votes to suspend the rules in order to give consideration, out of the regular order of business, to the measure, and nine votes to pass the measure.

No further action taken.

Adopted.

The following recommendations of Police Committee were taken up:

Present: Supervisors McMurray, Ferdon.

Discussion.

Supervisor Ferdon summarized the history of the previous measures and concluded by stating that something must be done to alleviate the traffic congestion.

Supervisor MacPhee asserted that he did not believe any privileges should be accorded commercial vehicles to the detriment of passenger vehicles and thereupon moved that No. 5 in the Exceptions—"Commercial vehicles, while loading or unloading merchandise," be deleted. Motion seconded by Supervisor Debbs, who warned that if the foregoing exception were permitted to remain, such privileges would be asked for on other tow-away streets, thus complicating the traffic picture.

Privilege of the Floor.

The privilege of the floor was extended to Anthony Camilla, representing the Chauffeurs' Union, who stated that it would prove costly to the merchants to have the drivers return the goods to the warehouse for delivery the next day.

Motion to Defer Consideration.

Supervisor Lewis moved that consideration of the foregoing measure be continued for a period of one week. Motion seconded by Supervisor MacPhee.

Supervisor McMurray felt that all interested parties had been heard and that the measure should be voted upon today.

JOHN R. McGRATH, Clerk.

THURSDAY, MARCH 6, 1952—2:00 P. M.

In meeting of Board of Supervisors, San Francisco, Thursday, March 6, 1952, 2:00 p. m.

The Board of Supervisors met in recessed session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, MacPhee, McMurray, Mead, Sullivan—9.

Absent: Supervisors Lewis, Mancuso—2.

Quorum present.

President Dewey Mead presiding.

Supervisor Lewis noted present at 5:20 p. m.

Supervisor Mancuso on authorized leave.

Consideration of Salary Standardization.

The President stated that the Board was now ready to begin its study of the subject of salary standardization and called upon Supervisor Gallagher, Chairman of the Finance Committee, to proceed.

Supervisor Gallagher stated that there were some recommendations which were not included in the Finance Committee list of recommendations and expressed the desire of acting on such amendments. He thereupon moved, seconded by Supervisor Christopher, that the classification of B-26, Supervisor of Budget Statistics, be accorded a range of \$500-600.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, McMurray, Mead, Sullivan—9.

Absent: Supervisors Lewis, Mancuso—2.

Supervisor Gallagher moved a range of \$500-600 for classification of B-56, Supervisor of Payrolls. Motion seconded by Supervisor Christopher and carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, McMurray, Mead, Sullivan—9.

Absent: Supervisors Lewis, Mancuso—2.

Supervisor Gallagher moved a range of \$295-345 for classification D-60, Jailer. Motion seconded by Supervisor Arnold and carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, McMurray, Mead, Sullivan—9.

Absent: Supervisors Lewis, Mancuso—2.

Supervisor Gallagher moved a range of \$400-480 for classification P-57, Assistant Director of Public Health Nursing.

The President of the Board inquired of Deputy City Attorney Walker Peddicord, in view of the recommendation of the Civil Service Commission calling for a range of \$420-500 per month, and the position taken by the Finance Committee in reducing the minimum and maximum by twenty dollars in the face of data which the Civil Service Commission must have had, what is the position of the Board in this matter?

Mr. Peddicord replied to the effect that, as he understood the situation, this particular classification did not go to the Civil Service Commission on the proposed amendment relating to those classifications earning \$4,800 per year or over but went down to them on the proposed minimum and maximum range shown in the second column of the Finance Committee recommendations; consequently the proposed minimum range of \$400 per month has not been before the Civil Service Commission for review and it would not be possible for the Board to amend downward to such figure.

Supervisor Gallagher disagreed with the findings of the Deputy City Attorney.

Supervisor Gallagher's motion was thereupon seconded by Supervisor Christopher and it *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Gallagher, MacPhee, Sullivan—6.

Noes: Supervisors Ferdon, McMurray, Mead—3.

Absent: Supervisors Lewis, Mancuso—2.

Supervisor Gallagher moved a range of \$460-540 for classification P-58, Director of Public Health Nursing.

Here Mr. Henderson challenged the authority of the Board to fix the range as proposed.

Supervisor Christopher emphatically made his position clear that he considered it about time that the Board of Supervisors took the firm stand that it alone had complete jurisdiction over all salaries.

Supervisor MacPhee inquired into the power of the Board with respect to upward or downward revision of salaries of \$4,800 a year and over.

Mr. Henderson stated that the proper way would be to send a proposed amendment to the Civil Service Commission with supporting data, for analysis and report, and then the Board would have jurisdiction within the range of the proposed amendment.

The Clerk of the Board, John R. McGrath, was called upon to give his version of the understanding reached between the Civil Service Commission, the Deputy City Attorney and the members of the Board as to the intent and meaning of the motion adopted by the Board at its meeting on February 15, 1952, transmitting certain compensation schedules to the Civil Service Commission for review, analysis and report.

Supervisor Arnold referred to the language contained in the last two lines of the motion adopted by the Board at its meeting on February 15, 1952, transmitting certain data to the Civil Service Commission for review, analysis and report, and reading as follows: ". . . the data warranting such amendments are the data contained in the Civil Service recommendations dated February 7, 1952," and stated that at the time the motion was adopted, it was his understanding that the Board would have control over all classifications from A to Z.

Explanation of Prior Vote.

Supervisor Ferdon explained that he had voted against the motion adopted by the Board on February 15, 1952, mentioned hereinabove, and that his negative vote was based upon his interpretation of the charter provisions and the intent of the motion. While many of the Board members felt that the adoption of the motion gave the Board complete jurisdiction over all salaries, he did not feel that such was the case.

Discussion.

Supervisor Christopher stated that it was his understanding that pursuant to the motion adopted by the Board on February 15, 1952, it would have control over all those positions paying \$4,800 a year and more and he did not intend to have any department head tell him that he could not fix salaries the way he deemed best.

Recess.

Supervisor Dobbs moved a 15-minute recess. Motion seconded by Supervisor MacPhee, and there being no objection, motion carried.

Motion Read.

Upon reconvening, Supervisor Gallagher requested the Clerk to read the following motion:

I move to amend the proposed rates of pay for all classes subject to salary standardization under the procedure contained in Section 151 of the Charter, by fixing as to each class a rate of pay the minimum of which is the minimum currently paid in such class and the maximum of which is the highest requested in any protest filed in the Board of Supervisors; and in classes as to which there was no protest filed in the Board of Supervisors, the maximum rate herein proposed is the maximum rate of increase proposed by the Civil Service Commission; and the Civil Service Commission is hereby directed to report to the Board of Supervisors on the effect of such proposed amendments as provided in Section 151 of the Charter; the data warranting such amendments are the data contained in the Civil Service recommendations dated February 7, 1952, and that contained in or accompanying all protests filed in the office of the Board of Supervisors in relation to the pending salary standardization under the procedure provided by Section 151 of the Charter. To the extent of any inconsistency between this motion and prior motions, this motion shall prevail. This motion does not provide for any reduction in any presently existing schedule of compensation.

Supervisor Gallagher suggested that before action is taken with respect to the foregoing motion, clarification be had with respect to certain amendments recommended by the Finance Committee and adopted by the Board earlier in the meeting.

The President ruled that the amendment recommended by the Finance Committee, and proposing a range of \$460-540 for classification of P-58, Director of Public Health Nursing, was still before the Board.

Supervisor Gallagher recommended that the pending amendment proposed by the Finance Committee be adopted as well as several others which he had in mind, relating to the "R" classification.

The President suggested that all previous motions adopted by the Board relating to the recommendations of the Finance Committee be rescinded and then discussion could be had on the entire amendments.

At this point the President inquired of the Deputy City Attorney as to what the Board should do.

Mr. Peddicord declared that the only motions adopted by the Board are the ones relating to the recommendations of the Finance Committee. The Finance Committee could have altered its report themselves. The pending motion which the Clerk had just read goes much deeper than the Finance Committee report. The only prior action taken was to send certain proposed amendments down to the Civil Service Commission for report, which report is now before the Board, and it would seem that nothing would be gained if the previous motions are or are not rescinded.

Motion to Rescind.

Supervisor Gallagher moved, seconded by Supervisor Christopher, that the Board rescind its action with respect to previous motions taken earlier in the meeting affecting the following classifications: B-26, B-56, D-60, P-57.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, McMurray, Mead, Sullivan—10.

Absent: Supervisor Mancuso—1.

Motion Adopted.

Supervisor Gallagher moved, seconded by Supervisor Christopher, that the motion heretofore read by the Clerk be adopted.

Request of Supervisor Christopher Relating to Jurisdiction of Board Over Salaries.

Supervisor Christopher asked Deputy City Attorney Walker Peddicord the following question:

Will the adoption of this motion retain jurisdiction in this Board of Supervisors to establish all salaries, in every Civil Service classification reported in Salary and Wage Survey dated February 7, 1952, between the minimum of the present salaries, and a maximum recommended by the Civil Service Commission where no protest has been made; or a maximum to the extent supported by data in any protests filed?

To the above query, Mr. Peddicord replied in the affirmative.

The roll was thereupon called and the motion heretofore made by Supervisor Gallagher was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, McMurray, Mead, Sullivan—10.

Absent: Supervisor Mancuso—1.

Motion to Adjourn.

Supervisor Gallagher moved, seconded by Supervisor Sullivan, that the Board now adjourn to meet again in regular session on Monday, March 10, 1952, at 2 p. m.

Suggestion of Supervisor Christopher Concerning Preparation of Charter Amendment Clarifying Salary Standardization Procedure.

Supervisor Christopher suggested that the City Attorney's office collaborate with the Civil Service Commission for the purpose of preparing a Charter amendment, for submission to the Board, which would clarify existing ambiguities in the Charter's provisions relating to the standardization of salaries, and which would obviate the many difficulties in which the Supervisors find themselves year after year as to the intent, meaning and authority of the current Charter provisions.

Substitute Motion—Lost.

Supervisor Lewis moved, as a substitute, that the Board recess until the hour of 10:00 a. m., Friday, March 7, 1952, to reconsider the report from the Civil Service Commission.

At this point Supervisor Lewis asked Mr. Henderson if the report could be received by tomorrow, to which Mr. Henderson replied that such was impossible, as it was necessary to first bring the matter to the attention of the Civil Service Commission, meeting tomorrow afternoon. At the earliest, a very sketchy report could be rendered by Monday afternoon.

Motion lost for want of a second.

There being no objection, Supervisor Gallagher's motion to adjourn carried.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:45 p. m., adjourned.

JOHN R. McGRATH, Clerk.

File No. 7846, Ordinance No. (Series of 1939).

An ordinance fixing and determining schedules of compensation to be paid municipal officers and employees and non-certificated employees of the San Francisco Unified School District, whose offices and positions are allocated to classifications specified herein and compensations for which are subject to the provisions of Section 151 and Section 151.1 of the Charter, establishing work schedules and conditions of employment and method of payment for various work schedules; providing that the said schedules of compensation shall be effective beginning July 1, 1952.

(Amendments proposed by the Finance Committee appear in mimeographed booklet entitled, "Recommendations of Finance Committee in connection with the Salary and Wage Survey 1952-53.")

March 6, 1952—Consideration continued to March 10, 1952.

Communication.

The Clerk read a communication from the Civil Service Commission, dated March 7, 1952, reporting on proposed amendments to the rates of pay heretofore recommended by the Civil Service Commission.

Discussion.

Supervisor Mancuso asked Mr. William L. Henderson, Personnel Director and Secretary of the Civil Service Commission, as to the meaning of the phrase "internal relationship," and he was advised

that it meant the relationship between the rate paid for one class of employment and another class where the duties compare favorably.

Supervisor Christopher made it plain that he believed the Board should not placidly adopt the attitude of permitting Mr. Henderson to appear before the Board and by his actions convey the impression that he was authorized to issue directives with respect to the fixing of salaries, but rather it should proceed with the thought that it, alone, had the power of determining the ranges of salaries.

Deputy City Attorney Walker Peddicord suggested that the Board, from a legal standpoint, proceed in an orderly fashion, and that in the event a question should arise as to the legality of a certain range or as to whether an amendment had been proposed, such amendment should be forthwith transmitted to the Civil Service Commission for review, analysis and report to the Board, in compliance with the provisions of Section 151 of the Charter.

Questions and Answers Presented by Supervisor Gallagher and Ordered Made Part of the Record.

Supervisor Gallagher presented a statement incorporating therein certain questions and answers relating to the subject of salary standardization, and requested that it be made part of the record.

No objection and so ordered.

The statement is as follows:

OPINION

Q. What are the powers and duties of the Board of Supervisors under Section 151 of the Charter?

A. Section 151 of the Charter is the standardization ordinance, and it reads:

"The Board of Supervisors shall have power and it shall be its duty to fix by ordinance from time to time, as in this section provided, all salaries, wages and compensations of every kind and nature, except pension or retirement allowances, for the positions, or places of employment, all officers and employees of all departments, offices, boards and commissions of the city and county in all cases where such compensations are paid by the city and county."

This language clearly places the *power and duty* of setting salaries of city employees solely in the hands of the Board of Supervisors, the legislative body of the City and County of San Francisco.

The duties of the Civil Service Commission under this section are:

1. Subject to certain restrictions and regulations it shall prepare and submit recommendations for a schedule of compensations to the Board of Supervisors, together with a compilation of a summary of the data obtained and considered, with a comparison showing existing schedules.
2. Amendments to such schedules by the Board of Supervisors shall be transmitted to it for review and analysis, and it shall make a report thereon, together with a report as to what other changes, and the cost such proposed amendment would require to maintain an equitable relationship with other rates in such schedule.

On February 7, 1952, the Civil Service Commission transmitted such recommendations for schedules of compensations of salaries in accordance with this provision. On February 11, 1952, the Board of Supervisors referred this report to its Finance Committee for

study and recommendation. The Finance Committee held hearings on February 12th and 13th, and on February 15th submitted its recommendations as to approval of some rates, amendments to other rates, and rejection of still other rates of the proposed schedule of compensation to the Board of Supervisors. The Board of Supervisors on that date transmitted such amendments to the Civil Service Commission as provided by this section of the Charter.

On March 3, 1952, the Civil Service Commission returned its report to the Board of Supervisors. At this point we must consider what powers the Board of Supervisors now have, and we find as follows in Section 151:

"The Board of Supervisors may *approve, amend or reject* the schedule of compensations proposed by the Civil Service Commission; provided, that *before* making any amendment thereto the data considered by the Board of Supervisors as warranting such amendment shall be transmitted to the Civil Service Commission for review and analysis and the commission shall make a report thereon to the Board of Supervisors, together with a report as to what other changes, and the cost thereof such proposed amendment would require to maintain an equitable relationship with other rates in such schedule."

What is meant by "approve," "amend," or "reject"?

In the case of *People v. Hall*, 140 Cal. App. Supp. 745, at page 754, the court said:

"The word 'approve' means to sanction officially, to ratify or confirm."

In other words, to approve would mean to leave the rate recommended by the Civil Service Commission unchanged.

Webster's dictionary defines "amend," as "to alter," "to modify," "to reform," "to correct," "to restore," "to free from fault."

Such alteration could be upward or downward, at the discretion of the Board of Supervisors.

In the case of *Young v. Flickinger*, 75 Cal. App. 17, the court defined the word "reject" as a "failure to accept."

It can be seen that this section of the Charter gives the Board of Supervisors the power to accept without change the recommendation of the Civil Service Commission, to reject such recommendations, or to amend such recommendations, either upward or downward. It is clear that only amendments must be returned to the Civil Service Commission for "analysis, review, and report, etc." Rates that are approved, or rates that are rejected need not be returned to the Civil Service Commission.

We understand that the legality is being questioned as to the authority of the Board of Supervisors, at this stage, to amend the rate recommended for P57 Assistant Director of Public Health Nursing from a range of \$420-500, to a range of \$400-480. This, in effect, would be a reduction of \$20 per month, and no cost is involved. The Board of Supervisors has the report of the Civil Service Commission before it, which shows that but one position is involved, and there is but one related class involved, that of P58 Director of Public Health Nursing. It would be most unreasonable to suggest that this amendment, because it was not within the range sent to the Civil Service Commission for review and analysis, was beyond the authority of the Board of Supervisors to adopt. If this were true, the powers of the Board of Supervisors would be greatly curtailed, and it could never complete its duty of setting salaries within the time limits set in the Charter. The purpose of sending the amendments to the Civil Service Commission having been

accomplished, the report and cost before the Board of Supervisors, it now has complete power to act. Any other interpretation would be a relinquishment of powers to the Civil Service Commission which the Charter does not contemplate.

To assert that the amendment to the salary of P58 Director of Public Health Nursing is equally inconsistent with the terms of the Charter. The amendment involves a reduction of \$30 in one position, and no report on cost is necessary. The Civil Service Commission report, before the Board, shows that there are no related classification. There would be no purpose served by a further referral to the Civil Service Commission.

Section 151 of the Charter was first construed in the case of *City and County of San Francisco v. Harold J. Boyd*, 22 Cal. 2d 685.

The facts of this case are: After many hearings, the Board of Supervisors approved and adopted the rates of wages as recommended by the Civil Service Commission excepting only the rates proposed for bus operators. The Board, under authority of the Charter, amended the schedule proposed by the Civil Service Commission, and fixed the rates of pay at five cents per hour higher than the maximum rate of 92½ cents per hour shown on the schedule recommended by the Civil Service Commission. Suit was brought on the theory that the Board of Supervisors had exceeded its authority.

The Supreme Court said at page 690:

"The determination whether proposed rates of compensation are in accord or in harmony with the generally prevailing rates is within the discretion of the rate-making authority."

And at page 692 the court said:

"Moreover, the Charter section provides that 'The Board of Supervisors may approve, amend or reject the schedule of compensations proposed by the Civil Service Commission.' Thus it is clear that the rates of compensation are fixed by the Board of Supervisors and involve an exercise of the independent judgment of that body."

Conclusion

Under the authority of Section 151 of the Charter of the City and County of San Francisco, the Board of Supervisors have the power and duty to fix salaries of city employees subject to this section. The duties of the Civil Service Commission are to gather data, prepare and submit recommendations for a schedule of compensations for city employees coming within this section. The duties of the Civil Service Commission cease as to such schedule of compensations, after transmittal to the Board of Supervisors, except that *before amendment*, data considered by the Board of Supervisors shall be transmitted to it, for review, analysis and report, together with a report as to changes, and the cost such changes would require to maintain an equitable relationship with other rates in said schedule. This report in no manner binds the action of the Board of Supervisors, and upon its receipt, it may then proceed to approve, amend or reject the schedule of compensations proposed by the Civil Service Commission. In so doing the Board exercises its independent judgment, and whether or not such rates are in accord or in harmony with generally prevailing rates is within its discretion. Any other interpretation of this section of the Charter would be to abrogate the legislative powers granted.

menting those which are contained in the Finance Committee's report and which is now pending before the Board.

Supervisor Gallagher moved that the foregoing amendments "do pass." Motion seconded by Supervisor Christopher.

Amendments.

Supervisor Lewis moved a ten-dollar increase for classification F604, Surveyor's Field Assistant, and a range of \$280-330 per month. Motion seconded by Supervisor Sullivan.

Discussion.

Supervisor Lewis stated he was basing his request for an increase on the fact that a new contract had recently been negotiated, stating that it has been very difficult to induce qualified persons to work for the city at the present rate of pay.

The Chief Administrative Officer corroborated Supervisor Lewis' statement in connection with difficulty being experienced in obtaining qualified applicants.

Mr. Henderson, representing the Civil Service Commission, stated he had checked the contract mentioned by Supervisor Lewis and that it did not cover the field sufficiently to warrant the suggested increase.

Mr. Daniel Del Carlo of the Building Trades Council stated that the range proposed by Supervisor Lewis contained the wage data sent out to all interested parties and is the recognized union scale for San Francisco.

The roll was thereupon called and the amendment proposed by Supervisor Lewis carried by the following vote:

Ayes: Supervisors Ferdon, Lewis, Mancuso, McMurray, Mead, Sullivan—6.

Noes: Supervisors Arnold, Christopher, Dobbs, Gallagher, MacPhee—5.

Supervisor Lewis moved a range of \$300-350 for the classification of T157, Social Service Worker. Motion seconded by Supervisor Sullivan.

Discussion.

Supervisor Lewis quoted figures from existing contracts showing a range of \$297-351; the State of California pays up to \$376 per month and the Federal Government up to \$421 per month. The

positions are very important, involving as they do, the handling of millions of dollars.

Supervisor Gallagher asserted that the Finance Committee had considered the range for the position very carefully and was satisfied that its recommended range of \$280-330 was proper.

In answer to Supervisor Dobbs' query, Mr. Henderson replied that the duties of the State or Federal Social Service Worker were not comparable to those being performed by the city employees.

Mr. Henderson further advised that if the proposed increase is granted, there were several other classifications which should likewise be increased due to their relationship with the classification of Social Service Worker.

Substitute Motion.

Supervisor Lewis moved, as a substitute, that a range of \$290-340 be established for the classification of T157, Social Service Worker.

Five-Minute Recess.

Supervisor Sullivan moved, seconded by Supervisor Ferdon, that a five-minute recess be had.

No objection and motion *carried*.

Substitute Lost

Upon reconvening, the roll was called on Supervisor Lewis' substitute motion and it *lost* by the following vote:

Ayes: Supervisors Lewis, McMurray, Mead, Sullivan—4.

Noes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, MacPhee, Mancuso—7.

Amendment on "Q" Classification—Carried.

Supervisor Gallagher moved, as a recommendation of the Finance Committee, a range of \$245-305 for the classification of Q65, Finger-print Technician. Motion seconded by Supervisor Sullivan.

Supervisor Gallagher stated that there were persons on the list who declared that unless the proposed increase was granted, they would be compelled to seek employment with the State of California, thus creating an acute shortage of this type of employment.

Mr. Henderson asserted that there were more acute shortages existing in other classifications.

Supervisor Dobbs declared that the reason advanced by Supervisor Gallagher in support of the proposed increase, in that persons were threatening to bolt the list to seek employment with the State, should not be construed as proper data warranting the increase.

The roll was thereupon called and the amendment *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—10.

No: Supervisor Dobbs—1.

likewise apply to the following classifications: E120, Governor Man, E124, Senior Power House Operator, and E128, Superintendent of Power House.

March 10, 1952—Consideration continued to March 17, 1952.

Amendment.

Supervisor Dobbs asserted that if the Board permitted commercial vehicles to park on streets on which tow-away provisions are in force, this privilege should likewise be extended to other tow-away streets, and he was certainly opposed to such a practice.

He accordingly moved, seconded by Supervisor Lewis, that Exemption No. 5, permitting commercial vehicles to park on such tow-away streets, be deleted from the measure.

Supervisor Christopher explained that, in his private capacity, he had checked into the matter and in the interest of mass transportation, felt that commercial vehicles should not be permitted to park. He stated he would therefore vote for the amendment and for the measure as amended.

Privilege of the Floor.

Upon motion duly made, seconded and carried, the privilege of the floor was extended to the following persons who spoke against the proposed measure permitting commercial vehicles to park in tow-away zones:

E. Moore, representing the California Automobile Association.

George S. Hill.

Jack Goldberger, San Francisco Labor Council.

Russell Bevans, Secretary-Treasurer, Draymen's Association.

Anthony Cancilla, Chauffeurs' Union.

Dan Sweeney, Secretary-Treasurer, Brotherhood of Teamsters, Local No. 85.

Explanations of Votes.

Supervisor McMurray stated that he was more interested in the little storekeeper trying to make a living than in providing traffic accommodations for those persons living outside of San Francisco. The measure should be given a trial, without the amendment, and then if it doesn't work, he would be the first to amend it.

Supervisor Mancuso stated he favored the measure in its present form. He believed that a trial period should be had, and if it appears to work an undue hardship, or if traffic conditions worsen, steps could then be taken to remedy the situation.

Supervisor Arnold declared that he would vote against the proposed amendment, contending that he believed it imperative to help business and not impede it.

Supervisor MacPhee stated he would vote for the amendment but against the measure.

Supervisor Gallagher averred that he did not believe that the tow-away system would be of much help in the downtown area, particularly between 4 and 6 p. m.; that it is not the commercial cars or taxicabs which are impeding the flow of traffic, but rather the buses are proving the major obstacles. He therefore stated he would vote against both the amendment and the measure.

Amendment—Lost.

The roll was thereupon called on Supervisor Dobbs' amendment and it lost by the following vote:

Ayes: Supervisors Christopher, Dobbs, Lewis, MacPhee—4.

Noes: Supervisors Arnold, Ferdon, Gallagher, Mancuso, McMurray, Mead, Sullivan—7.

Amendment—Lost.

(NOTE: The following italicized passages have been ordered expunged. See subsequent motion.)

Discussion Relative to Position of City and County of San Francisco Regarding San Francisco Terminus of Second Bay Crossing.

There being no objection, Supervisor Lewis dwelt at length on the subject of a second bay crossing and stated that the special committee, established by the Board by its Resolution No. 6484 (Series of 1939), adopted on April 28, 1947, composed of the Mayor, the Chief Administrative Officer, the Controller, the Assessor, the City Attorney and the Chairman of the County, State and National Affairs Committee of the Board of Supervisors, had met and that the preponderance of thinking leaned toward the selection of Army Street as the San Francisco terminus. Supervisor Lewis asserted that it was imperative that the City make up its mind officially as to location this afternoon so that our Legislative Representative, Don Cleary, could forthwith inform our legislative delegation in Sacramento of such official action.

Supervisor Christopher declared that he had spoken to members of the San Francisco delegation at Sacramento and found they were displeased over the fact that they had not been consulted with respect to determining the approach terminus in San Francisco. He stated further that the idea of bringing transcontinental trains into San Francisco was being frowned upon by the railroads, and vowed that his vote on the matter would be somewhat predicated on trains being brought into the city. It was incumbent upon the Mayor to bring our Senators, Assemblymen and Supervisors together for the purpose of arriving at a concrete policy. Unless something of this nature is done, we will be floundering back and forth.

Supervisor MacPhee stated that he also had spoken to members of the State Legislature who felt they had been left out of the discussion and therefore do not know what the city's policy is with respect to the approach terminus. Supervisor MacPhee agreed that the suggestion made by Supervisor Christopher that a meeting be held of all interested parties was very timely.

Supervisor Gallagher expressed the opinion that definite action should be taken at this time.

Donald Cleary, the City's Legislative Representative at Sacramento, explained that pending legislation at Sacramento relative to bay crossing approaches was being handled by Assemblyman Dolwig and Senator Collier and this was due to the fact that at the conclusion of the 1951 session, the foregoing members were assigned the task.

Motion—Lost.

Supervisor MacPhee moved that Don Cleary, Legislative Representative, be instructed to invite the members of San Francisco's delegation at Sacramento to meet with the Mayor, the members of the Board of Supervisors, the Chief Administrative Officer and the Director of Public Works, later on in the week for the purpose of determining the city's policy with respect to a San Francisco terminus of the second bay crossing.

Motion lost for want of a second.

Introduction of Measure.

Supervisor Christopher moved the suspension of the rules for the purpose of considering the following measure. Motion seconded by Supervisor MacPhee.

Urging Meeting of San Francisco Officials and Legislative Representative for the Purpose of Formulating Policy Concerning Location of and Approaches to an Additional Crossing of San Francisco Bay.

File No. 8803, Resolution No. . . . (Series of 1939).

Discussion (Continued).

Supervisor Mancuso maintained that if the Board held its ground, there would be a possibility that the provisions relating to the \$13,000,000 rollback to the northern counties, might be deleted. The funds, the Supervisor declared, were being used as a political football and that it properly belonged to the people who paid the tolls and not to the northern counties.

Supervisor Gallagher stated that there was more to the picture than appeared on the surface and called upon the Chief Administrative Officer for comment.

The Chief Administrative Officer explained that a meeting had been held recently. Assemblyman Dolwig, Senator O'Gara, Assemblymen Collins, Maloney and others being present. At that time, Assemblyman Dolwig informed the gathering that he had spoken to the East Bay people and that they had decided upon Bay Farm Island as the eastern terminus for the bridge. San Francisco must make up its mind where it wants its bridgehead located. San Francisco's Master Plan, the Joint Army-Navy Board Report both called for a bridgehead in the vicinity of Army Street. If the Board of Supervisors feels that another location other than Army Street is more appropriate, the Master Plan can be changed. Senator Breed has introduced another bill on the subject and unless action is taken soon, San Francisco will not be considered at this session of the Legislature with respect to a terminus for a southern bay crossing.

Supervisor Mancuso asked the Chief Administrative Officer if he thought action should be taken today, to which he replied that there was a very good chance that the bills introduced by Assemblyman Dolwig and Senator Collier would pass. The bill carries provision for a rollback which Mr. Brooks stated he did not favor.

Supervisor Mancuso asked Mr. Cleary if it was possible to pass a bill at the present session of the Legislature which would reflect a definite stand by the city, to which Mr. Cleary replied that he had no position in the matter, although all available data pointed to the selection of Army Street as the San Francisco terminus.

Supervisor Mancuso asked the Chair if, in the event Supervisor Christopher's resolution is voted upon, is Supervisor Lewis' committee report properly before the Board?

The Chair ruled that the matter would be before the Board.

Motion to Suspend the Rules—Lost.

The roll was thereupon called and Supervisor Christopher's motion to suspend the rules lost by the following vote:

Ayes: Supervisors Christopher, Ferdon, Lewis, MacPhee, Mancuso, McMurray, Mead—7.

Noes: Supervisors Arnold, Dobbs, Gallagher, Sullivan—4.

The Chair thereupon referred the measure to the County, State and National Affairs Committee.

The Chair now ruled that Supervisor Lewis' verbal report was before the Board.

Discussion.

Supervisor Lewis stated that he was proceeding pursuant to the provisions of Resolution No. 6484 (Series of 1939), wherein the special committee established by the measure was authorized to recommend policy with respect to any measure pending before the Legislature affecting the welfare of the city, and that unless the Board, by resolution, adopted a policy different from that recommended by the special committee, the policy of said special committee shall be that of the City and County of San Francisco, and the Legislative Representative and the members of the San Francisco delegation shall be apprized of said committee action.

Motion.

Supervisor MacPhee moved, seconded by Supervisor Christopher, that the Mayor be requested to call a meeting later on in the week and to discuss the pending subject with members of the Board of Supervisors, members of San Francisco's delegation to the Legislature, with the Chief Administrative Officer, Director of the Department of Public Works and our Legislative Representative, for the purpose of determining the city's stand with respect to its second bay crossing terminus.

Substitute Motion.

Supervisor Mancuso moved, as a substitute, that the Board of Supervisors go on record as approving the recommendation of the special legislative committee established by Resolution No. 6484 (Series of 1939), and that our representatives at Sacramento be authorized to carry out the recommendation of said special legislative committee. Motion seconded by Supervisor Gallagher.

Point of Order.

Supervisor MacPhee rose to a point of order, contending that the substitute motion is out of order.

The President ruled the point of order well taken.

At this point, Supervisor Lewis recited a portion of Resolution No. 6484 (Series of 1939) wherein the Legislative Representative is authorized to act on the recommendation of the special committee unless the Board of Supervisors adopted a resolution to the contrary.

Previous Question.

Supervisor MacPhee moved the previous question, whereupon the President ruled the substitute motion is properly before the Board.

Point of Order.

Supervisor Christopher rose to a point of order, contending that the recommendation of the special legislative committee must be in the form of a resolution and there is no such resolution at present before the Board. Supervisor Christopher contended further that to adopt Supervisor Mancuso's substitute motion would, in effect, adopt Supervisor Lewis' report.

Substitute Motion Withdrawn.

There being no objection, Supervisor Mancuso withdrew his substitute motion.

Motion Lost.

Thereupon the roll was called on Supervisor MacPhee's motion with the resultant vote:

Ayes: Supervisor's Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, McMurray, Mead, Sullivan—10.

No: Supervisor Mancuso—1.

Ruling of President.

The President ruled that the foregoing motion required unanimous approval for adoption and since it received a dissenting vote, it did not carry. The President, however, frankly admitted that he was not certain of his ground.

Reason for Negative Vote.

Supervisor Mancuso explained that his negative vote was predicated on the fact that a measure purporting to convey identical intention of the motion just defeated had been referred to committee, and that in the meantime he disliked taking action that might lead to adoption of a bill introduced by Senator Breed.

At this point, Don Cleary, Legislative Representative, asked for instructions, to which the President replied that he had no alternative but to rule that the only instructions that could be issued for the Legislative Representative was to accept the recommendations of the special legislative committee.

Motion—Withdrawn.

Supervisor Gallagher moved that Supervisor Lewis be authorized to go to Sacramento to represent the Board in connection with pending bills on the second bay crossing. Motion seconded by Supervisor Mancuso.

Supervisor MacPhee stated that he would vote against the motion.

Supervisor McMurray asserted that he would vote against any proposition about which he was not familiar.

There being no objection, Supervisor Gallagher withdrew his motion.

Record Expunged.

Supervisor Gallagher moved, seconded by Supervisor McMurray, that the record be expunged insofar as previous discussion on a terminus for a second bay crossing was concerned.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Motion to Refer Report to Committee.

Supervisor Arnold moved that the proposed recommendation of the Legislative Committee, of which Supervisor Lewis is a member, be referred to the County, State and National Affairs Committee, to meet on March 18, with the members of the special legislative committee, and that a recommendation be forthcoming from such joint hearing to be acted upon by the Board at a recessed meeting to be held on Wednesday, March 19, 1952, at 2 p. m.

Motion lost for want of a second.

Motion to Recess.

Supervisor Sullivan moved, seconded by Supervisor Ferdon, that the Board recess until 10 a. m., Saturday, March 22, 1952.

Substitute Motion.

Supervisor MacPhee moved, as a substitute, that the Mayor be requested to call a meeting during the week and invite thereto the members of the Board of Supervisors, the Chief Administrative Officer, the Director of the Department of Public Works, our Legislative Representatives and members of San Francisco's delegation to the Legislature, for the purpose of establishing a definite policy in regard to the city's second bay crossing terminus. Motion seconded by Supervisor Gallagher and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Presentation of Guests.

There being no objection, Supervisor Mancuso introduced four high school students, winners in recent oratorical contest conducted by the Northern California District of the National Forensic League. They were: Dick Kislitzin, Cynthia Stearns and Leland Levy, all from Lowell High School, and Lawrence Lujan from St. Ignatius High School.

Adopted.**Suspension of Rules.**

Supervisor Mancuso moved the suspension of the rules for the purpose of considering the following measure out of order. Motion seconded by Supervisor MacPhee, and there being no objection motion *carried*.

Commending Winners of Oratorical Contests Conducted by the Northern California District of the National Forensic League.

File No. 8803, Resolution No. 12101 (Series of 1939).

Motion to Adopt.

Supervisor Mancuso moved adoption of the foregoing measure; motion seconded by Supervisor MacPhee.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, MacPhee, Mancuso, McMurray, Mead, Sullivan—11.

Motion to Rescind Board Action Dealing With Salary Standardization.

There being no objection, Supervisor Gallagher informed the Board that it had come to his attention that through inadvertence, the position of E12, Line Inspector, should have been given a ten-dollar raise in the recent hearing on salary standardization due to the fact that the classification of Inspector had been given such a raise. Further, Supervisor Gallagher stated he was in receipt of a communication from Max Funke, Executive Secretary to the Mayor, wherein the Mayor had promised to take action on the question of whether to sign the salary standardization measure before the April 1 deadline, should the Board decide to rescind action at this time.

Thereupon Supervisor Gallagher moved, seconded by Supervisor Mancuso, that the Board rescind its action whereby it had, on March 10, 1952, passed the Salary Standardization Ordinance, designated as File No. 7846, to second reading.

Supervisor Mancuso asked whether such action, if approved by the Board, would jeopardize the measure and thus endanger the raises

for those employees for whom they were authorized, and Supervisor Gallagher stated that he had been assured by the Mayor's office that there would be no such danger.

Motion Withdrawn.

Supervisor McMurray suggested that consideration of the foregoing matter be taken up under Roll Call.

There being no objection, Supervisor Gallagher withdrew his motion.

Resumption of Consideration of File No. 8364 Relating to an Appropriation of \$28,850, Board of Supervisors, Municipal Government Survey Advisory Committee, for Contractual Services.

Supervisor Gallagher explained at length his objections to the approval of the above mentioned appropriation.

Motion to Insert Communication in Journal.

Supervisor Gallagher requested that his letter, dated March 3, 1952, with attachments, addressed to the Board of Supervisors, in which his objections to the above mentioned appropriation are outlined, be made part of the record.

No objection and motion carried.

Communication.

March 3, 1952.

To the Honorable
The Board of Supervisors
City Hall
San Francisco
Gentlemen:

Subject: Appropriation of \$28,850 to Continue Survey by National Records Management Council.

You are asked to appropriate the sum of \$28,850, to continue the survey by the National Records Management Council. Of this amount, \$3,500 is asked for training of personnel assigned to a records center and the balance of \$25,350 is for additional departmental surveys.

Let it be emphasized at the outset that there is no great urgency in connection with the proposal for this appropriation because the staff of the National Records Management Council is not now in San Francisco or presently available for the work contemplated, assuming that it were to be authorized.

On the other hand, in view of the fact that \$16,610.55 has already been expended upon this type of work, the results of which are, to say the least, controversial, it is prudent and in the public interest that, in connection with the initial project, all of the facts be divulged in order that you may pass intelligently upon the necessity and wisdom of providing further public funds for this type of endeavor.

Based upon past performance, as reflected in charges submitted by the National Records Management Council for work under the contract now in dispute, the sum of \$25,350 would be expended as follows:

| | | Salary | *Living Expense | Travel Expense |
|------------------------|----------|----------------|--------------------|-------------------|
| President and Director | 26 da. @ | \$100—\$ 2,600 | \$ 280 | \$ 981.47 |
| Resident Director | 89 da. @ | 80— 7,168 | 1,904 | 1,479.80 |
| Sr. Staff Member | 88 da. @ | 60— 5,292 | 2,352 | 1,477.70 |
| Staff Member | 19 da. @ | 60— 1,176 | | |
| | | <hr/> \$16,236 | <hr/> \$4,536 | <hr/> \$3,938.97 |

*Includes Saturdays, Sundays and holidays.

Please note that combined living and travel expense, for those who would be engaged in this work, totaling \$8,474.97, exceeds 50 per cent of the amount for actual per diem salaries.

Let us review this matter and isolate the real objective of the surveys for which this Board has already appropriated \$51,813.

OBJECT OF SURVEYS—BUDGET AND TAX REDUCTION

Resolution No. 10392 (Series of 1939), presented by Supervisor Christopher, provides as follows:

(Emphasis throughout, is added.)

"Whereas, The cost of City Government has risen in the past several years to an all-time high, compelling a tax rate of \$6.29 for the ensuing fiscal year; and

"Whereas, *It is imperative that in the interest of the City's progress, all unnecessary and overlapping expenditures be eliminated*, and that a rigid program of sound economy be initiated; now, therefore, be it

"Resolved, That this Board of Supervisors shall conduct a thorough survey of all City departments, based on the principals of the 'Hoover Commission,' and shall retain such counsel or experts as may be necessary to adequately determine the superfluous expenditures now being incurred, *with the purpose in mind of eliminating such expenditures from the budget and thus alleviating the tax load of the citizens of San Francisco*. The Commission to be appointed shall be selected by the Finance Committee subject to confirmation by the Board of Supervisors, the Mayor, and the Chief Administrative Officer."

(The foregoing resolution was adopted by the Board of Supervisors on October 2, 1950, and approved by the Mayor on October 12, 1950.)

On November 28, 1950, there was approved, Resolution No. 10574, as follows:

"CONFIRMING APPOINTMENTS TO MUNICIPAL GOVERNMENT SURVEY COMMISSION.

Resolution No. 10574

(Series of 1939)

"Whereas, This Board of Supervisors by its Resolution No. 10392 (Series of 1939), adopted on October 9, 1950, called for survey of all departments of local government *with the objective of eliminating unnecessary expenses and thereby reducing taxes*; and

"Whereas, Pursuant to the provisions of said resolution the members of a Municipal Government Survey Commission have been selected by the Finance Committee and have been confirmed by the Mayor, and the Chief Administrative Officer, said members being named as follows: N. Loyall McLaren, Chairman, Paul A. Bissinger, Francis J. Carr, Mrs. Lester L. Carter, Arthur J. Dolan, Jr., John W. Elwood, George W. Johns, Francis V. Keesling, Sr., Philip O'Rourke, Peter Weinberger, and J. Arthur Younger; now, therefore, be it

"Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby confirm the appointments to the Municipal Government Survey Advisory Commission shown hereinabove."

(The foregoing resolution was adopted by the Board of Supervisors on November 27, 1950, and approved by the Mayor on November 28, 1950.)

After the Municipal Government Survey Advisory Committee had been appointed and was functioning and at the time that its budget was before this Board for consideration, in 1951, the Advisory Committee addressed a letter to this Board, in which it is said in part:

"It is imperative that our Committee initiate a survey as quickly as possible if we are to assist the Board of Supervisors in attaining the desirable objective of adequately determining superfluous expenditures with the purpose in mind of eliminating such expenditures from the 1952-53 budget and thus alleviating the tax load of the citizens of San Francisco."

IT IS VERY PLAIN THAT THE MAIN OBJECTIVE OF THESE SURVEYS WAS TO REDUCE THE BUDGETS OF THE VARIOUS DEPARTMENTS AND TO REFLECT SUCH SAVINGS IN THE TAX RATE AND THIS COMMENCING WITH THE BUDGET FOR 1952-53.

In a letter addressed to me on February 1, 1952, Mr. McLaren says: "Appendix I of the the National Records Management Council Report for San Francisco summarizes actual and potential accomplishments in City Records Management and lists estimated *first year savings totaling \$190,119, if the projects are implemented by the proper authorities in the City government.* The projects enumerated and savings indicated have the concurrence of responsible people in the departments or agencies concerned."

Later in the same letter, Mr. McLaren says: "It is obvious that the savings as a result of released man-hours *will be reflected in the 1952-53 budget* by cutting overtime costs and reducing unit job-costs."

In letters addressed to the following officers, I asked these questions and received those responses indicated below:

1. "As soon as possible, will you please inform me whether or not the National Records Management Council designed a controlled record keeping system for your office or department or for any office or department under your jurisdiction; and if so will you please send to me a copy of such design and a copy of such manual or other instructions incident to such design as was furnished you by the National Records Management Council."
2. "As a result of such work as was recently done in your department or departments under your jurisdiction, by the National Records Management Council, will there be reflected in your departmental budget or the budget of any department under your jurisdiction, a reduction in the budget request of such department for the fiscal year 1952-53."

| | Design of Controlled Record Keeping System | Saving in 1952-53 Budget |
|------------------------------------|---|-----------------------------|
| Chief Administrative Officer | No response | No response |
| City Attorney | No | No savings |
| Civil Service | Don't know | \$100 |
| Controller | No | No savings |
| Finance and Records (County Clerk) | No | \$4,800* |
| Health Department | No | No savings |
| Mayor | No | No savings |
| Municipal Railway | No | No savings |
| School District | No | No savings |
| Supervisors | No | No savings |
| Water Department | No | \$200 |
| Welfare Department | No | No savings |
| Works Department | No | No savings |

*NOTE: It is not clear that the savings represented by Mr. Kline for Finance and Records (County Clerk) can be attributed to the National Records Management Council.

In his letter to Mr. Brooks, dated February 11, 1952, Mr. Kline says:

"Mr. Leahy at that time complimented the Department of Finance and Records on the 'good housekeeping' that was being done and *after the Council's contract was entered into, the Council did not make a study of record keeping in any office of Finance and Records.*"

In item 4, page 2, of the same letter, Mr. Kline says:

"As a result of my familiarity with the work the Council was doing in other departments, and as a result also of personal inspection of records centers of the Standard Oil Company of California and the Pacific Telephone and Telegraph Company, on which inspection tours I was taken by a representative of the Council, I had the County Clerk put into effect a program of destroying certain old probate records that were occupying considerable space in the basement of the City Hall, and using that space for the storage in Records Center Cardboard Cartons of records theretofore maintained in steel filing cabinets in the County Clerk's office. That program is being carried out and as a result the County Clerk's office has been able this year to get along without the purchase of new steel filing cabinets and we are requesting in next year's budget, only \$1,200 for filing cabinets. Formerly the County Clerk's office required \$3,000 to \$4,000 for new steel filing cabinets per year."

IT WILL BE SEEN THAT THERE IS A VERY DEFINITE DIFFERENCE OF OPINION AS TO WHAT WAS ACCOMPLISHED UNDER THIS SURVEY AS WELL AS TO WHAT SAVINGS, IF ANY, WILL RESULT. UNDER SUCH CIRCUMSTANCES, AND UNTIL THESE DIFFERENCES ARE RECONCILED, THIS BOARD CANNOT CONSCIENTIOUSLY APPROPRIATE FURTHER FUNDS FOR THIS TYPE OF ENDEAVOR.

It should be emphasized here again, that this survey was instituted to reflect *savings in the budget and the tax rate*. If the claims of the Advisory Committee, concerning savings, are true and if such savings are not accomplished by the departments involved, then those departments, by utilizing services for purposes other than what this Board designates, are usurping this Board's budget making powers.

MONDAY, MARCH 17, 1952

If the Public Welfare Department had 60 persons engaged in work relating to Old Age Pensions and their jurisdiction over that function were to be abrogated, certainly Mr. Born would not or could not be heard to say that he would keep all of those employees and distribute them to work in other divisions of his department, which, in his opinion were understaffed.

Although not concurred in by the departments surveyed under the contract, it is the present contention of the National Records Management Council that its work under the first contract referred to the control of accumulation of records in a department or office by setting up schedules for the period of their retention and ultimate disposition. This involves an inventory of all records in a particular department or office, an appraisal, securing required clearance and a scheduling for disposition. In this connection, the Council claims that patterns have been established as a result of their work and as you know, we have enacted legislation "Establishing a Records Management Program; Defining the Objectives, Scope and Administration of the Program; Authorizing the Donation of Books and Documents to the San Francisco Public Library and the California Historical Society and Repealing Ordinance No. 9141 New Series."

ALL OF THE INFORMATION RESULTING IN THESE DEVELOPMENTS COULD HAVE BEEN OBTAINED FOR NOTHING FROM THE STANDARD OIL COMPANY, THE TELEPHONE COMPANY OR SOME OTHER GOVERNMENTAL JURISDICTION.

How it is that one gets to be a department head without knowing what records he has under his jurisdiction and when they may be transferred or destroyed is a matter of utter astonishment to me. And why such department heads need outside "expert" impetus, at a cost of \$43,350, to perform the incidents of ordinary business routine is an equally intriguing poser.

That it was the intention of the Charter Installation Committee, as far back as 1931, that department heads should be cognizant of their responsibilities and duties in this connection, I direct your attention to Memorandum Reports Nos. 19 and 26, attached.

It is my conviction that when central storage facilities are available (and it seems they should have been long since) the city's officers and department heads will experience no difficulty, without "expert" advice, in determining which of their records may be transferred there for retention and ultimate destruction.

Your attention is directed to my letter to the Controller under date of February 25, 1952, and his response thereto, copies of which are attached, with particular reference to the statement of Mr. Ross concerning the conditions under which his office would accomplish the work for which this appropriation is proposed to be made.

Mr. Duckel, the Director of Public Works, has referred to the savings claimed by the National Records Management Council as "theoretical."

LET THEORETICAL SAVINGS BE ACCOMPLISHED WITH THEORETICAL APPROPRIATIONS.

I urge you to vote this measure down.

Respectfully,

DAN GALLAGHER
Chairman, Finance Committee

MAYOR'S COMMITTEE ON CHARTER INSTALLATION

San Francisco, California

October 1, 1931

Memorandum Report No. 19

DESTRUCTION OF DEPARTMENT RECORDS

The Mayor's Committee on Charter Installation recommends to the Mayor that he circularize all departments, asking for a report from each as to the type of department record now required to be kept and stored but which experience has shown there is little or no necessity for preserving for long periods of time—this information as a basis for proposed legislation authorizing, under proper safeguards, the destruction of unnecessary records.

In discussion of various accounting, timeroll and other departmental records, it has been brought out that under existing law, storage and preservation of these is required for long periods, although no use whatsoever is served by such preservation. Prior to drafting proposed legislation on the subject, this Committee feels it should have information that might be supplied by various departments on this subject.

Respectfully submitted,

Memorandum Report No. 26

DESTRUCTION OF DEPARTMENTAL RECORDS

The Mayor has requested that this Committee, in connection with the work assigned to it, to circularize all departments asking for a report from each as to the types of departmental records now required to be kept and stored, but which experience has shown there is little or no necessity for preserving for long periods of time. This information is required as a basis for proposed legislation authorizing, under proper safeguards, the destruction of unnecessary records after their current use and preservation.

In the discussion of various accounting matters, it has been brought out that under existing law, storage and preservation of accounting, timeroll, time-card and other departmental records is required for long periods, although no use whatsoever is served by such preservation.

It has also been brought out in this Committee's studies of office space requirements under the new charter, that a constantly growing percentage of valuable office space is being taken up by files of departmental records, papers and the like.

Prior to drafting proposed legislation on the subject, this Committee feels that it should have information that might be supplied by the various departments on this subject.

The Mayor, in requesting us to communicate directly with all

In an opinion of the City Attorney, numbered 511, dated February 18, 1952, it is said on page 2, presumably after a discussion of the subject with representatives of the National Records Management Council:

"Controller record keeping is a phrase originating with the Consulting Firm. It refers to the control of the accumulation of records in a department or office by setting up schedules for the period of their retention and ultimate disposition. Briefly the system involves an inventory of all records in a particular department or office, an appraisal, securing required clearance and a scheduling for disposition. These steps are outlined on page 7 of the report and detailed in Appendices II and III of the report. It is the contention of the Consulting Firm that they have installed the foregoing system in the Water Department and the Civil Service Commission where it is alleged complete inventories, appraisals and schedules have been established. They further contend that partial schedules have been established in other departments and offices mentioned in the report and that from these partial surveys the system can be readily adapted by the department or office to all of their records by use of the formula set forth in the report." . . .

With the objectives of the work as now represented; with patterns established and other basic information available and procedures established as referred to in the report and in Ordinance No. 7070 (Series of 1939) and with the same departmental cooperation afforded the National Records Management Council:

1. Under your direction, can representatives of your department continue the work commenced by the National Records Management Council?
2. To what extent can you complete the objectives of the National Records Management Council in this endeavor, as now represented?
3. For so much of the work referred to, if any, as can be accomplished by your department, how much money will be required?

It will be appreciated if I may have your reply to this letter sometime prior to March 3, 1952.

Yours truly,

DAN GALLAGHER

Chairman, Finance Committee

Discussion.

Supervisor Mancuso stated that he was well pleased with the work performed by the National Records Management Council and that approval of the appropriation of \$28,850 would eventually result in substantial savings to the city.

Supervisor Lewis stated that he was satisfied with the work performed by the Council and that he was convinced that if the department heads carry out the recommendations made, substantial savings will be effected. He intended to vote for the appropriation and felt that it was the responsibility of each department head to cooperate fully.

Supervisor Lewis then proceeded to mention that he favored setting up a separate department through the medium of a Charter amendment, whose function it shall be to see that recommendations such as those proposed by the Management Council were put into effect by those departments which had been surveyed.

Privilege of the Floor.

The privilege of the floor was accorded N. Loyall McLaren, Chairman of the Government Survey Advisory Committee, who stated that if the requested appropriation had been approved several months ago when it was first presented, he felt certain that substantial savings would be effected in the 1952-53 budget.

OFF-CALENDAR LEGISLATION.

Motion to Rescind Action on Salary Standardization Ordinance.

Supervisor Gallagher moved, seconded by Supervisor Mancuso, that the Board rescind its action whereby it had passed for second reading File No. 7846, commonly known as the Salary Standardization Ordinance.

Supervisor Gallagher explained that his intention to rescind was motivated by the fact that the classification of E2, Line Inspector, had not, through inadvertence been given a ten-dollar raise which had been accorded to the classification of Inspector. Further, he desired to approve the recommendation of the Civil Service Commission for a \$25 increase in the range of classification of G59.1, Supervisor of Wage Schedules and Classifications, which position is currently being held by Mrs. Katherine Dolen.

Supervisor Mancuso again wanted to be assured that the Board's rescission of its previous action would not jeopardize the increases approved for other city employees. Deputy City Attorney Walker Peddicord, in analyzing the contents of the letter received from Max Funke, Executive Secretary to the Mayor, assured Supervisor Mancuso that if the Board decided to rescind its action and vote on the recommendations of Supervisor Gallagher, it could do so without jeopardy to other employees involved.

Supervisor Christopher took exception to the manner in which Supervisor Gallagher attempted to rescind Board action on the salary standardization ordinance, feeling that he, as a member of the Finance Committee, should have been apprized earlier of such intention.

Supervisor Gallagher stated he was not presenting the matter as a recommendation of the Finance Committee but as an individual Supervisor.

The President ruled the matter properly before the Board as it was the prerogative of any member to present any measure he so desired.

Supervisor Arnold asked Deputy City Attorney Walker Peddicord if rescission would reopen the entire subject of salary standardization, and if such a possibility existed, he would vote against the motion offered by Supervisor Gallagher.

Mr. Peddicord ruled that if the Board voted for rescission, the matter would then be in the status as it was prior to being passed for second reading.

Privilege of the Floor.

There being no objection, the privilege of the floor was accorded to Mr. Charles Foehn, representing the Electrical Union, who spoke in support of the proposed ten-dollar increase for classification E2, Line Inspector.

Supervisor Christopher stated that he had no objection to opening up the salary standardization question if it would take care of the E2, Line Inspector classification which was omitted unintentionally, but if other classifications are involved, he would be compelled to sit all night and consider many other classifications which he believed could be given additional increases.

Supervisor Christopher contended that reopening the salary question would establish a bad precedent which should be avoided, if at all possible.

Supervisor Mancuso declared that he intended to vote for rescission and likewise vote for an increase for the position held by Mrs. Dolen.

Supervisor MacPhee stated he had been on the Board for ten years and never had the Board, during that period of time, voted to reopen the salary standardization question once it had been passed for second reading.

Motion Lost.

Thereupon the roll was called on Supervisor Gallagher's motion and it lost by the following vote:

Ayes: Supervisors Gallagher, Mancuso, McMurray, Mead, Sullivan—5.

Noes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Lewis, MacPhee—6.

Motion to Rescind Previous Action Taken in Connection With Meeting Proposed for Purpose of Determining Policy Relating to San Francisco Terminus of Second Bay Crossing.

Poll Relative Attendance at Meeting of California State Park Commission.

The Clerk polled the members to determine who would attend the meeting of the California State Park Commission, Friday, March 21st, State Building, San Francisco, 10:00 a. m. Supervisor Gallagher indicated that he would be in attendance.

Second Bay Crossing.

Supervisor Lewis explained that the Dolwig bill had received the recommendation of the committee in the House and had been sent to the floor of the Assembly. That the Collier bill would be heard in the Senate Committee on Monday night.

Supervisor Lewis further stated that the Dolwig bill contained the objectionable feature that maintenance would be paid from tolls while the Collier bill provided that maintenance should be paid from state highway funds. He said that he was of the opinion that the Board should support the Collier bill and oppose the Dolwig bill.

Privilege of the Floor.

Supervisor Lewis moved the privilege of the floor for Mr. George Cameron.

No objection and motion *carried*.

Prior to Mr. Cameron's speaking, Supervisor Mancuso, seconded by Supervisor Gallagher, moved that Supervisor Lewis and the President of the Board be authorized to attend the meeting in Sacramento on Monday night on behalf of San Francisco in support of the Collier bill and take whatever action necessary to protect the interests of the City; provided that funds are available.

Supervisor Gallagher suggested that the Supervisors should be permitted to take such technical men as they deem necessary.

Supervisor Mancuso accepted the suggestion and it was considered as being incorporated in the motion.

Supervisor MacPhee, seconded by Supervisor Dobbs, moved temporary postponement of the motion pending hearing from Mr. Cameron.

No objection and motion *carried*.

Mr. Cameron remarked that it was his opinion that any additional crossing should be constructed at Candlestick Point for the following reasons: Less expensive, more accessible to vehicular traffic since two freeways will be constructed in this area, faster flow of traffic on the crossing itself and the unwillingness of the Navy to permit construction that would hinder free access to Hunter's Point.

Supervisor Gallagher moved the privilege of the floor for Mr. George Johns.

No objection and motion *carried*.

Mr. Johns explained the feelings of the Labor Council that any additional crossing should be constructed at Candlestick Point because it was of vital importance that trains be brought into San Francisco, and the difference in cost of construction as compared to a Hunters Point site. He further stated that the Council was willing to compromise on the site location if it would be south of Hunters Point, and that the Board should leave the selection of the site to the Joint Army and Navy Board.

Supervisor Lewis in reply to a query of Supervisor Gallagher relative to site selection stated that both the Dolwig and Collier bills provide that the site selection should be left to the determination of the Joint Army and Navy Board.

Supervisor Gallagher remarked that he believed that the Board should go on record similar to what has tried to be accomplished in both the Dolwig and Collier bills.

Supervisor Lewis explained that the recommendations of the Special Legislative Committee were the recommendations of the City unless the Board changes them. That the reason the committee considered only the Dolwig bill was because the Collier bill was not in print.

Supervisor Lewis then presented the following recommendations of the Special Legislative Committee:

The committee approved the Dolwig bill with the following reservations and recommendations to Mr. Cleary, San Francisco Legislative Representative:

1. The committee was opposed to the roll-back of \$13,000,000 but were advised that it would be impossible to secure legislation for another crossing over San Francisco Bay unless this \$13,000,000 was returned to the northern counties in District No. 1. The committee recommended that Mr. Cleary attempt to compromise by reducing the figure of \$13,000,000.

2. That an amendment to the bill should provide that this roll-back should apply in the future to all vehicular crossings over navigable waters, and also to the expense of maintaining and operating express freeways as compared to ordinary state roads throughout the entire State of California.

3. That the bill should not specify any particular type of crossing but that the type of crossing should be left to the approval of the authorized Army and Navy officials.

4. That the bill should be further amended to provide that in the future, only insurance and operation costs of the crossing be paid out of tolls, and that maintenance continue to be paid from the State Gas Tax funds. If this amendment is not made, the new crossing will have tolls forever and a day. It was the thought of the committee that vehicular crossings should be toll free as soon as possible the same as other state highways and freeways. It was further agreed that if this amendment could not be secured then Mr. Cleary should report this fact to the committee and it should then be decided in the light of that circumstance whether San Francisco desired to support the Dolwig legislation.

Supervisor Mancuso, seconded by Supervisor Gallagher, moved that Supervisor Lewis, as Chairman of the County, State and National Affairs Committee and as a member of the Special Legislative Committee, and Supervisor Mead, as President of the Board, be authorized to proceed to Sacramento on Monday, March 24, 1952, and to represent this Board in support of the Dolwig and Collier bills relating to a Second Bay Crossing with such amendments as can be obtained to reflect the recommendations of the Special Legislative Committee; and further, that the Special Legislative Committee be authorized to designate, to accompany Supervisors Mead and Lewis to Sacramento, such technical assistants from among municipal officers and personnel as the committee deems necessary to assist in such endeavor; provided funds are available for the purpose.

Supervisor Christopher inquired as to whether or not it would hurt the chances of the City if the Board were to specify a land-filled crossing.

Supervisor Lewis answered that it would be better to get the bill passed and then petition the Army and Navy Board to again consider the question of type of crossing.

The roll was called and the motion was carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Gallagher, Lewis, Mancuso, McMurray, Mead—9.

Absent: Supervisors MacPhee, Sullivan—2.

Presentation of Newly Appointed Supervisor.

The President of the Board called upon Supervisor Arnold to present the newly-appointed member of the Board of Supervisors, the Honorable Francis McCarty.

Supervisor Arnold: The Mayor is to be congratulated in selecting Francis McCarty because I know he possesses all of the attributes, character and intelligence to serve the people faithfully and well. I am pleased to welcome Francis McCarty as a new member of the Board.

Supervisor McCarty: It is with a great deal of pleasure that I join with you today and I am confident that my attempts to fulfill the duties of this office will have the full cooperation of all of the members of the Board. I am fortunate in knowing all of you before I came here and I know that I can look to any one of you to give me aid and advice whenever I am in need. I am, of course, deeply grateful to the Mayor for being permitted to serve on this honorable Board. I hope with all the sincerity I possess to justify the confidence he has placed in me. I come on the Board with no commitments of any kind or character. My only hope will be to do the best job I can for the people of the City and County of San Francisco.

President Mead: I might say that I am quite happy to have you with us. I am sure you will find the work interesting. I am likewise so positive that it will take an exceptional amount of your time. We expect all of the members of the Board to devote a lot of their time to city government because they accepted that responsibility.

I have lost, as President, and you have lost as a colleague, one of the Board's most outstanding members, a man who has devoted a great deal of his time to the city and away from his private business. I am terribly sorry to have suffered the loss of this gentleman; however, I am exceptionally happy, as I know all of the members are, to note the appointment of the gentleman who needs no introduction, as Sheriff. It just couldn't happen to a finer fellow. I am deeply pleased and I am sure all of my colleagues are.

Dan Gallagher: Mr. President and members of the Board, I sincerely appreciate the kind remarks of your President. It was one of the best tributes I have ever received during my public life. I feel somewhat like the young student who is graduating from school and has been made valedictorian of his class. Today, to a degree, after hearing from the President, I have a feeling of butterflies in my stomach. In my humble capacity of Supervisor, it has been my pleasure to serve with the most outstanding men of the community, and I hope that I will have the honor and privilege of retaining their friendship. I am happy that the Mayor saw fit to appoint me as Sheriff. To him, I am deeply grateful. It is an honor to enjoy the friendship of all of the members of the Board, and to Francis McCarty, I wish him the best of success and I know that he will do a good job. Thank you very, very much.

The President called upon Supervisor MacPhee to respond.

Supervisor MacPhee: Mr. President, I consider it a privilege to respond. Dan Gallagher and I were colleagues ever since we ran for office together. My intention originally to have the position of Sheriff consolidated with the County Clerk's office and Police Department was discussed before Gallagher was appointed, and this is being said to clarify the atmosphere. I have worked with Dan for the past ten years. I am convinced he will bring to the Sheriff's office the same analysis of legislative policy, and in the same manner in which he has fought for economy in city government. He is a worthy successor to capable Dan Murphy. I am convinced that Dan Gallagher, in leaving this Board, has left behind him an excellent record

of service to the community. On behalf of all of the members, I wish him good luck, Godspeed and may God bless him.

The President then informed the Board that for the time being he was making only partial appointments to committees, and proceeded to appoint Supervisor Arnold as Chairman of the Finance Committee; and Supervisor McCarty as a member thereof, and that selections on other committees would be made at a later date.

Consideration of Subject of Second Bay Crossing Terminus. Suspension of Rules.

Supervisor Lewis moved, seconded by Supervisor Sullivan, that the rules be suspended for the purpose of considering the subject of a second bay crossing terminus, out of order.

No objection and motion carried.

Supervisor Lewis stated that the Special Legislative Committee, appointed pursuant to the provisions of Resolution No. 6484 (Series of 1939), met in the office of the Chief Administrative Officer this morning and brought forth the following recommendations:

1. The committee was opposed to the provision in the proposed measure which would place an obligation against tolls in the sum of \$13,411,875, representing monies expended from highway funds for the maintenance, operation and insurance of the bridge. If, however, the passage of the measure is contingent upon such an inclusion, then Mr. Cleary is to seek a compromise which will reduce the amount. Mr. Cleary is to report such compromise to the committee for its further consideration.

2. The committee was opposed to maintenance of the bridges in the future being a charge against tolls. Mr. Cleary is to try to have this deleted from the proposed measure, but if this is not possible then Mr. Cleary is to seek an amendment which will provide that the amount to be paid from tolls will be only the cost of maintenance in excess of the highest highway maintenance cost per mile; provided, however, that whatever provision in this connection remains in the measure, such provision be made applicable to all toll roads, highways, freeways, expressways, bridges, etc., throughout the state.

3. The committee recommends that Section 30653 be amended to provide for a low level crossing.

4. The committee recommends that the second paragraph of Section 30653 relating to alternate crossings be eliminated.

Discussion.

Supervisor Lewis stated that it was the majority feeling of the committee that in view of recommendations contained in the city's Master Plan and in the Joint Army-Navy Board report, Army Street location was the logical one. It was felt that if the alternate location plan was adopted, and should the Army Street site be rejected, the choice of selections would be left in the hands of the Toll Bridge Authority and this might work to the disadvantage of the city and county.

Supervisor Lewis stated that the City Attorney voted for the alternate plan, feeling that if the Army Street site were rejected it might be necessary for the city to go back to the Legislature with a brand new bill, which might encounter difficulty of passage. The majority of the committee felt, however, that this would not be the case.

Privilege of the Floor.

The privilege of the floor was extended to Dion R. Holm, City Attorney, who explained why he voted for the alternate site plan.

Motion.

Supervisor Mancuso moved, seconded by Supervisor Arnold, that the motion which he had heretofore made in the recessed meeting of the Board on Thursday, March 20, 1952, and reading as follows:

"Supervisor Mancuso, seconded by Supervisor Gallagher, moved that Supervisor Lewis, as Chairman of the County, State and National Affairs Committee and as a member of the Special Legislative Committee, and Supervisor Mead, as President of the Board, be authorized to proceed to Sacramento on Monday, March 24, 1952, and to represent this Board in support of the Dolwig and Collier bills relating to a second bay crossing, with such amendments as can be obtained, to reflect the recommendations of the Special Legislative Committee; and further, that the Special Legislative Committee be authorized to designate, to accompany Supervisors Mead and Lewis to Sacramento, such technical assistants from among municipal officers and personnel, as the Committee deems necessary to assist in such endeavor, provided funds are available for the purpose."

Recommendations of Special Legislative Committee.

The recommendations of the Special Legislative Committee mentioned in the foregoing motion are as follows:

"The Committee approved the Dolwig Bill with the following reservations and recommendations to Mr. Cleary, San Francisco Legislative Representative:

1. The Committee was opposed to the roll-back of \$13,000,000 but were advised that it would be impossible to secure legislation for another crossing over San Francisco Bay unless this \$13,000,000 was returned to the northern counties in District No. 1. The Committee recommended that Mr. Cleary attempt to compromise by reducing the figure of \$13,000,000.
2. That an amendment to the bill should provide that this roll-back should apply in the future to all vehicular crossings over navigable waters, and also to the expense of maintaining and operating express freeways as compared to ordinary state roads throughout the entire State of California.
3. That the bill should not specify any particular type of crossing but that the type of crossing should be left to the approval of the authorized Army and Navy officials.
4. That the bill should be further amended to provide that in the future, only insurance and operation costs of the crossing be paid out of tolls, and that maintenance continue to be paid from the state gas tax funds. If this amendment is not made, the new crossing will have tolls forever and a day. It was the thought of the Committee that vehicular crossings should be toll free as soon as possible the same as other state highways and freeways. It was further agreed that if this amendment could not be secured, then Mr. Cleary should report this fact to the Committee and it should then be decided in the light of that circumstance whether San Francisco desired to support the Dolwig legislation."

be further supplemented by the recommendations contained in the report of the Special Legislative Committee, rendered March 24, 1952, and reading as follows:

"Recommendation of Legislative Committee
Board of Supervisors' Resolution No. 6484
Senate Bill No. 9

- "1. The committee was opposed to the provision in the proposed measure which would place an obligation against tolls in the sum of \$13,411,875, representing monies expended from highway funds for the maintenance, operation and insurance of the bridge. If, however, the passage of the measure is contingent upon such an inclusion, then Mr. Cleary is to seek a compromise which will reduce the amount. Mr. Cleary is to report such compromise to the committee for its further consideration.
- "2. The committee was opposed to maintenance of the bridges in the future being a charge against tolls. Mr. Cleary is to try to have this deleted from the proposed measure, but if this is not possible then Mr. Cleary is to seek an amendment which will provide that the amount to be paid from tolls will be only the cost of maintenance in excess of the highest highway maintenance cost per mile, provided however, that whatever provision in this connection remains in the measure such provision be made applicable to all toll roads, highways, freeways, expressways, bridges, etc., throughout the state.
- "3. The committee recommends that Section 30653 be amended to provide for a low level crossing.
- "4. The committee recommends that the second paragraph of Section 30653 relating to alternate crossings be eliminated."

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, McCarty, McMurray, Mead, Sullivan—11.

Supervisor Lewis expressed the opinion that the foregoing amendments should not be presented at the state legislative committee hearing tonight, but that the Board should rely upon the experience of Legislative Representative Don Cleary as to the method of procedure.

Supervisor Ferdon asserted that both Supervisors Lewis and Mead should reach their own decisions instead of relying solely upon those recommended by Don Cleary.

The President assured the Board members that he and Supervisor Lewis will attempt to use good judgment.

Presentation of Procedural Amendments.

Supervisor Ferdon informed the Board that the following procedural amendments had been approved by his committee and awaited Board ratification:

1. Change "Sec. 35.5.1" to "Section 35.5.1."

2. Change "Sec. 36.2" to "Section 36.2."

3. In Section 35.5.1 (at top of page 4 of joint proposal) add to the paragraph commencing "For all purposes of the retirement system, the first adjustment of rates, etc." the following language, after changing the period to a comma, to-wit:

"and the annual compensations set forth in section 35.5 shall be the rates of compensation for said retirement purposes for the period from the beginning of the fiscal year 1952-1953 through said month."

4. In Section 36.2 (at bottom of page 6 of the joint proposal) add to the paragraph commencing "for all purposes of the retirement system, the first adjustment of rates, etc." the following language, after changing the period to a comma, to-wit: "and the annual compensations set forth in section 36 shall be the rates of compensation for said retirement purposes for the period from the beginning of the fiscal year 1952-1953 through said month."

Thereupon Supervisor Ferdon moved adoption of the foregoing amendments; motion seconded by Supervisor Sullivan.

Communication.

Supervisor Ferdon read a communication addressed to Supervisor Dobbs from Lloyd Graybiel, Chairman of the Charter Revision Committee, containing a summary of the oral presentation made before the meeting of the Judiciary Committee on Thursday, March 27th, prescribing the method of fixing salaries of members of the Police and Fire Departments.

Point Raised.

Supervisor McCarty singled out a passage from the letter read by Supervisor Ferdon and reading as follows: "The survey will give the Board information as to going rates of pay for these services, but in no event shall the Board set salaries for fourth year of service policemen or firemen higher than the highest rate paid men in these respective services in any of said cities."

It was the contention of Supervisor McCarty that if the Charter amendment were drawn so that it would not set salaries for fourth-year men at a rate higher than the highest rate paid men in *any* of said cities, then the Board might be restricted to the lowest salary as among such cities.

Supervisor Ferdon expressed the opinion that it was the intention of the Judiciary Committee to have the city pay the highest rate being paid by any of the cities having a population of 100,000 or more.

Supervisor Ferdon suggested that a letter be addressed to Mr. Graybiel asking for his understanding in the matter and whether his thinking and that of the Charter Revision Committee coincided with the views of the Judiciary Committee.

The Clerk, accordingly was instructed to communicate with Mr. Graybiel.

Statement by Supervisor Arnold.

Supervisor Arnold stated that he was not in accord with the views expressed by Mr. Graybiel with respect to method of compensating policemen and firemen.

Communication Filed.

There being no objection, the communication from Mr. Graybiel was ordered filed.

Amendments Adopted.

Ayes: Supervisors Arnold, Christopher, Ferdon, Lewis, MacPhee, Mancuso, McCarty, McMurray, Mead, Sullivan—10.

Absent: Supervisor Dobbs—1.

The roll was then called on the foregoing Charter amendment, as amended, and it was *ordered submitted* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Lewis, MacPhee, Mancuso, McCarty, McMurray, Mead, Sullivan—10.

Absent: Supervisor Dobbs—1.

\$3,500,000—Firehouse Bonds.

File No. 8862-1, Ordinance No. . . . (Series of 1939).

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, June 3, 1952, for the purpose of submitting to the voters of the City and County of San Francisco a proposition to incur a bonded debt of the City and County to the amount of \$3,500,000, for the acquisition, construction and completion by the City and County of San Francisco of the following municipal improvement, to-wit: The acquisition of lands and the improvement thereof by the construction of firehouses thereon and the reconstruction of existing firehouses, and all other

works, properties or structures necessary or convenient for the construction and reconstruction of firehouses, all within the City and County of San Francisco, and that the estimated cost to the City and County of San Francisco of said municipal improvement is and will be too great to be paid out of the ordinary annual income and revenue of the City and County of San Francisco; all in order to do and perform any and all of the matters hereinabove referred to for the acquisition, construction, completion and reconstruction of firehouses within the City and County, together with their appurtenances; providing payment of interest of said bonds and the levy and collection of taxes to pay both principal and interest thereof and prescribing notice to be given of such election.

Discussion.

Supervisor Christopher asserted that he did not believe it sound to permit the submission of the foregoing bond issue on the June 3 special election because at that time the people are being asked to approve a Charter amendment establishing a basis for compensating policemen and firemen, and the submission of such bond issue might jeopardize passage of the Charter amendment.

Privilege of the Floor.

The privilege of the floor was accorded Edward P. Walsh, Chief Engineer of the Fire Department, who reminded the Board that many of the present firehouses are in a very sorry state and in case of a catastrophe, they would prove to be death traps. He thereupon reiterated his request that the bond issue be submitted to the electorate at the June 3 election.

Supervisor Mancuso shared the opinion expressed by Supervisor Christopher and added that he believed the matter could be submitted at the November election.

Motion to Re-refer.

Supervisor Christopher thereupon moved, seconded by Supervisor Mancuso, that the foregoing measure be re-referred to the Finance Committee.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Mancuso, McCarty, Mead, Sullivan—7.

Noes: Supervisors Lewis, McMurray—2.

Absent: Supervisors Dobbs, MacPhee—2.

Passage for Second Reading.

| Light, Heat and Power | 500) |

(Proposed amendment is as follows:

Delete sum of \$3,600 allocated for contractual services, and reduce total appropriation from \$17,600 to \$14,000.)

Discussion.

The Chief Administrative Officer supplied the members of the Board with additional information relating to the necessity of approving the requested appropriation of \$17,600 in its entirety.

Motion to "Pass as Recommended."

Supervisor Arnold moved that the foregoing measure be finally passed as recommended, i.e., delete the sum of \$3,600 allocated for Contractual Services, and reduce the appropriation from \$17,600 to \$14,000.

Motion lost for want of a second.

Motion to Amend.

Supervisor McCarty moved that the sum of \$3,600 allocated for Contractual Services be reduced to \$3,080, thus effecting a reduction in the requested appropriation from \$17,600 to \$17,080. Motion seconded by Supervisor Christopher and *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Lewis, Mancuso, McCarty, McMurray, Mead, Sullivan—8.

No: Supervisor Ferdon—1.

Absent: Supervisors Dobbs, MacPhee—2.

The roll was thereupon called on the measure, as amended, and it was *finally passed* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Lewis, Mancuso, McCarty, McMurray, Mead, Sullivan—9.

Absent: Supervisors Dobbs, MacPhee—2.

Adopted.

The following measures from Finance Committee, without recommendation, were taken up:

Present: Supervisors Arnold, Christopher, McCarty.

Approving Amendatory Contract Amending Contract for an Advance of Funds Between the Redevelopment Agency of the City and County of San Francisco and the Housing and Home Finance Agency of the United States.

File No. 8849-1, Resolution No. 12160 (Series of 1939).

Communication.

The Clerk presented a communication from the Redevelopment Agency submitting additional data in connection with its request for approval of the foregoing measure.

Discussion.

Supervisor Christopher stated he disliked approving expenditure of funds on projects which, up to the present moment, have shown no tangible results. He felt that the Redevelopment Agency should not follow its present policy of jumping from project to project but that it should pursue a policy of adopting, say, two projects and not proceed to others until they have been completed.

Privilege of the Floor.

The privilege of the floor was extended to Mr. James E. Lash, Director of the Redevelopment Agency, who stated that unless the foregoing measure was approved, he would not be able to meet the April 15 payroll.

Supervisor Mancuso asked when work is expected to begin in the Western Addition, and Mr. Lash replied that it would take about two more years before the work of purchasing the property and tearing it down would start.

Mr. Lash suggested that the members of the Board visit his office for the purpose of acquainting themselves with the magnitude of the duties of his office and the requirements imposed by state law.

Supervisor Arnold asked Mr. Lash if approval of the subject measure as well as the measure approving Requisition No. 7 and Certificate of Purposes, appearing next on the calendar, would obligate the Board in any way. Mr. Lash replied in the negative.

Request for Detailed Statement.

Supervisor Christopher requested that he be furnished with a detailed analysis of moneys spent on redevelopment projects other

than Diamond Heights and the Western Addition. Mr. Lash stated that he would be happy to supply the Supervisor with the information desired.

Roll Call.

Thereupon the roll was called and the foregoing measure was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Lewis, Mancuso, McCarty, Mead, Sullivan—8.

No: Supervisor McMurray—1.

Absent: Supervisors Dobbs, MacPhee—2.

Reference to Committee.

The following recommendations of Public Buildings, Lands and City Planning Committee were taken up:

Present: Supervisors Mancuso, Lewis.

Declaring It to Be the Policy of the Board of Supervisors of the City and County of San Francisco That the Recreation and Park Commission Shall Make Application to the Regional Director of the National Park Service of the Federal Government for the Acquisition of Angel Island Under a Special Use Permit for the Purpose of Ascertaining Whether Public Usage Demands the Acquisition of Angel Island and Whether or not a Financially Responsible Concessionaire Can Be Obtained to Operate Said Island.

File No. 7660, Resolution No. . . . (Series of 1939).

Motion to Re-refer.

Supervisor Ferdon moved that the foregoing measure be re-referred to committee so that certain interested parties who did not have the opportunity of appearing before committee, may do so. Motion seconded by Supervisor Sullivan.

Discussion.

Supervisor Mancuso informed the Board that the House of Representatives had already passed H.R. 3166, which provided that Angel Island may be sold to private enterprise, and if the Senate passes the measure the opportunity for San Francisco to obtain the island for recreational purposes will be lost.

Supervisor Ferdon stated he could not see why private enterprise should be precluded from purchasing the island and that he did not believe a delay would preclude the city from acquiring the island if it thought it feasible so to do.

Supervisor Lewis spoke in favor of the measure.

Supervisor Christopher felt that to adopt the measure would commit the Board to very sizeable expenditures, and before voting on it he wanted to get a complete picture from the Chief Administrative Officer and from the Recreation and Park Commission.

Privilege of the Floor.

The privilege of the floor was extended to Louis Sutter of the Recreation and Park Commission, who stated that it was not the intention of his Commission to take over Angel Island permanently for the purpose of maintaining it, at city's expense, as a recreational area, but it did approve of a one-year's trial period and a budgetary

item of \$18,000 for custodial care of the island, and during the interim efforts would be made to obtain a concessionaire who would be willing to run the island, the city to be reimbursed and absolved from any and all expense in connection with the maintenance of said island, and at the same time, the moneys received from the concessionaire would be applied toward the purchase price of some \$190,000.

The Chief Administrative Officer stated it would be necessary to spend some \$300,000 for the installation of a sewage treatment plant and other facilities; about \$80,000 a year to maintain fire department facilities, and additional expense to put the buildings into proper shape. The Board should give the matter very, very careful thought before any policy is adopted.

Reference to Committee.

Supervisor Mancuso stated that he believed that no good could come of the matter again being referred to the Public Buildings, Lands and City Planning Committee, and suggested that it be referred to another committee. He accordingly moved reference of the pending measure to the Education, Parks and Recreation Committee. Motion seconded by Supervisor Christopher and carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Lewis, Mancuso, McCarty, McMurray, Mead, Sullivan—9.

Absent: Supervisors Dobbs, MacPhee—2.

Suggesting That Federal Authorities Be Petitioned to Delay Action on Legislation Permitting Private Enterprise Opportunity of Acquiring Angel Island.

Supervisor Mancuso requested that the Clerk of the Board, on behalf of the Board, address a communication to the California Senators in Congress, petitioning them to lend their efforts in delaying action on pending legislation which would permit acquisition of Angel Island by private interests, so that such delay may permit of additional study by the City and County of San Francisco as to the feasibility and advisability of acquiring Angel Island for recreational purposes.

The Clerk was instructed to put the foregoing request into the form of a resolution which would be presented under Roll Call.

Rehabilitation of Palace of Fine Arts.

Suspension of Rules.

Supervisor Lewis moved the suspension of the rules for the purpose of hearing from a representative of the Marina Merchants Association on the matter of rehabilitating the Palace of Fine Arts. Motion seconded by Supervisor Sullivan.

No objection and motion carried.

Privilege of the Floor.

The privilege of the floor was extended to Thomas D. Spears, representing the Marina Merchants Association, who informed the Board that if a committee were appointed by the city, certain contractors and labor men would be willing to rehabilitate the Palace of Fine Arts without cost to the city.

Supervisor Arnold asked Deputy City Attorney Walker Peddicord if the city could, in any manner, be responsible for the work or for any expenses attached to the work, if such expenses were incurred and payment not made by the committee proposed to be formed.

Mr. Peddicord replied to the effect that the work on city property must be performed according to procedure established by local laws, and that the proposed committee could only act in an advisory capacity and could not exercise any powers belonging to the municipality.

Supervisor Arnold inquired if the city would be liable in the event a person or persons were injured during the work of rehabilitation. Mr. Peddicord replied that if permission were granted to do the work, the question of indemnification would have to be taken care of.

Supervisor Arnold asked if the cost of preparing plans and specifications would be borne by the city, to which Supervisor Lewis replied that there would be absolutely no cost to the city.

Supervisor Mancuso suggested that the matter be referred to committee for complete study.

Supervisor MacPhee stated that he believed that those who have indicated their intention to rehabilitate the Palace of Fine Arts without cost to the city should be highly commended; however, he felt that the measure should first be heard in committee.

Resolution Presented.

Supervisor Lewis presented the following measure:

Requesting Mayor to Appoint Citizens' Committee to Assist in the Preparation of Plans and Specifications for the Rehabilitation of the Palace of Fine Arts, Without Cost to the City.

File No. 8922, Resolution No. . . . (Series of 1939).

Supervisor Lewis moved adoption of the foregoing measure; motion seconded by Supervisor Sullivan.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Lewis, MacPhee, Mancuso, McCarty, McMurray, Mead, Sullivan—10.

Absent: Supervisor Dobbs—1.

Suspension of Rules.

Supervisor Christopher moved the suspension of the rules for the purpose of considering the foregoing recommendation of the Finance Committee, Supervisor Christopher dissenting, out of order. Motion seconded by Supervisor Mancuso, and there being no objection, motion *carried*.

Providing for the Temporary Leasing of Certain City-Owned Property for Parking Purposes, Located East of St. Mary's Square.

File No. 8871, Ordinance No. . . . (Series of 1939).

(Bids will be called for on the basis of the tenant's making a minimum of \$8,500 on the property at his own expense, supported by a performance bond; the rental to be \$1.00 for the first month during which month such improvements are to be completed; the rental for the following seven-month period to be a minimum of \$100 per month, with the successful bidder amortizing the cost of said improvements over said period of seven months; commencing with the ninth month, on a month-to-month tenancy, the city to obtain a percentage of the gross revenue with a \$1,000 per month guaranteed minimum.)

Privilege of the Floor.

The privilege of the floor was extended to Mr. Albert Jacobs, President of the Parking Authority, who answered questions.

Supervisor Mancuso expressed the opinion that the Parking Authority should operate the property at reasonable rates instead of leasing it to private interests.

Amendment.

Supervisor Christopher moved that the explanation above be amended to provide that after the following language: ". . . a minimum of . . ." add the following: "Change \$100 to read \$1,000" and continue with ". . . or percentage of the gross, whichever is greater." Motion seconded by Supervisor Arnold.

The Clerk informed the Supervisor that the explanation which he was amending was not actually a part of the measure, but merely an explanation of the purport of said measure, whereupon the Clerk

was directed to place the amendment in its proper place in the measure.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, MacPhee, Mancuso, McCarty, McMurray, Mead, Sullivan—9.

Absent: Supervisors Dobbs, Lewis—2.

Explanation of Vote.

Supervisor Mancuso stated he was opposed to leasing the property to private interests. It was his understanding and that of the people when voting for the off-street parking bonds, that parking charges would be at reasonable rates. Under the circumstances, he was voting against a blank price.

The roll was thereupon called and the measure, as amended, was passed for second reading by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, MacPhee, McCarty, McMurray, Mead, Sullivan—9.

No: Supervisor Mancuso—1.

Absent: Supervisor Dobbs—1.

Calling Measure from Committee.

After listening to Mr. Leo P. Lee regarding the reception extended by the City of Seattle to home-bound Korean war veterans, and the lack of a proper committee in San Francisco for such a purpose, Supervisor Lewis requested that his resolution, presented by him some time ago respecting the formation of a welcoming committee, and which had been referred to the County, State and National Affairs Committee, be called from said committee for consideration by the Board at its regular meeting scheduled for Monday, April 21, 1952.

CITY AND COUNTY OF SAN FRANCISCO

BOARD OF SUPERVISORS

February 26, 1952.

Redevelopment Agency
City and County of San Francisco
512 Golden Gate Avenue
San Francisco, California

Gentlemen:

Section 33236 of the Health and Safety Code of the State of California (Section 24 of the Community Redevelopment Act), reads as follows:

"No agency or community officer or employee who in the course of his duties is required to participate in the formulation of or to approve plans or policies for the redevelopment of a project area shall acquire any interest in any property included within a project area within the community. If any such officer or employee owns or has any direct or indirect financial interest in such property, he shall immediately make a written disclosure of it to the agency and the legislative body which shall be entered on their minutes. Failure to so disclose constitutes misconduct in office."

Pursuant thereto, you are hereby notified that I, as a real estate agent, broker and dealer in the City and County of San Francisco, and as owner of a controlling interest in the real estate firm of MacPhee Realty have both direct and indirect financial interests in numerous parcels of real property which are included within the redevelopment project areas and the contemplated redevelopment project areas designated as Western Addition, Diamond Heights, McLaren/Candlestick and South of Market.

The nature of my interests in said property is as follows: Agencies relating to the collection of rents, management of properties, maintenance of premises, leasing of premises, and the normal activities of the real estate business in which I am engaged; ownership, both legal and equitable, of estates in real property, improved and unimproved, both in fee and of lesser estates, including such ownership acquired for security purposes as well as for resale in the ordinary course of business.

Due to the complexity and large number of my interests in real property throughout the City and County of San Francisco, including those within the areas in question, it is not practical for me to submit a detailed list thereof. Full details as to any particular parcels in which I have an interest, or as to such parcels in any particular area or part thereof, will be furnished upon request.

Should the Agency or the Legislative Body deem the disclosure herein made insufficient to comply with the requirements of said Section 33236, Health and Safety Code, I shall furnish additional data upon request therefor.

Yours very truly,
CHESTER R. MACPHEE, Supervisor

CC: Board of Supervisors.

January 21, 1952.

Board of Supervisors
City Hall
San Francisco, California

Gentlemen:

Section 33236 of the Community Redevelopment Law provides among other considerations that any community officer or employee owning land in the area of redevelopment must make a written disclosure of the same to the agency and the legislative body. While the act is not clear as to exactly when, during the various steps such information must be provided, I wish at this time, to record the following facts for the information of the Redevelopment Agency and the Board of Supervisors:

On or about 9 years ago a vacant lot at 276 Bemis Street was acquired by myself. About 8 months ago we moved a small home onto the lot and subsequently sold the property to Arthur Reade and Elgie A. Reade, who executed loans on the property in connection with the purchase thereof. About 2 months ago serious landslide smashed into the rear of the property causing considerable damage. As a result therefor, our firm, on behalf of the mortgage holder, refunded the monies paid in by Mr. and Mrs. Reade and further advanced money to repair the damage to the property. Our firm is interested in No. 276 Bemis to the extent of securing a refund of these advances. No. 276 Bemis Street is apparently on the eastern border of the tentative Diamond Heights Redevelopment Area.

I hold no other property in the area, I have no property on jacks or without a foundation in the area.

As an active realtor in San Francisco, our firm has interests in real property in every section of San Francisco and that interest is transitory in nature. A copy of this letter is being transmitted to the Redevelopment Agency for their records.

Yours very truly,
CHESTER R. MACPHEE.

The foregoing communications were ordered filed.

Speakers.

Before the first speaker took the floor, Supervisor Sullivan moved a five-minute time limit for each speaker, unless the Board saw fit to extend such time. Motion seconded by Supervisor Arnold, and there being no objection, motion carried.

The following persons were accorded the privilege of the floor:

Roy Fellom, Jr., 210 Magellan Avenue, representing the Diamond Heights Property Owners Association and several individual owners.

Irving Eichenberg, representing the Progressive Independent Party.

George Bratt, 216 Bemis Street, member of Diamond Heights Property Owners Association.

Mrs. Andrew Domagala, 888 Duncan Street.

Jack H. Werchick, Attorney-at-Law, representing the Diamond Heights Property Owners Association. Mr. Werchick presented a 9-point alternate plan.

Elsa J. Strait, League of Women Voters.

John J. van Hoff, 1921 Diamond Street.

Doris Silver, 981 Duncan Street.

Louis Jukich, 107 Encline Court, representing Miraloma Park Improvement Club and West of Twin Peaks Central Council.

Mrs. Jacqueline Smith, representing San Francisco Urban League.

John S. Bolles, San Francisco Planning and Housing Association.
Evelyn La Place, 2476 Twenty-first Avenue, representing the Central Council of Civic Clubs, Parkside District Improvement Club and Parkside Merchants Association.

Charles D. Walker, 1714 Castro Street.

George W. Uri, Jr., 2233 Divisadero, representing the Planning Committee of the San Francisco Junior Chamber of Commerce.

Charles Pope, 360 Pine Street, American Institute of Architects.

A. Lee, 251 Kearny Street, representing Building Industry Conference Board.

Mr. Parr, 100 Scotia Avenue.

William Horstman, 1915 Diamond Street.

Teal Messer, 44 Miguel Street.

Mrs. Freda Swicegood, 1058 Twenty-seventh Street.

Motion to Rise and Report.

There being no one else who desired to speak, Supervisor Christopher moved that the Board rise and report. Motion seconded by Supervisor Lewis.

No objection and motion *carried*.

Suggestion by Deputy City Attorney.

Deputy City Attorney Walker Peddicord suggested that such alternate plans as have been submitted to the Board today, be referred to the City Planning Commission and Redevelopment Agency for study and report.

There being no objection, the President ordered that such suggestion be carried out.

Test Case Urged.

Supervisor Arnold expressed the opinion that before the Board voted on the Tentative Plan, a test case should be made of a portion of the undeveloped property in the area, so that if a decision is rendered against the Redevelopment Agency, such action would preclude the necessity of spending thousands of dollars of city funds for surveys of other areas.

John Barricklo, Attorney for the San Francisco Parking Authority, expressed the opinion that a test case at this time would seriously interfere with plans of both the Redevelopment Agency and the attorneys for the Home Finance Agency in Washington, D. C., and suggested that the Board approve the Tentative Plan when it comes before them in the near future and then a test case could be made of the issue.

Mr. Barricklo further suggested that the alternate plan of Attorney Werchick and others submitted, be referred to the Redevelopment Agency and the City Planning Commission for study and report within 30 days.

No further action taken.

UNFINISHED BUSINESS.

Final Passage.

SPECIAL ORDER—3:00 P. M.

Hearing from Representatives of the Public Utilities Commission as to Steps Being Taken to Comply With the Provisions of Section 130 of the Charter, Relating to Fare Structure and Operating Costs of the Municipal Railway.

April 7, 1952—Consideration continued to April 21, 1952.

File No. 8897

Motion to Table.

Supervisor Mancuso moved, seconded by Supervisor Christopher, that the foregoing subject be tabled.

No objection and motion *carried*.

SPECIAL ORDER—4:00 P. M.

Consideration of Schedule of Revised Rates and Fares to Be Charged by the Municipal Railway.

File No. 8897

Consideration Temporarily Deferred.

The Clerk presented the following measure on behalf of President Pro Tem., Supervisor MacPhee:

Finding and Declaring That Under the Proposed Schedule of Municipal Railway Fares a Deficit Will Exist in 1952-53, Requiring a Tax Levy.

File No. 8958, Resolution No. . . . (Series of 1939).

Motion to Refer to Committee.

Supervisor Mancuso moved that the foregoing measure be referred to committee.

Motion *lost* for want of a second.

Statement by Controller.

The Controller informed the Board that the purpose of the resolution was to avoid possible future difficulty in the consideration of the pending measure relating to revised fares and rates for the Municipal Railway.

Consideration of the foregoing measure was temporarily postponed pending presentation of additional data.

Discussion.

Supervisor Christopher asked Controller Ross as to the amount of outstanding bonds, to which Mr. Ross replied that he did not have the information at hand.

Supervisor Christopher questioned the Manager of Utilities concerning reported differences of opinion existing among the members of the Commission with respect to sundry matters coming under its jurisdiction. Mr. Turner replied that the Commission's opinion was unanimous that the rates should be revised upward.

Supervisor Christopher informed Mr. Turner that between the present time and that time in the future when the measure relating to increases in fares would be voted upon, he desired that the Public Utilities Commission devote time to a consideration of various reforms recommended by various organizations and that a list of proposed reforms should be brought before the Board for its consideration.

Mr. Turner stated he saw no objection to the request of Supervisor Christopher, but called the Supervisor's attention to the fact that the Public Utilities Commission has given and will continue at all times to give consideration to any and all proposed reforms designed to effect economies in the operation of the Municipal Railway and at the same time not affect adversely the riding advantages of the public. Mr. Turner mentioned that his Commission was continually considering the consolidation of lines, consolidation of retirement systems, one-man street cars, etc.

Supervisor Christopher called Mr. Turner's attention to the fact that since 1945 traffic on the Municipal Railway had decreased by one-third but that there has been an increase in the administrative positions within the Public Utilities Commission.

Mr. Turner replied that the 1952-53 budget will reflect that the actual cost of operation per vehicular hour had been reduced.

Supervisor Christopher asked for an explanation of overtime required in the operation of the railway which amounted to almost \$900,000 during the current fiscal year. Mr. Turner replied that in order to provide good service you must provide scheduling which will assure good service as well as retention of manpower and that overtime is thus impossible to circumvent.

Supervisor Christopher called Mr. Turner's attention to the fact that several years ago in the consideration of the annual budget, it was noted that there existed more administrative jobs after the consolidation of the Market Street Railway with the Municipal Railway. Some time later, David E. Lewis, then Administrative Assistant to the Mayor, made an analysis of the cost which divulged that the cost would aggregate some two hundred thirty-two thousand dollars a year, and proceeded to ask Mr. Turner if any action was taken by him on the report.

Mr. Turner replied that in the first place there were considerably fewer employees after consolidation, but admitted there were more administrative positions. Mr. Turner amplified his statement by declaring that some of the recommendations made by Mr. Lewis were put into effect.

Supervisor Christopher stated he would study, with a great deal of interest, whatever report of reforms or economies the Public Utilities Commission would present prior to voting on the revised schedule of fares or rates, especially possible reductions in administrative personnel.

Supervisor McCarty inquired if Supervisor Christopher's reforms would be in the form of charter amendments.

Point of Order.

Supervisor Mancuso rose to a point of order, contending that before further questions are asked, the Board should first hear from the Public Utilities Commission.

The President ruled the point of order well taken.

Report Presented.

Manager of Utilities James H. Turner gave a brief resume of action taken by his Commission in connection with his report currently before the Board requesting approval of a revised schedule of fares and rates for the Municipal Railway. He likewise spoke briefly on report rendered by Mr. Mills, Traffic Consultant, dated April 18, 1952.

Mr. Turner contended that every effort had been made to maintain a low fare, but that rising costs of materials and wages made it mandatory that fares be increased. This condition, he said, is prevalent all over the nation and must be met in order to prevent the imposition of a heavy tax levy upon the property owner.

Supervisor Lewis asked Walker Peddicord, Deputy City Attorney, if the Board of Supervisors possessed discretionary power with respect to the granting or rejection of the proposed schedule of fares proposed by the Public Utilities Commission.

Mr. Peddicord replied that the Board had the discretionary power to either approve or reject such schedule.

Discussion was had between Mr. Mills, Traffic Consultant, and Supervisor Mancuso with respect to percentage of loss of patronage between 1947 and the present time, as well as possible loss should the fifteen-cent fare be placed into effect.

Supervisor Mancuso asked Mr. Mills if the Railway would recover any of the patronage lost by the Municipal Railway in previous years in the event the fifteen-cent fare were adopted, and Mr. Mills replied in the negative.

Supervisor Mancuso asked Mr. Mills if people living in the outlying districts could be induced to leave their cars at home provided transit service were improved; Mr. Mills replied that as long as individuals found it convenient to park their cars in the downtown area, they will continue to use them.

Supervisor MacPhee asked Mr. Mills if he believed that a charter amendment should be recommended by the Public Utilities Commission governing working hours for employees of the Municipal Railway, to which query Mr. Mills replied that he believed such a measure should be recommended.

Supervisor MacPhee asked Oliver Rousseau, President of the Public Utilities Commission, if it was the intention of his body to recommend charter amendments in an effort to cure some of the ills afflicting the railway, to which query Mr. Rousseau replied that his Commission intended to do so.

Mr. Sam McKee, member of the Public Utilities Commission, stated there were certain measures which he definitely did not favor, such as one-man street cars, but expressed himself in favor of eliminating duplicating lines.

Mr. Victor S. Swanson, another member of the Public Utilities Commission, echoed the sentiments expressed by Commissioner McKee.

Supervisor Lewis quoted a decision rendered by the Supreme Court in the case of *Hurst vs. City and County*, 33 Cal.2d at 298, defining the authority and power of the legislative body with respect to approval or disapproval of schedule of rates or fares.

Request for City Attorney Opinion.

Supervisor Mancuso requested that the Clerk obtain a written opinion from the City Attorney, to be available by next Monday, ruling on the status of the resolution currently before the Board, proposing a revised schedule of fares and rates for the Municipal Railway, should the Board take no action on the measure within the thirty days prescribed by Section 130 of the Charter.

No objection and *Clerk directed to comply.*

Request for Report on Proposed Reforms.

Supervisor Christopher requested that the Public Utilities Commission appear before the Board next Monday with a definite program of reforms or suggestions, possibly involving charter amendments, which will have for its purpose the elimination of any possible deficit in the operation of the Municipal Railway.

No objection and *Clerk directed to comply.*

Supervisor Lewis suggested that the Public Utilities Commission consider reducing fares during peak hours with increased fares before and after peak hours and in this way induce more patronage.

Mr. Mills countered by stating that such a suggestion had been tried by the City of Chicago but that it resulted in producing insufficient revenues.

Supervisor Lewis stated that the Railway had six parallel lines, and inquired if the abandonment of some of these parallel lines would result in material savings. Mr. Mills replied that in some instances savings would be effected.

Motion to Defer Consideration.

Supervisor MacPhee moved, seconded by Supervisor Sullivan, that the Board defer consideration of the pending measure until 3 p. m., Monday, April 28, 1952.

No objection and motion *carried*.

Extending Well-Wishes to Supervisor Mead.

Supervisor MacPhee suggested that the Clerk, on behalf of the Board, send a letter to President Dewey Mead, extending to him the Board's sincere wishes for a rapid recovery.

No objection and Clerk *directed to comply*.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:30 p. m., adjourned.

JOHN R. McGRATH, Clerk.

Approved by the Board of Supervisors May 26, 1952.

I, John R. McGrath, Clerk of the Board of Supervisors of the City and County of San Francisco, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date hereon stated and approved as recited.

Stating the Question.

The Chair stated the question as follows: "Shall the resolution become effective notwithstanding the Mayor's veto. A vote 'aye' overrides the Mayor, a vote 'No' sustains the Mayor."

Motion to Continue Consideration.

Supervisor Lewis, seconded by Supervisor Christopher, moved that the matter remain on the calendar for one week and that the Clerk send a letter to the Mayor asking him to get in touch with the chairman of the present citizens' committee as to whether or not they will augment the committee with proponents of the plan of rehabilitating the Palace of Fine Arts without expense to the City.

Opposing Additional Bonded Debt of San Francisco-Oakland Bay Bridge Except for Purpose of Financing a Southern Bay Crossing.

Supervisor Lewis presented:

File No. 8986, Resolution No. (Series of 1939).

Discussion.

Supervisor MacPhee stated that he was of the belief that this was the correct step but that it was opposed to the policy of the Mayor, and that before any action be taken that the Mayor be sent for.

Supervisor Mancuso said that he was in accord with the intent of the proposal but that it did not go far enough, and that he believed that it should provide for the appointment of a citizens' committee.

Motion to Commit.

Supervisor Mancuso moved that the legislation be referred to committee.

Motion lost for want of a second.

Supervisor Lewis explained that the legislation was prepared after a discussion with the Mayor. That by voting for the proposal the Board would be protecting itself so that a southern crossing could be constructed in the near future.

Motion to Amend.

Supervisor Mancuso moved that the legislation be amended to provide for the appointment of a citizens' committee to spearhead the resolution.

Motion lost for want of a second.

Motion to Postpone Special Order Temporarily.

The Chair called the Board's attention to the fact that it was time to consider the 3:00 p. m. Special Order.

Supervisor Mancuso, seconded by Supervisor Arnold, moved that the special order be postponed for fifteen minutes.

No objection and motion *carried*.

Supervisor MacPhee stated that he was concerned with the expenditure of \$25,000,000 of the taxpayers' money for construction of approaches to the bridge when they should be paid for by the people who use the bridge.

Supervisor Arnold remarked that he believed that the legislation should be adopted immediately so that the City Attorney could have the matter determined judicially with respect to the construction of approaches within ten miles from the bridge.

Supervisor Lewis, seconded by Supervisor Sullivan, moved that the Special Order be postponed for another fifteen minutes.

Supervisor MacPhee, seconded by Supervisor Christopher, moved as a substitute that the legislation be temporarily postponed.

Substitute motion *carried* by the following vote:

No objection and motion carried.

Legal Opinion.

The Clerk presented a legal opinion from the City Attorney, subject—"Does rate schedule submitted to Board of Supervisors on April 8, 1952, become effective if Board takes no action respecting it."

Walker Peddicord, Deputy City Attorney, explained the opinion to the Board.

Supervisor Mancuso requested that Mr. Thomson, Counsel for the Public Utilities Commission, be sent for.

The Chair directed that Mr. Thomson be sent for.

Supervisor Ferdon stated that he objected to sending for Mr. Thomson because the City Attorney had rendered an opinion on the matter which was before the Board.

Mr. Frank E. White, Secretary-Treasurer of the San Francisco C.I.O. Council, spoke in opposition to the proposed increase in rates on the grounds that an increase was not the solution to the problem but that a thorough study of management should be made. He stated that he was of the opinion that the deficit should be subsidized by the taxpayers.

Motion to Limit Speakers.

Supervisor Arnold moved that all speakers be limited to five minutes.

Motion lost for want of a second.

Sylvester J. McAtee, counsel for the Down Town Association, spoke in favor of the proposed increase in rates, and suggested that certain economies be effected concerning the operation of the railway.

Mr. George Johns, secretary of the San Francisco Labor Council, spoke in opposition to the increase in fares and stated that the deficit was created by mismanagement of the railway and that should be where corrective steps should be taken.

Mr. George S. Hill, member of the Central Council of Civic Clubs, spoke in opposition to the fare increase and suggested that the deficit be placed in the tax rate.

Mr. Walter Stitch, representing the Independent Progressive Party, spoke in opposition to the increase in fares on the basis that it should be a charge against the people who have the ability to pay and not the working people.

Communications.

From the San Francisco Chamber of Commerce; San Francisco Bureau of Governmental Research; and Down Town Association, recommending increase of fares for the Municipal Railway and the effecting of certain economies in the operation of the railway.

Ordered filed.

From the Great Highway Club, opposing any increase in street car fares and recommending that the full amount of the deficit be placed in the budget.

Ordered filed.

Supervisor Mancuso inquired of Mr. Thomson as to whether or not he was in accord with the legal opinion.

Mr. Thomson replied that he was in accord with it.

Motion to Rise and Report.

Supervisor MacPhee, seconded by Supervisor Christopher, moved that the Committee of the Whole rise and report.

No objection and motion *carried*.

Mr. Turner, Manager of Utilities, informed the Board that the Commission had given serious consideration to certain suggestions made by the Board and that now they were considering certain changes.

Colonel Mills remarked that it would not be possible to save money without drastically cutting service. He then presented charts showing riding habits for the past six years and also explained the economics that had been effected during that period by making substitution of types of service.

Colonel Mills stated that the railway could save \$900,000 by making certain curtailment of service, which could be done by management on its own, and by abandoning duplicating lines, which would require the cooperation of the Board of Supervisors.

Colonel Mills then informed the Board as to the fares that were being charged throughout the country by the various transportation companies.

Mr. Turner submitted information as to pass privileges on the Municipal Railway.

Supervisor Christopher inquired as to the breakdown of the difference between number of employees who were given free passes and number of employees shown as being employed by Municipal Railway in the Commission's latest report.

Mr. Turner explained that the difference was made up by employees of other departments who work for the Municipal Railway and that he would submit the information to the Board in writing.

Supervisor Mead remarked that he was in accord with the actual operators receiving free passes but he did not believe that other employees should receive them.

Mr. Turner said that two years ago the Commission studied the matter and as a result made certain changes in the rules with respect to free passes; that he would recommend to the present Commission that they also make such a study in the immediate future.

Supervisor Mead inquired as to the proposal affecting the school children.

Mr. Turner explained that the cost of school tickets would be increased from 50 cents to 60 cents.

Supervisor Mead asked as to the difference that would be realized by increasing the car tickets from 50 cents to 60 cents.

Mr. Turner answered that it would be approximately \$73,000.

Supervisor Mead remarked that he was opposed to increasing the fare for school children and that it should remain at 5 cents per ride.

Supervisor Mancuso asked the City Attorney if the Board had the authority to amend any of the rates made by the Public Utilities Commission.

Mr. Peddicord replied that the Board did not have the right to amend, only to approve or reject. If the rates were rejected they would have to go back to the Commission for further study.

Supervisor Christopher in explaining his vote stated that he would vote for the increase in fares provided that Mr. Turner would recommend the abolition of free passes over and above operating personnel.

Mr. Turner remarked that he would make a recommendation to the Commission that they undertake a study of the free pass situation and take such action as was necessary.

Supervisor MacPhee said that he believed that the Commission should be commended for their courage in recommending the increase in fares, and that they should also recommend charter amendments to put the Municipal Railway on a favorable operating scale. He stated that he would vote for the fare increase but that he was of the opinion that serious consideration should be given to the matter of placing the operation of the railway on a more economical basis.

Motion to Excuse Supervisor McMurray.

Supervisor MacPhee, seconded by Supervisor Mancuso, moved that Supervisor McMurray be excused from further attendance.

No objection and motion carried.

Taken Up Out of Order—Adopted.

Supervisor McMurray, seconded by Supervisor MacPhee, moved suspension of the rules to consider the following matter out of order.

No objection and motion carried.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, McCarty, McMurray, Mead, Sullivan—11.

Continuation of Consideration of Street Car Fare Increase.

Supervisor McCarty said that he was in accord with the views that there should not be an increase in fares for the school children and that if he voted for the legislation he would do so only on the tacit understanding that there would be a reduction in the school children fare from 60 cents to 50 cents.

Mr. Turner requested the Board to pass the fare increase and that he would recommend to the Commission, between now and the start of the fall term, that they reduce the school rides from 60 cents to 50 cents.

Supervisor Christopher remarked that he was in favor of the increase of fares but that he wanted to have it understood that the Public Utilities Commission would give consideration to the reforming of the free pass privileges.

Supervisor Mancuso stated that he was going to vote for the legislation because he believed it was good government to do so.

Supervisor Mead informed the members that he was voting for the increase with the understanding that the Commission would give serious consideration to the reduction of school children fares.

The Clerk then presented the following:

MONDAY, MAY 5, 1952

Reference to Committee.

The Board resumed its consideration of File No. 7660-5, relative to acquisition of Angel Island.

Discussion.

Supervisor MacPhee explained that under the proposal the Board of Supervisors would have to provide a budget of \$18,000 for one year, for limited operation and custodial service, and during that time the city would have the opportunity to call for bids for the leasing of the island.

Privilege of the Floor.

Supervisor MacPhee, seconded by Supervisor Mancuso, moved the privilege of the floor for Mr. William Sutherland.

No objection and motion *carried*.

Mr. Sutherland stated that he did not believe that the City should take over the island because in the end it would cost approximately \$2,000,000. He remarked that he was desirous of having the island disposed of to private capital for subdivision purposes.

Supervisor MacPhee, seconded by Supervisor Mancuso, moved the privilege of the floor for Captain Dewlaney.

No objection and motion *carried*.

Captain Dewlaney explained that he represented the Angel Island Syndicate which was prepared to make in writing a proposal which would provide for the patrolling of the Island; that the Island would be operated only as a high class resort.

Motion to Recommit.

Supervisor Arnold, seconded by Supervisor Sullivan, moved that the legislation be re-referred to Committee.

Supervisor Lewis remarked that before the Board goes on record as to policy it should receive information as to the names of the interested persons; the money should be put into escrow; the Board should be informed who the concessionaires will be and plans for the operation of the Island should be submitted.

Supervisor Mancuso in explaining his vote said that he would have to vote against the motion because the only thing before the Board was the determination of policy as to whether or not the City should acquire the Island for the trial period.

Supervisor MacPhee in explaining his vote remarked that he would vote against re-reference because he was of the opinion that the City should first acquire the Island and then call for bids.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Lewis, McCarty, Sullivan—7.

Noes: Supervisors MacPhee, Mancuso, McMurray, Mead—4.

Statement by Supervisor Lewis Relative to Expenditure of \$25,000,000 from San Francisco-Oakland Bay Bridge Bond Fund for Bridge Approaches in San Francisco.

Supervisor Lewis informed the Board that he went to Sacramento to inquire as to whether or not San Francisco would receive its share of the monies realized from the sale of San Francisco-Oakland Bridge Bonds, and he was informed that while the City would receive \$25,000,000 there were no plans being prepared for a Southern Crossing. The money would be spent for the completion of the Bay Shore Freeway, which would cost approximately \$12,500,000 and for The Embarcadero Freeway.

He further remarked that the State would not permit any approaches from the Bay Shore Freeway to a Southern Crossing.

Supervisor Lewis also said that if San Francisco decides on an Army Street Southern Crossing an overhead Embarcadero Freeway, going from north to south, would have to be built at a cost of approximately \$35,000,000; if a Candlestick Southern Crossing were constructed it would necessitate an overhead freeway at Hunter's Point and an underground one at the housing project.

It was the opinion of Supervisor Lewis that San Francisco would not receive commensurate benefits from the \$25,000,000 which it was to receive.

Motion to Sit as a Committee of the Whole.

Supervisor Arnold, seconded by Supervisor Lewis, moved that the Board resolve itself into a Committee of the Whole.

No objection and motion *carried*.

Statement by Supervisor Arnold.

Your Finance Committee has reviewed the budget proposed for the fiscal year 1952-1953 and as a product of its studies has made certain recommendations that, if approved by the Board, will reduce the proposed budget and its supplements totaling approximately \$168,500,000 by about \$1,350,000.

The budget and its supplements requested 14 more positions than existed in the current fiscal year. Your committee recommends the elimination of 78 positions. However, there are some new positions remaining in the budget but these were permitted to remain only after a very careful review of necessity.

Your committee carefully reviewed all departmental requests in conference with the several department heads and in the main the recommended allowances are in line with experience, but in some instances where the showing justified a change, there are some increases.

However, your committee is concerned about the ever increasing burden to the ad valorem taxpayer. The total requirement from ad valorem taxes approximates \$75,000,000, an increased requirement of about \$5,000,000 and this prior to the July salary adjustments and the final school budget.

Your committee could not find adequate relief by budget reduction and therefore will, between now and tax rate time, review the revenue situation to see if changes in existing sources of other revenue or possible new sources of other revenue can give some relief.

INDEX 2—MAYOR

Supervisor Arnold, seconded by Supervisor McCarty, moved approval of the following supplemental budget request:

INDEX 65—PUBLIC UTILITIES COMMISSION—MUNICIPAL RAILWAY

The Board resumed consideration of the departmental budget.

Statement by Supervisor Christopher.

I wish to make a statement relative to the Municipal Railway budget. I believe that management should take every precaution to minimize the operating costs, in view of the fact that even with the 15-cent fare, a deficit of almost \$1,000,000 will be incurred. So that I would not hold up the entire budget by voting against it, I had Col. Mills come into the Finance Committee in order to discuss this urgent situation. I asked Col. Mills to point out to me the various items in the budget that could be eliminated in compliance with his heretofore made suggestions.

Col. Mills stated that while he had made many suggestions, he could not specifically locate the items in the budget. I thereupon asked Col. Mills to make an analysis of this budget and reconcile it with his previous suggestions. Col. Mills promised that he would do so and submit this report to the Public Utilities Commission. Not wishing to obstruct passage of the entire budget, nor to impair the operations by unqualified budget deletions, I am therefore voting

for this budget with the understanding that the Public Utilities Commission will immediately submit to us their report for economies and reforms as suggested by Col. Mills.

Statements of the Various Supervisors Relative to the Damage Claims Outstanding Against the Municipal Railway.

Supervisor Christopher called the attention of the Board to the large amount of claims that are outstanding against the Municipal Railway at 7 per cent interest, while the Public Utilities Commission has only \$6,000 on hand to cover them. He remarked that it was his belief that the method of settling judgments should be adjusted.

Request.

Supervisor Christopher requested that Mr. Turner be invited to the meeting on next Monday to explain his views on the subject and see if ways and means cannot be determined to pay off the judgments.

No objection and request *carried*.

Supervisor Ferdon stated that he believed that it merited much thought and that Mr. Turner should be requested to appear at the meeting prepared to answer questions on the matter, and also that a program should be established in the matter.

Supervisor Lewis added his voice of approval to the ideas suggested. He further stated that it was his opinion that the cases

should be settled without going to trial, but in order to do that the monies would have to be available.

Supervisor MacPhee said that the settlement of claims was typical of the manner in which the railroad was operated and that he believed that the members of the Commission should also be invited to attend the meeting next Monday.

Supervisor Mancuso remarked that he believed that the City Attorney should also be invited to come to the Board meeting next week prepared to submit data concerning the procedure followed by his office with respect to Municipal Railway claims; that the Controller also be requested to appear.

Supervisor Christopher stated that the only thing he wanted to know was what was going to be done when all legal steps had been exhausted; why should not the money be available for immediate payment?

Supervisor Mancuso requested that Mr. Turner be advised to be prepared to advise the members of the Board as to what recommendations he was going to make concerning the questions brought up by Supervisor Christopher relative to economies in the Municipal Railway; what would be done about the free pass privileges and whether or not any of the recommendations made by Mr. Mills would be put into effect.

Discussion as to Whether or not Funds Should Be Provided for the Continued Operation of the Municipal Government Survey Advisory Committee.

Supervisor MacPhee remarked that he had contacted the Municipal Government Survey Advisory Committee relative to their proceeding with the survey under a budget of some \$13,000. If the Board is desirous of having the Committee continue with the survey it would be necessary that funds be appropriated, but if the Board does not want the Committee to go ahead the money should be deleted from the budget.

Supervisor MacPhee stated that in view of the fact that Supervisor Arnold was interested in the matter it should be placed on the calendar pending Supervisor Arnold's return.

Supervisor Mancuso explained that he was against the original appropriation but that he did vote for the money for the Committee to complete the first steps of the survey. He stated that he was opposed to appropriating any more money until it was shown that the departments were going to put the recommendations into effect and that an actual saving would be realized.

Supervisor McCarty remarked that it was his belief that between now and next Monday the Board should give serious consideration to the question as to whether or not they wanted the Committee to continue. He further stated that he was in favor of any survey that would reduce costs of operation but not in favor of surveys which rebudget for the Board; that any savings must be in money and not theoretical savings.

Request for Information as to the Status of Legislation Creating a Transit Authority.

Supervisor Mancuso inquired of Mr. Peddicord as to whether or not the City Attorney would have the proposed legislation creating a Transit Authority ready for submission to the Board in the immediate future.

Mr. Peddicord replied that Mr. Holm was checking with certain insurance companies on the matter and he believed that the matter would be ready in the near future.

Supervisor Mancuso requested that the Clerk ask the City Attorney to be prepared to answer, at next Monday's meeting, the question as to the status of the legislation and whether or not it would be ready for consideration by the Board prior to June 1st.

No objection and request *granted*.

Query as to Whether or not the Mayor or Public Utilities Commission Could Appoint an Individual to Take Charge of the Operation of the Municipal Railway.

Supervisor Mancuso inquired of Mr. Peddicord as to whether or not it would be possible to adopt a resolution authorizing the Mayor or the Public Utilities Commission to appoint an individual to take charge of the operation of the Municipal Railway without the necessity of a charter amendment.

Mr. Peddicord informed the Supervisor that the charter set up the Public Utilities Commission and prescribed the appointment of department heads; that the Commission was following the charter at the present time.

Mr. Peddicord further remarked that Section 124 of the Charter set forth the procedure in the matter, and that a resolution as suggested would not be in accordance with the charter provision.

ADJOURNMENT.

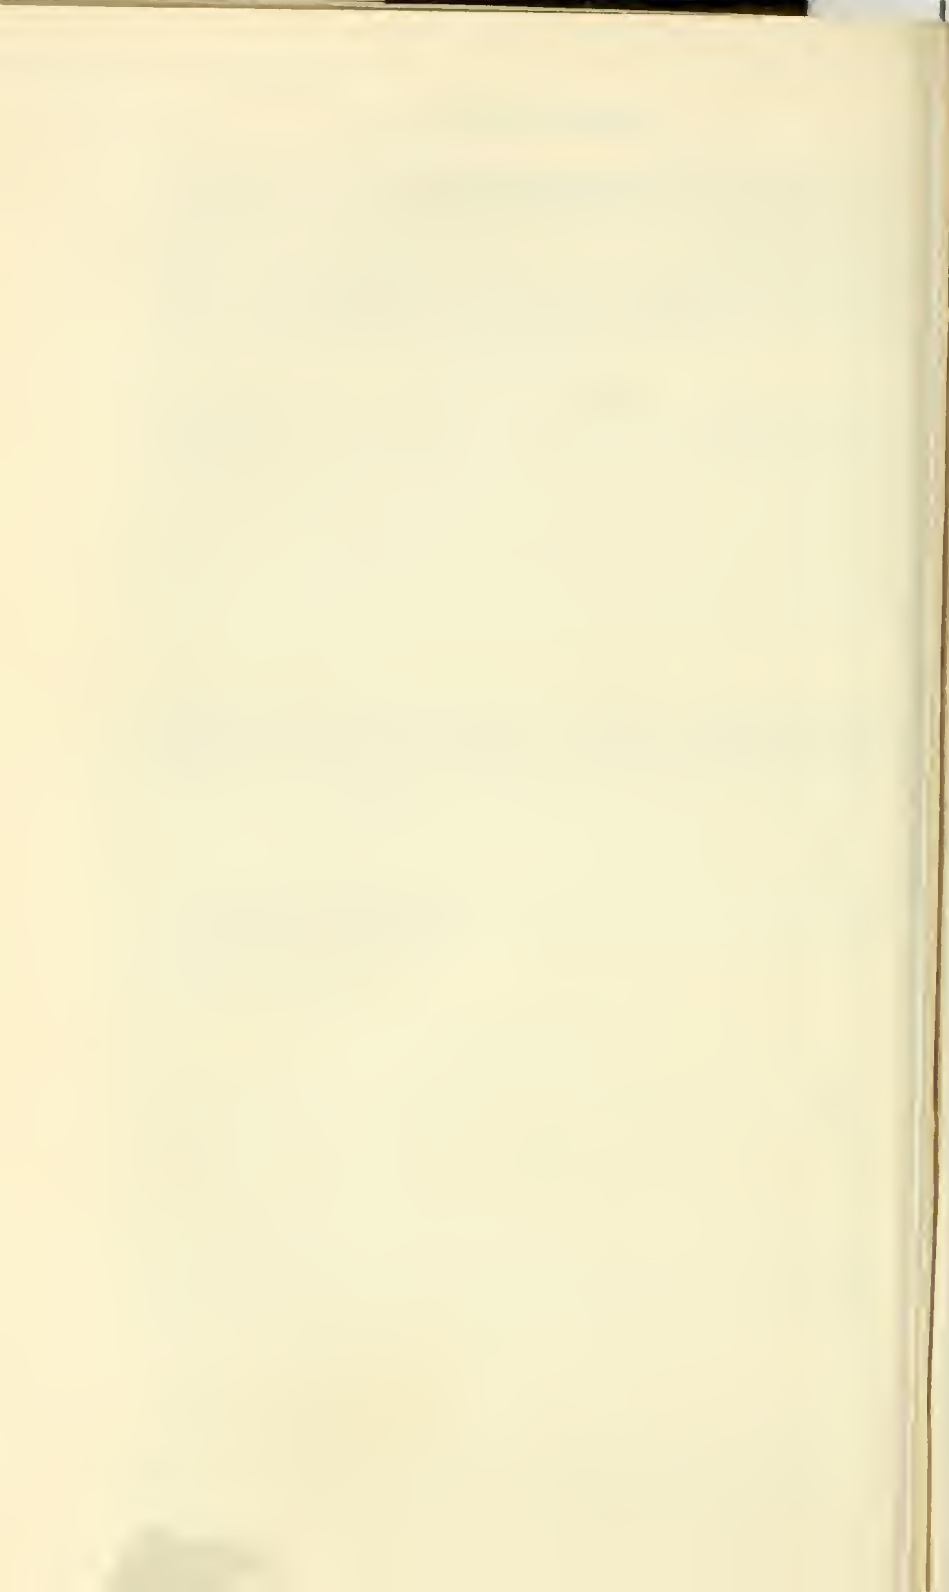

There being no further business, the Board, at the hour of 4:00 p. m., adjourned.

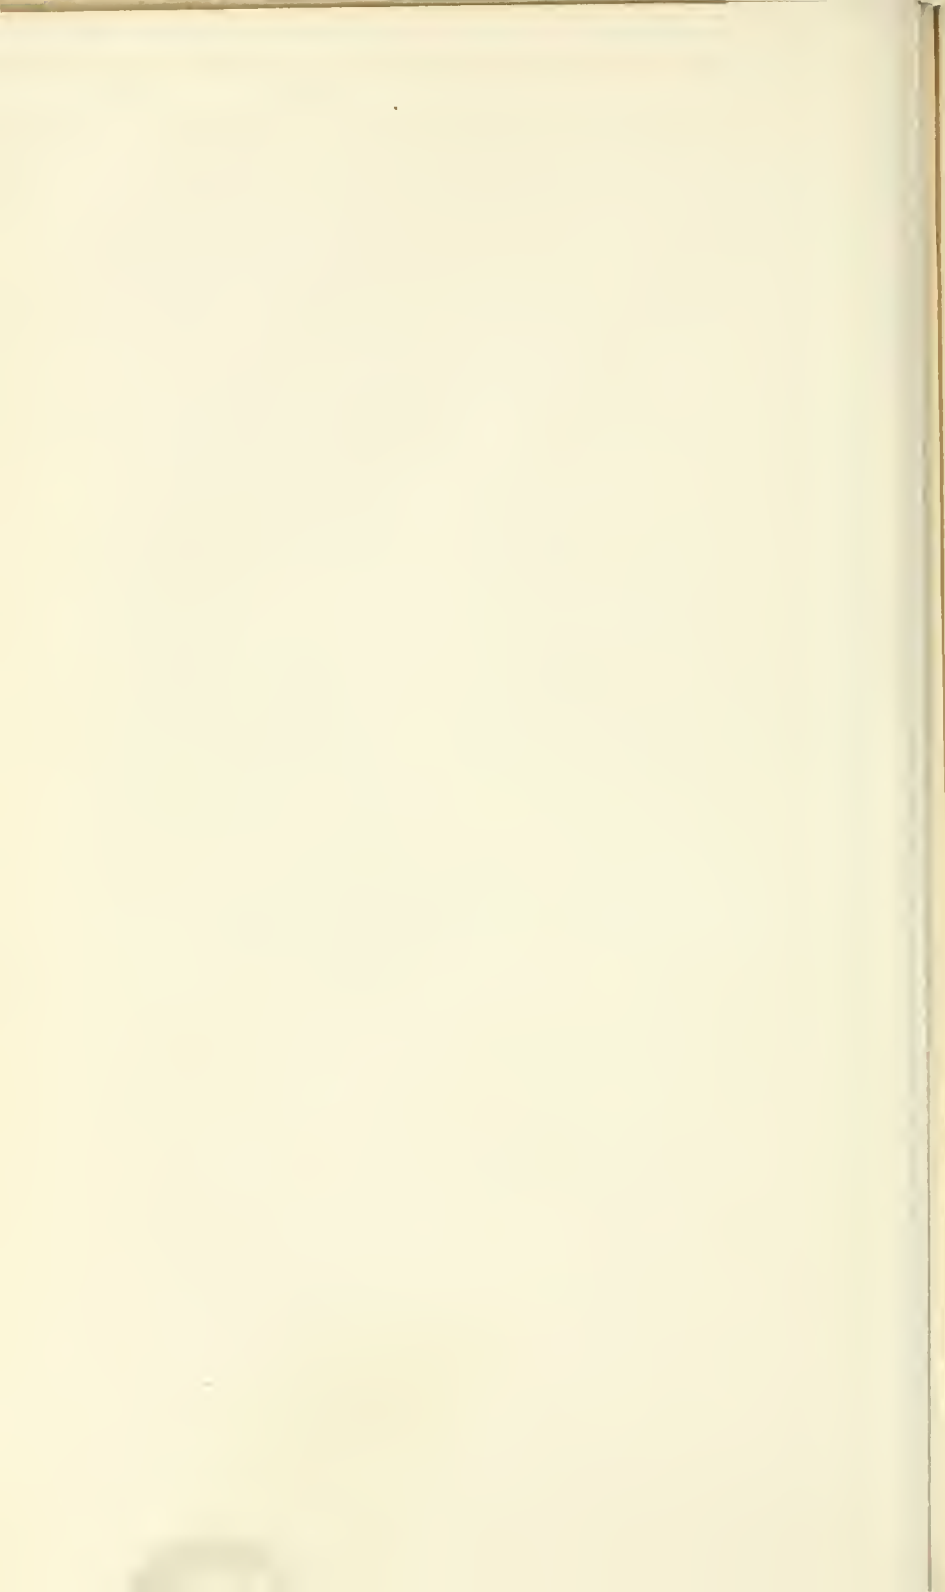

JOHN R. McGRATH, Clerk.

Consideration of Procedure for Payment of Claims Filed and Judgments Rendered Against the City and County.

Discussion.

Supervisor Christopher remarked that he noticed that an appropriation for \$212,500 was being requested to pay certain claims outstanding against the Municipal Railway and inquired as to why this had not been done before this time.

Mr. Turner explained why the money was not available until the present time and how it happened that the Municipal Railway had been unable to make cash settlement of claims for a number of years.

Mr. Turner informed the Board as to the procedure in the handling of claims and the disposition thereof.

In response to inquiry by Supervisor MacPhee as to the matter of settlement of claims by the Claims Investigator, Mr. Turner said that in every case an attempt is made to get a settlement before the matter gets into a court case, and that he believed if the Claims Investigator had some working capital available he would be able to make cash settlements immediately and thus save the City a good deal of money.

Supervisor MacPhee inquired of Mr. Holm as to whether or not there was any recommendation for a charter amendment that would improve the situation.

Mr. Holm informed the Board that the matter of 7 per cent interest was a statute of the State and the only way it could be done away with would be to amend the statute.

He said that in his opinion the way to improve the situation was to expand the claims department and give them more people to investigate the various claims. In that way, he continued, it would be possible for the City to keep in contact with key witnesses.

Mr. Mazzoni, head of the Claims Department, explained the procedure that was followed by his department and stated that sometimes it becomes necessary to ask a certain attorney to file a friendly suit against the City so that the statute of limitations will not run against the claimant. For this service Mr. Mazzoni explained the attorney was permitted to add \$50 to the claim to cover his costs.

Adopted.

The Board resumed consideration of the following matters heretofore temporarily postponed.

May 6, 1952—Consideration continued to May 19, 1952.

Discussion.

Supervisor Mancuso inquired of Mr. Ross as to whether or not any additional information had been submitted relative to the budget for the Municipal Railway.

Mr. Ross replied that the budget included a surplus of \$840,000 which would permit an increase in wages of approximately 15 cents per hour.

Supervisor Mancuso asked Mr. Turner as to what steps would be taken by the Public Utilities Commission to economize the operation of the railway.

Mr. Turner answered that the matter was under consideration by the Commission; that studies would be made by the staff, traffic checks taken and a survey would be undertaken after the increase in fares goes into effect.

Proposed Charter Amendment, Section 5.1, Prohibiting Any Person from Serving as Mayor for More Than Two Successive Terms.

File No. 8373

Discussion.

Supervisor Christopher opposed the measure and suggested that it be re-committed and that the committee bring before the Board that measure which he had introduced some two years ago relating to the method of electing a Mayor.

Supervisor MacPhee likewise opposed the measure, contending that such a Charter amendment would bar the people from reelecting a man whom they considered to be an exceptional Mayor for a third consecutive term.

Calling Measures from Committee.

Supervisor Christopher requested that the measures which he introduced two years ago relating to the method of electing a Mayor and other officials be taken out of the Judiciary Committee and brought before the Board for its consideration on Monday, June 2, 1952.

No objection and Clerk was directed to comply.

Measure Lost.

Ayes: Supervisors Arnold, Dobbs, Ferdon, McMurray, Sullivan—5.

Noes: Supervisors Christopher, MacPhee, Mancuso, McCarty, Mead—5.

Absent: Supervisor Lewis—1.

Motion to Re-refer to Committee—Withdrawn.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that the foregoing measure be re-referred to committee.

There being no objection, motion was *withdrawn*.

Discussion.

Supervisor Mancuso echoed the sentiment expressed by Supervisor MacPhee, that the people should be permitted to decide just how long a Mayor should remain in office and not summarily restrict his tenure in office to two consecutive terms.

Amendment—Lost.

Supervisor Mancuso moved that the foregoing measure be amended by inserting after the phrase found in Section 5.1, and reading as follows: "No person elected as Mayor . . ." the words "or Supervisor."

Motion lost for want of a second.

Supervisor Mancuso moved as an amendment, that the words "elective officer" be inserted in Section 5.1, after the word "No . . .", found in the first sentence. Motion seconded by Supervisor MacPhee.

At this point, Supervisor Christopher asked Deputy City Attorney O'Connor if the passage of the proposed Charter amendment would affect the incumbent Mayor, and he was advised that the City Attorney's office had ruled that it would.

Supervisor Lewis Noted Present.

Supervisor Lewis noted present at 3:00 p. m.

Amendment Withdrawn.

There being no objection, Supervisor Mancuso *withdrew* his proposed amendment.

Introduction of Distinguished Guest.

The President of the Board introduced the Honorable Franck R. Havenner, Member of Congress.

Talk on Construction of Bay Model.

The Honorable Franck R. Havenner stated that his visit to the Chambers was for the purpose of seeing if something could not be done to hasten definite action with respect to the adoption of plans looking to the construction of a southern crossing. The Congressman stated that success had been achieved in stimulating some interest back in Washington and that the Civil Defense Administration had gone on record officially in expressing the belief that a second bay crossing is of urgent importance. The Secretary of Defense, at the instance of the Chairman of the Armed Services Committee, recently wrote to the United States District Corps of Engineers here, inquiring whether any studies had been made on the possibility of locating a particular type of crossing which would not interfere with the flow of tides. The Congressman stated that he and others had consulted with the Army engineers and had been advised that no check had ever been made as to the effect of tidal conditions, and that there was no official information available on the subject. There has been a considerable variance of opinion with respect to the type of structure needed here. The United States engineers, in making studies of this kind, depend upon a bay harbor model, which is used to determine tides and currents.

The Congressman concluded his remarks by asking if the Board would consider making a contribution toward the construction of such a bay harbor model, which would assist the Army engineers to make an accurate report on the Reber plan and the type of crossing best suitable for San Francisco Bay, taking into consideration the various tidal flows, currents, shipping requirements, and the like.

Fixing Date for Meeting by County, State and National Affairs Committee.

Supervisor Christopher raised the question as to whether such an expense could be partially borne by the California Toll Bridge Authority.

Supervisor Lewis informed the Board that he was calling a meeting of the County, State and National Affairs Committee for Thursday, May 29, 2 p. m., for the purpose of considering the foregoing suggestion of Congressman Havenner, and requested that the Clerk of the Committee notify proper city and state officials, the Army

Engineers, the President of the Alameda County Board of Supervisors, and the Mayor of Oakland.

Objection was raised with respect to the propriety of having the County, State and National Affairs Committee consider the matter inasmuch as a matter of funds was involved. The President thereupon referred the subject to the Joint County, State and National Affairs and Finance Committee.

It was agreed that the proposed meeting date should be changed to Wednesday, May 28, 1:30 p. m.

No further objection and so ordered.

SPECIAL ORDER—3:00 P. M.

Public Hearing to Be Held Jointly by the Board of Supervisors and the Parking Authority in Connection With Consideration of Policy Concerning Expenditure of Proceeds of 1947 Off-Street Parking Bonds to Provide Parking Facilities in Outlying Districts, Particularly the West Portal District.

President to Act as Chairman of Committee of the Whole.

Supervisor Lewis moved, seconded by Supervisor Sullivan, that the President of the Board act as Chairman of the Committee of the Whole.

No objection and motion *carried*.

Motion Permitting West Portal District Representatives to Present Argument.

Supervisor Lewis moved that the merchants in the West Portal District be permitted at this time to present their case.

The President ruled that the Parking Authority representatives should first be heard, and at the conclusion of their presentation, such individuals who desire to be heard, may exercise that privilege.

Parking Authority Representative Heard.

Mr. Vining T. Fisher, General Manager, outlined in brief what his Authority had done with respect to investigating off-street parking facilities in the West Portal area and presented a report entitled "Review of West Portal Avenue Parking Situation."

Hearing from Various Interested Parties.

The following persons were given the privilege of the floor:

John E. Sullivan, attorney-at-law, representing the West Portal Merchants and West Portal Property Owners Association. Mr. Sullivan stressed the need for off-street parking facilities in the area and called upon the Authority to make an immediate investigation and survey to determine the need and source of funds to be used for such purpose.

Edward I. Barry, 1410 Portola Drive.

Frank A. Parlato, 329 West Portal Avenue.

George Courting, 441 Magellan Avenue.

Arthur Ziegler, 1 Rossmoor Drive.

Thomas A. Gray, Downtown Association, 57 Post Street.

Privilege of Rebuttal.

The President announced that he was granting ten minutes to both sides for the privilege of rebuttal. In this connection, Albert H. Jacobs, Chairman of the Parking Authority, and John E. Sullivan, representing the merchant and property owner groups, availed themselves of the privilege.

Motion to Rise and Report.

Supervisor Sullivan moved, seconded by Supervisor McMurray, that the Committee arise and report.

No objection and motion *carried*.

Discussion.

Supervisor McCarty suggested that the Parking Authority look into the feasibility of installing a mechanical type garage known as "Pigeon Hole Parking Garage," in the area. Mr. Jacobs of the Parking Authority assured Supervisor McCarty that his Authority would be glad to comply with his request.

Supervisor MacPhee opposed the idea of using funds derived from parking meters for the construction of off-street parking facilities. These funds, he said, have been and should be continued to be used for the benefit of all the taxpayers. He further averred that all facilities under City and County control should be self-supporting, and not be subsidized by increases in the tax rate.

Motion for Survey in West Portal District.

Supervisor Christopher moved, seconded by Supervisor Lewis, that the Parking Authority be requested to conduct a survey of off-street parking facilities which may exist in the West Portal District and that a report and recommendation be made to the Board of Supervisors within thirty days.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, McCarty, McMurray, Mead, Sullivan—11.

Inquiry into Status of Study Relating to Off-Street Parking Facilities in North Beach Area.

Supervisor Mancuso inquired into the status of the study being conducted of off-street parking facilities in the North Beach area. He was informed by Mr. Jacobs of the Parking Authority that data was now being assembled and that a complete report would be ready in about a month.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to Mr. Walter Nelson, representing Local No. 10 of the Longshoremen's Union, who requested that the Board fix a date for hearing his complaint that inadequate parking facilities exist on the waterfront to the detriment of working longshoremen. He desired time so he could contact certain organizations and firms in an effort to support his petition.

Motion Relating to Study of Parking Conditions on the Waterfront.

Supervisor Mancuso moved, seconded by Supervisor Sullivan, that the Parking Authority study the parking problem existing on the waterfront as it affects working longshoremen, with a view to providing them with adequate parking facilities; further, that the State Board of Harbor Commissioners be requested by the Authority to consider the removal of a number of parking meters located along a

certain portion of the waterfront, in order to afford parking convenience to the longshoremen.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, MacPhee, Mancuso, McCarty, Mead, Sullivan—9.

Absent: Supervisors Lewis, McMurray—2.

Communications.

The Clerk presented communications from the following organizations: The Building Industry Conference Board; San Francisco Junior Chamber of Commerce; Fairmount Improvement Club; Cayuga Improvement Association; Mr. George Bratt; Florence van Hoff.

Discussion.

Supervisor Mancuso asked Mr. James E. Lash, Director of the Redevelopment Agency, if he was correct in his assumption that the rights of property owners in the district would not be jeopardized in the event the Board adopted the proposed Tentative Plan. Mr. Lash replied that the Supervisor's assumption was correct.

Supervisor Mancuso inquired if the Redevelopment Agency was acting within its rights in seizing land which has not been fully developed. Mr. Barrieklo, attorney for the Redevelopment Agency, replied to the effect that the Agency, under the provisions of the Community Redevelopment Law, could acquire such land if it has declared such an area a redevelopment area.

(Located in Assessor's Block 3180. Municipal Railway is constructing a terminal on the property. Study will be made of unused portion with view to disposing of it.)

Discussion.

Supervisor MacPhee asked questions as to the necessity of leasing any portion of the Water Department property, stating that he was opposed to keeping surplus lands for which there was no immediate use.

The Supervisor was informed that leasing of the property in question, and designated as File No. 8842-1, was based on the fact that a portion of the land was needed by the Municipal Railway for terminal purposes and that additional land may be needed in the future. Hence it was deemed inadvisable to sell this particular portion since future requirements might dictate its repurchase.

Supervisor MacPhee suggested that the Finance Committee should definitely determine which portion of the property was proposed to be leased and the portion proposed to be sold.

Motion to Re-refer.

Thereupon Supervisor Arnold moved, seconded by Supervisor McCarty, that the foregoing measure, as well as the succeeding measure, designated as File No. 8842-1, be re-referred to the Finance Committee.

Supervisor MacPhee asked questions concerning the necessity for the foregoing appropriation, whereupon the Chief Administrative Officer gave an explanation for the request for funds.

Discussion.

Supervisor Christopher spoke in advocacy of the foregoing measure, contending that since San Francisco has long been recognized as a "strong Mayor" town, the people should be accorded the privilege of deciding the type of executive they preferred, and in the interest of good government, the election of a Mayor should be governed by a majority vote.

City Planning Commission Sustained.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 4033, Dated April 15, 1952, Disapproving Application to Rezone Property Located on the Northeast Corner of Peru Avenue and Athens Street from First Residential District to Commercial District.

File No. 9058.

Privilege of the Floor.

The privilege of the floor was extended to a representative of Mrs. Anita B. Monroy, petitioner, who explained that the request for a rezoning was based upon the petitioner's desire to provide marketing accommodations to the residents of the neighborhood and to those who would eventually purchase the new homes to be built in the area.

Mr. Paul Oppermann, Director of Planning, informed the Board that his Commission opposed the request because (1) it would constitute spot zoning, would violate the spirit and intent of the Planning Code and would be in disregard of the rights of others similarly situated, and (2) reclassification of this single parcel would not be in accordance with any comprehensive plan.

Explanation of Vote.

The President explained the voting as follows: A vote "Aye" overrides the action of the City Planning Commission and grants the appeal; a vote "No" sustains the City Planning Commission and denies the appeal.

The Clerk thereupon presented the following measure:

Refused Adoption.

Disapproving Decision of the City Planning Commission by Its Resolution No. 4033, Dated April 15, 1952, Denying Application to Rezone Property Located on the Northeast Corner of Peru Avenue and Athens Street from First Residential District to Commercial District.

Explanation by General Manager.

Mr. David E. Lewis, General Manager of the Recreation and Park Department, explained the reason for the original request of \$75,000. The roll was thereupon called on the measure, as amended, and it was *passed for second reading* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Lewis, Mead, Sullivan—7.

File No. 9205, Ordinance No. . (Series of 1939).

Referred to Finance Committee.

Resumption of Consideration of File No. 9100 Relating to the Dissolution of the Municipal Government Survey Advisory Committee.

Supervisor Christopher expressed the opinion that the Survey Advisory Committee had not received the full cooperation of the Board; that it was doing a great job; that while its recommended economies were not noticeable at the present time, they would eventually assert themselves; and that if his Honor the Mayor would make a definite commitment as to the necessity of retaining the committee, such a statement, no doubt, would play an important part in influencing members of the Board to support the continuance of such a committee.

His Honor, Mayor Elmer E. Robinson, spoke on the subject, extolling the virtues of the various members comprising the Survey Advisory Committee, but refused to take a definite stand, contending that the entire issue was one which should be resolved by the Board alone.

Supervisor Ferdon spoke strongly in favor of continuing the functions of the Advisory Committee, either with the present membership or with new ones, and that it was incumbent upon the Board to appropriate the money to finish the job.

President Dewey Mead commended the Mayor for taking the stand that he did, in that he preferred not to meddle in affairs strictly supervisory, and that he did not propose to have the present Mayor nor any other Mayor tell him what to do.

Supervisor Arnold likewise expressed satisfaction at the Mayor's stand and stated he was surprised that Supervisor Christopher made such a plea.

Supervisor MacPhee explained that he had introduced the pending measure some time ago and was compelled, by the close votes recorded on previous measures affecting the Advisory Committee, to reach the decision that apparently there was no unanimity of support behind the project and he considered it advisable to advocate its dissolution under the circumstances.

Motion.

Supervisor Lewis spoke in favor of continuing the present program, and thereupon moved, seconded by Supervisor Sullivan, that the Clerk of the Board write a letter to each member of the Survey Advisory Committee, asking them if they desired to either continue or resign from the committee, and that if they expressed a desire to continue, to suggest what machinery must be put into effect for implementation of the committee's recommendations.

Substitute Motion.

With the approval of the President of the Board, the Mayor offered a motion that consideration of the pending measure be continued for a period of six weeks. Motion seconded by Supervisor Lewis.

Supervisor MacPhee objected to the motion, contending that its adoption would display lack of confidence in the Chairman of the Advisory Committee.

Substitute Motion.

Supervisor Christopher moved as a substitute, seconded by Supervisor Sullivan, that consideration of the foregoing measure be deferred for a period of seven weeks, and that during the interim, the Chairman of the Survey Advisory Committee meet with the President of the Board for the purpose of clarifying the presently confused situation.

At this point, the Mayor suggested that consideration of the pending measure be continued for a period of eight weeks, and that during the interim, the Mayor confer with N. Loyall McLaren, Chairman of the Survey Advisory Committee, and with representatives of the Board of Supervisors, for the purpose of arriving at a definite policy.

It was understood and agreed that the foregoing suggestion by the Mayor would be considered as part of the substitute motion heretofore offered by Supervisor Christopher.

Substitute Withdrawn.

There being no objection, the substitute motion was *withdrawn*.

Roll Call.

The roll was thereupon called on the pending measure, namely, File No. 9100, relating to the dissolution of the Municipal Government Survey Advisory Committee, and it was *refused adoption* by the following vote:

Aye: Supervisor Arnold—1.

Noes: Supervisors Christopher, Dobbs, Ferdon, Lewis, MacPhee, Mead, Sullivan—7.

Motion Relative to Polling of Members of Survey Advisory Committee.

Supervisor Lewis moved that the Chairman of the Survey Advisory Committee be requested to poll the members of his committee for the purpose of ascertaining whether or not they desired to remain as members of such committee and to inform the Board of his findings; further, that the Mayor be requested, within a reasonable time, to meet with the Chairman of the Survey Advisory Committee, and discuss with him or with the committee, the question of whether or not to continue the functions of said committee, or any other matter which the Mayor may deem pertinent to discuss with them.

Motion lost for want of a second.

Motion Relative to Polling of Members of Advisory Committee.

Supervisor Lewis moved that the Chairman of the Survey Advisory Committee be asked to poll the members of his committee for the purpose of determining whether or not they desired to remain as members of the committee.

Motion lost for want of a second.

Motion Concerning Joint Hearings.

Supervisor Sullivan moved, seconded by Supervisor Ferdon, that the question of whether to continue or discontinue the services of the Municipal Government Advisory Committee be referred to the Mayor, with the request that he conduct hearings with the chairman and members of said committee, the members of the Board of Supervisors, the Controller and the Chief Administrative Officer, with a view to determining policy thereon.

Noes: Supervisors Mancuso, Mead—2.

Request for Reduction.

32. Central Credit Company Request for reduction of personal property assessment.

Privilege of the Floor.

The privilege of the floor was extended to Attorney Robert E. Zang, representing the Central Credit Company, who informed the Board that the application before it involved two legal questions dealing with (1) basis used for assessing of furniture and (2) the right of the Assessor to assess personal property in the possession of the company as pledgee, to insure repaying of promissory notes on loans issued.

Point of Order.

Supervisor McCarty rose to a point of order, stating that the subject matter had been before the Finance Committee and that the Clerk of the Committee had been instructed to communicate with the City Attorney for the purpose of ascertaining if the Board of Supervisors, whether sitting as a Board of Equalization or not, had the power to act on the complaint filed by the Central Credit Company. The Committee to date had not received a reply and the Board should not take action on the subject matter until the City Attorney had rendered an opinion.

Attorney Robert Zang expressed the opinion that the Board had jurisdiction in the matter.

Point of Order Well Taken.

The President ruled the point of order well taken.

Supervisor Mancuso stated he believed the Board should deny the request since there appears to be a question of the Board's jurisdiction over the matter.

The President ruled that the Board could not act on the matter until it had received an opinion from the City Attorney.

Supervisor MacPhee expressed the view that he believed Supervisor Mancuso's conclusions sound.

Attorney Robert Zang asserted that the provisions of Section 4986 of the Revenue and Taxation Code clearly gave the Board jurisdiction over personal property taxes, and that the assessments levied on his client should have been levied on two owners.

Motions to Deny Application.

Supervisor Mancuso moved, seconded by Supervisor Arnold, that the Board uphold the assessment and deny the request of the applicant, based on the ground that this Board of Supervisors, sitting as a Board of Equalization, does not have jurisdiction to determine the legality of the assessment made by the Assessor's office on the pledged property and solvent credit.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, McCarty, Mead—8.

Absent: Supervisors Christopher, McMurray, Sullivan—3.

To a query propounded to the Assessor, Mr. Wolden replied that his office customarily took 25 per cent of the original cost when computing assessment on office equipment, and that this procedure had been generally followed in all cases.

Supervisor Arnold, noting that the only remaining item in the application of the Central Credit Company was that concerning the office equipment, moved, seconded by Supervisor Sullivan, that the applicant's petition be denied.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, McCarty, Mead—8.

Absent: Supervisors Christopher, McMurray, Sullivan—3.

Reduction Granted.

| Name of Applicant | Lot | Block | Building | Land | Equalization Requested |

The applicant was examined under oath as to the value of the property and the Director of Property recommended a reduction of \$300 in the building assessment.

Request for Information.

Supervisor MacPhee requested the Assessor to furnish him with information as to the amount and the reason for the assessment on the property located at 2131 Vallejo Street, since it was contended by applicant Robert A. Hansen that his assessment was out of proportion to the assessment levied on the property located at 2131 Vallejo Street.

No objection and so *ordered*.

Motion to Reduce Assessment.

Supervisor Mancuso moved, seconded by Supervisor Sullivan, that the assessment levied on the building be reduced from \$8,650 to \$8,350.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, MacPhee, Mancuso, McCarty, Mead, Sullivan—8.

12. Consideration was resumed on Application No. 12, having been filed for the Estate of Kate C. Underhill.

Absent: Supervisors Christopher, Lewis, McMurray—3.

Application Withdrawn.

34. Harney, Charles L. 8, 10 3807 \$49,050 \$17,640 Bldg.

The Director of Property informed the Board that he had received word from Mr. Harney's representative, Mr. Jack Dooling, that Mr. Harney desired to withdraw his application.

No objection and application *withdrawn*.

Concluding Parliamentary Motions.

The President inquired whether or not there are, among those present in the Chambers, any who have not been heard with respect to applications which they had filed. No one responded.

1. Supervisor Sullivan thereupon moved, seconded by Supervisor Arnold, that any applications for equalization of assessments, not otherwise acted upon, be denied.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—9.

Absent: Supervisors Christopher, McMurray—2.

2. Supervisor Sullivan moved, seconded by Supervisor Arnold, that the Clerical Error List, applicable to the Assessment Roll for 1952-53, presented by the Assessor, be approved.

Request for Information.

Before Board action was taken on the foregoing motion, Supervisor MacPhee informed the Board that he had attempted to procure information from the Assessor's office relative to the assessment of an individual piece of property located within the Metropolitan

project but had been denied that right and was told that he could be given the assessment for the entire project but not on an individual basis.

The Assessor was called upon to explain and he stated that at the moment the assessment rolls were in the hands of the Board and that the assessment value of the entire Metropolitan project totaled some \$16,000,000. With respect to individual units, there were certain records which were considered confidential and that to release such information may cause embarrassment to the taxpayers.

The Assessor concluded his statement by declaring that he desired that the Board be furnished with all available information but that he was powerless to supply Supervisor MacPhee with the data he requested.

Motion.

Supervisor MacPhee moved, seconded by Supervisor Ferdon, that the Assessor be requested to supply the required information relating to the assessment on a particular building located within the Metropolitan project.

There being no objection, motion *withdrawn*.

Revenue and Taxation Section Read.

The Assessor read the following section from the Revenue and Taxation Code: "408. Records not regarded as public documents: Inspection of. Any information and records in the assessor's office which are not required by law to be kept or prepared by the assessor are not public documents and shall not be open to public inspection."

Motion Renewed.

Supervisor MacPhee renewed his motion heretofore made, seconded by Supervisor Ferdon, that the Assessor be requested to supply the required information relating to the assessment of a particular building located within the Metropolitan project.

Motion Ruled Out of Order.

The President of the Board ruled the foregoing motion out of order in view of the language of Section 408 of the Revenue and Taxation Code just read by the Assessor.

Supervisor Lewis stated he was opposed to the method being employed by Supervisor MacPhee to delay concluding actions by the Board of Equalization, and that information desired by Supervisor MacPhee should be a matter solely between the Supervisor and the Assessor.

While the discussion continued as to whether or not the Assessor should or could provide Supervisor MacPhee with the information he asked for, the Assessor's office proceeded to supply the Supervisor with the necessary information. The Supervisor thereupon thanked the entire Board for their patience and kindness in permitting him so much time in obtaining the data he sought.

Concluding Parliamentary Motions (Continued).

Motion Approving Clerical Error List.

Consideration was now given to the motion heretofore made by Supervisor Sullivan, seconded by Supervisor Arnold, that the Clerical Error List, applicable to the Assessment Roll for 1952-1953, presented by the Assessor, be approved.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, McCarty, Mead—8.

Absent: Supervisors Christopher, McMurray, Sullivan—3.

Consideration was resumed on the foregoing measure upon the appearance of Director of Property Eugene Riordan, who proceeded to answer questions raised by Supervisor Mancuso.

Director of Planning Paul Oppermann informed the Board that the subject location was one that would remain as a permanent site for a firehouse as contained in the Master Plan, although a number of such sites had been deleted from said plan.

Reference to Committee.

Declaring That a Substantial Shortage of Housing Accommodations Exists Which Requires the Continuance of Federal Rent Control in the City and County of San Francisco Up to and Including April 30, 1953.

Supervisor Mancuso presented:

File No. 9316, Resolution No. . . . (Series of 1939).

Motion.

Supervisor Lewis expressed the opinion that the Board should hear the foregoing measure sitting as a Committee of the Whole, and accordingly moved, seconded by Supervisor Mancuso, that the Board do sit and consider the foregoing measure, as a Committee of the Whole; that the President fix the date and time for such hearing and that wide publicity be given said hearing.

Discussion.

Supervisor Christopher stated that a hearing such as the one proposed by Supervisor Lewis would accomplish nothing. The landlords would speak for themselves; the tenants would speak for themselves and the members of the Board would have pressure exerted on them from both sides. The proper thing to do would be to determine if a housing shortage actually exists, and if it does, then continue the controls; if not, remove them.

Supervisor Ferdon suggested that the measure be referred to committee and advocated the conduct of a survey to determine the existence of a housing shortage. The Supervisor stated he believed a survey was already under way and that Supervisor Lewis should await the outcome of that check before presenting his motion for a public hearing.

Supervisor MacPhee, at this point, read excerpts from the San Francisco Examiner for Monday, July 28, in which he pointed out the existence of many vacancies.

Point of Order.

Supervisor Lewis rose to a point of order, contending that Supervisor MacPhee was straying from the specific subject. The President ruled the point of order not well taken, informing Supervisor Lewis that the courtesy extended to Supervisor MacPhee would be extended to any other Supervisors.

Portion of Motion Withdrawn.

Supervisor Lewis, there being no objection, withdrew that portion of the motion relating to the publicity required for the meeting.

Question.

Supervisor Christopher asked Deputy City Attorney Thomas O'Connor if the Board had the authority to extend rent controls in the absence of official findings of an actual housing shortage.

Mr. O'Connor replied that the federal law provided that the continuance of rent control shall be predicated upon a substantial housing shortage.

Motion Lost.

The roll was thereupon called on Supervisor Lewis' motion and it lost by the following vote:

Ayes: Supervisors Lewis, Mancuso, Mead—3.

Noes: Supervisors Christopher, Dobbs, Ferdon, MacPhee, McCarty, Sullivan—6.

Absent: Supervisors Arnold, McMurray—2.

The President referred the foregoing measure to the Joint County, State and National Affairs and Finance Committee.

Reference to Committee.

The following measure from Finance Committee, heretofore considered, was taken up:

Present: Supervisor McCarty.

Approving and Adopting Mission-Bartlett Parking Plaza Legal Documents, and Authorizing and Directing Publication of Call for Bids.

File No. 9290, Resolution No. 12491 (Series of 1939).

July 28, 1952—Consideration continued to August 4, 1952.

Motion to Adopt.

Supervisor McCarty moved adoption of the foregoing measure. Motion seconded by Supervisor Ferdon.

Discussion.

Supervisor MacPhee stated he did not believe the bid provisions proposed by the Parking Authority in its call for bids would provide sufficient revenues to protect the city's investment in the parking lot, and that he believed the city should enter into such a transaction in the same manner as any individual would in the investment of his personal funds.

Mr. Albert Jacobs, representing the Parking Authority, informed the Board that the decision reached represented a compromise between two schools of thought, a compromise that would produce the greatest revenue and benefit the most people.

Supervisor Mancuso expressed the belief that the Parking Authority had done a grand job.

Roll Call.

The roll was thereupon called and the foregoing measure was adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Lewis, Mancuso, McCarty, Mead, Sullivan—8.

No: Supervisor MacPhee—1.

Presentation of Distinguished Guest.

The President announced to the Board that he was taking great pleasure in presenting to the members and to the people assembled in the Chambers, Lieutenant John Shannon of the Air Force, who is a pilot of a jet plane known as the "Shooting Star." Lieutenant Shannon is a native of San Francisco, lives at 100 Ewing Terrace and was educated at St. Ignatius High School. The Lieutenant has participated in over one hundred missions on the Korean front and is recommended for the Distinguished Flying Cross. The Lieutenant was rousinglly applauded.

Lieutenant Shannon said it was indeed a pleasure for him to appear before the Board and proceeded to explain his presence in San Francisco and outlined his future plans.

Supervisor Sullivan was called upon by the President to reply and he expressed the Board's pride in having the opportunity of welcoming one of the city's war heroes.

Resumption of Consideration of File No. 8738 "Declaring Intention to Discontinue and Abandon the Use of Columbia Square as a Public Park."

Supervisor Lewis having been noted present, consideration was resumed with respect to the adoption of the foregoing measure.

Explanation of Action on Acting Mayor's Veto.

The President of the Board explained the voting on the Acting Mayor's veto as follows: "A vote 'Aye' overrides the Mayor's veto, and eight votes are required to so override."

Discussion.

Supervisor Christopher stated that over the years no effort had been made to keep the Square in presentable condition with the result that it has deteriorated rapidly. However, he believed that a suitable plaque or memorial should be constructed on the site in honor of the donor of the land to the city.

Privilege of the Floor.

The privilege of the floor was extended to a Mr. William K. Gutzkow who proceeded to protest the proposed abandonment, informing the Board that the land had been donated to the city in 1852 for park purposes and that the City Attorney had ruled that it was illegal to give park land away. Further, the area had historical value, having been the site for many refugees from the great fire of 1906, and that to build a school in the area would not only destroy the purpose of the donor of the land but would jeopardize the lives of the children who would attend the school as extremely heavy traffic prevails on both Folsom and Harrison Streets.

Mr. Paul Oppermann, Director of Planning, expressed the opinion that the proposed expenditure by the Board of Education of approximately one million dollars for a school in the subject area seemed to be an unwise expenditure since the housing in the neighborhood seemed to compare with the dilapidated dwellings found in the Western Addition. Further, a check showed some 697 children attended school in 1947 while today there are not more than 400 and that this number will undoubtedly continue to decline. Eventually, Mr. Oppermann continued, it may come to the point where the school will have to seek pupils from other parts of the city to justify its existence. While the City Planning Commission sympathizes with the circumstances confronting the Board of Education, its opinion was that it was unwise and unsound to construct a school in an industrial area and one which seeks more and more industries.

The privilege of the floor was next extended to Dr. Herbert C. Clish, Superintendent of Schools. Dr. Clish stated that his Board

had gone thoroughly into this vexing problem and that sufficient children live in the area to justify the construction of a school. The suggestion had been advanced by Supervisor Lewis at a previous meeting of the Board that no school be constructed and that the children be transported to other schools. This the Superintendent of Schools objected to, contending that the transportation of children at best had proven undesirable. In any event, Dr. Clish concluded, the voters should be accorded the opportunity of deciding whether or not Columbia Park should be abandoned for park purposes.

Permission to Abstain from Voting—Denied.

Supervisor Lewis requested permission to abstain from voting. Supervisor Ferdon objected.

The President accordingly denied the request.

Roll Call.

The roll was thereupon called and the Acting Mayor's veto was *overridden* by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, MacPhee, Mancuso, McCarty, Mead, Sullivan—8.

No: Supervisor Lewis—1.

Absent: Supervisors Dobbs, McMurray—2.

The following recommendation of County, State and National Affairs Committee, heretofore considered, was taken up:

Opposing Proposed Construction of High Level Steel Bridge Between Richmond and San Rafael.

File No. 9072, Resolution No. . . . (Series of 1939).

July 14, 1952—Consideration continued to August 4, 1952.

Communications.

The Clerk read communications from the cities of Martinez, Concord and Walnut Creek, favoring adoption of resolution approving construction of high level steel bridge between Richmond and San Rafael, and one from C. A. "Cappy" Ricks of Martinez, opposing the construction of such a bridge.

Motion to Re-refer to Committee.

Supervisor Mancuso asserted that the Board should leave the decision whether or not to support the construction of such a bridge to the discretion of the Board's Sacramento Legislative Representative and accordingly moved, seconded by Supervisor Sullivan, that the pending measure be re-referred to committee.

Supervisor McCarty pointed out that the city should not jeopardize its chances of constructing a southern crossing by adopting a measure favoring the construction of the San Rafael-Richmond bridge.

Supervisor Christopher stated he was opposed to the language of the pending measure since its adoption might impede the progress of local communities and that he believed a deal for a southern crossing might be years in the offing.

Substitute Motion.

Supervisor Lewis moved, as a substitute, that consideration of the pending measure be continued for a period of one week on the grounds that (1) he would like to prepare amendments, and (2) to permit Supervisor Dobbs, who is absent, the opportunity of voting on the question.

Opposition to Continuance.

Supervisor Arnold opposed the continuance for one week on the grounds that the matter had been thoroughly aired and that action should now be forthcoming.

Motion to Continue Consideration Lost.

The roll was thereupon called and the motion to continue consideration for one week lost by the following vote:

Ayes: Supervisors Ferdon, Lewis, MacPhee, McCarty—4.

Noes: Supervisors Arnold, Christopher, Mancuso, Mead, Sullivan—5.

Absent: Supervisors Dobbs, McMurray—2.

Re-referred to Committee.

Ayes: Supervisors Arnold, Christopher, MacPhee, Mancuso, Sullivan—5.

Noes: Supervisors Ferdon, Lewis, McCarty, Mead—4.

Consideration of Legislation Returned Unsigned by Acting Mayor.

Upon reconvening, the Clerk read a communication from Acting Mayor Marvin E. Lewis, returning unsigned File No. 9314 entitled "Requesting Mayor to Appoint Citizens' Committee for the Proper Celebration of Angel Island Day, September 21, 1952."

Explanation.

Supervisor Lewis explained that his action, as Acting Mayor, in returning the above measure unsigned was due to information furnished him by the Mayor's office that such a measure should contain a reference therein that such a committee would be operative "providing funds are available." He did not oppose the measure as such but was advised that it should contain the additional information regarding the availability of funds.

Motion to Amend—Out of Order.

Supervisor Lewis thereupon moved that provision be inserted in the subject measure regarding the operation of the committee "providing funds are available."

The President ruled the motion out of order as not being a proper motion.

Rescission of Action.

Supervisor Lewis moved that the Board rescind its action whereby it had adopted the subject measure on July 28, 1952. Motion seconded by Supervisor Sullivan, and there being no objection, motion carried.

Statement Regarding Position of Purported Existence of Housing Shortage in San Francisco.

Supervisor MacPhee reaffirmed his stand taken at an earlier meeting that facts prove that beyond a doubt that rental accommodations are available and that this premise does not apply simply to those paying in excess of \$75 or \$100 a month. Items in the papers show that accommodations are also available in the lower-bracket group as well. (Here he pointed out six columns of the San Francisco Examiner containing rental accommodations data.) The Supervisor also commented on certain cities where rents have been decontrolled and attempted to show that after such action had been taken the unfavorable reaction was nebulous.

Adopted.

The following recommendation of Finance Committee was taken up:

Present: Supervisors Arnold, Christopher, McCarthy.

(Supervisor Christopher dissenting.)

Motion Requesting City Attorney to Prepare Legislation Calling for Submission of a \$6,620,000 Bond Issue for the Rehabilitation of the Municipal Railway.

File No. 9303.

It is moved that the Clerk be directed to request that the City Attorney prepare and submit to this Board at as early a date as is possible legislation necessary to the submission at the election to be held on November 4, 1952, a bond issue in the amount of \$6,620,000 for rehabilitation of the Municipal Railway, the details of estimated expenditure being as shown in the report of the Public Utilities Commission dated August 6, 1952.

(NOTE: The request for this bond issue as originally submitted by the Public Utilities Commission was in the amount of \$8,981,600 and included funds for buses, trolley coaches and other equipment intended to provide a substitute for certain of the existing cable car facilities. Upon reconsideration by the Public Utilities Commission such proposal was abandoned and a substitute measure requesting a bond issue in the amount of \$6,620,000 was presented, detailed expenditures under which are set forth in the Public Utilities communication of August 6, 1952.)

Explanation of Vote.

Statement of Supervisor George Christopher in re Submission of Municipal Bond Issue.

I am voting against the submission of a bond issue in the amount of \$6,620,000 for the Municipal Railway for the following reasons:

1. There is now pending before the Administration the matter of establishing a "Transit Authority" to manage the affairs of the Municipal Railway. It is unquestionably the intent of all concerned that this new Transit Authority shall be comprised of expert transportation persons, fully versed and experienced in the management of a transit system. I would prefer to have the Transit Authority's recommendation in this regard, for it is wholly possible that the new Authority may be saddled with equipment which it may deem inappropriate. If a new authority is to run the railway, it should not be encumbered with decisions made by a prior Commission.

2. I do not recall that the \$20,000,000 originally voted to rehabilitate the Municipal Railway was only for partial rehabilitation. It was my understanding that the \$20,000,000 constituted a full program, and the people were promised fast, efficient service at minimum fares.

3. I am not convinced that the type of cars and equipment contemplated for purchase with this proposed new bond issue is the proper equipment for our needs. In seeking expert advice on this matter, I note that there is a wide variance of opinion between the experts themselves, and a private operator who recently made a lease offer for the Municipal Railway to San Francisco (Mr. Jess Haugh) indicated that our type of equipment was entirely too costly. I believe we should obtain fuller information as to type of equipment before spending more millions.

If a private operator considers our type of equipment inefficient and in need of complete conversion as he stated, we should think twice about spending more millions for the same kind of equipment.

Supervisor McCarty, in explaining his vote, stated that he was of the belief that the bond issue should be submitted notwithstanding

the fact that a Transit Authority might be created, because such a bond issue was necessary for the efficient operation of the Municipal Railway.

Motion to Postpone.

Supervisor Lewis remarked that he was not convinced that the bond issue was necessary and that before he voted on the matter he would like to have additional information from the proponents of the measure.

Supervisor Lewis moved that consideration be continued for one week.

Motion lost for want of a second.

Motion to Temporarily Postpone.

Supervisor Arnold informed the Board that the report on the bids for the housing survey was ready and moved that the Board temporarily postpone consideration of the bond issue and recess to consider the report on the bids in connection with the housing survey, seconded by Supervisor Dobbs.

No objection and motion carried.

Reconvening of Board.

The Board reconvened at the hour of 4:20 p. m.

Adopted.

The following recommendation of the Joint Committee on Finance and County, State and National Affairs was taken up:

Recommending That the Purchaser of Supplies Award a Contract for the Conduct of a Survey of Housing Accommodations in San Francisco to John Kellogg and Associates.

File No. 9324-1, Resolution No. 12501 (Series of 1939).

Discussion.

Supervisor Arnold explained that the committee was recommending the award to John Kellogg and Associates even though Keaton Advertising submitted a lower bid. He further remarked that the reason for so doing was that the services of Keaton Advertising were not acceptable to labor, business or the apartment house industry.

Suspension of the Rules.

Supervisor Arnold, seconded by Supervisor Lewis, moved the suspension of the rules for the immediate consideration of the legislation.

No objection and motion carried.

Question of Parliamentary Information.

Supervisor Christopher inquired of the Chair as to whether or not the legislation would require a unanimous vote for adoption.

The Chair ruled that the matter was a committee recommendation and would require a majority vote.

Explanation of Vote.

Supervisor Mead in explaining his vote stated that he would have to vote against the legislation because the lowest bid was not accepted.

Adoption.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Lewis, MacPhee, Mancuso, McCarty, Sullivan—9.

No: Supervisor Mead—1.

Absent: Supervisor McMurray—1.

Adopted.

The Board resumed consideration of File No. 9303, heretofore temporarily postponed.

Motion Requesting City Attorney to Prepare Legislation Calling for Submission of a \$6,620,000 Bond Issue for the Rehabilitation of the Municipal Railway.

Upon reconsideration by the Public Utilities Commission such proposal was abandoned and a substitute measure requesting a bond issue in the amount of \$6,620,000 was presented, detailed expenditures under which are set forth in the Public Utilities communication of August 6, 1952.)

Explanation of Vote.

Supervisor Lewis in explaining his vote stated that by voting to have the City Attorney prepare the legislation he would not be bound to vote to submit the proposal to the people.

Adoption.

Adopted by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Lewis, Mancuso, McCarty, Mead, Sullivan—8.

Noes: Supervisors Christopher, MacPhee—2.

Protest re Remarks Attributed to State Legislative Representative Concerning San Francisco's Position on Construction of Scale Model of San Francisco Bay.

Supervisor Ferdon objected to the action taken by the State Legislative Representative in informing a legislative committee that San Francisco would approve the construction of the scale model of San Francisco Bay and contribute its share of the cost, although the City and County, through its legislative body, had taken no official position.

Supervisor Ferdon requested that the Clerk direct a communication, over his signature, to admonish Mr. Cleary in connection with his future representations.

No objection and request *granted*.

Statements by Supervisors Concerning Construction of Scale Model of San Francisco Bay.

Supervisor Lewis stated that he did not believe that a scale model would be of assistance to San Francisco because the other counties would not be persuaded to change their minds if the model proved that a southern crossing was the only feasible crossing. He further remarked that he would be in favor of the construction of the model if either the State or the United States would pay the cost.

Supervisor Christopher requested that the Clerk prepare legislation calling for the State to appropriate money for the construction of the scale model of San Francisco Bay.

No objection and request *granted*.

Supervisor MacPhee explained that he believed that the construction of a scale model would be of great benefit to San Francisco because it would help decide what type of crossing should be constructed, and, because of that, he was in favor of going ahead and undertaking the construction of the model.

Supervisor Mancuso remarked that the scale model would be of great assistance in finding out what would be best for the Bay Area, not only for today but for the future.

Supervisor McCarty said that he felt that a model should be built and that San Francisco should contribute its share of the cost, but at the present time no money was available for that purpose. He further stated that he believed that another meeting should be held on the subject, preferably in Alameda County.

Adopted.

Noes: Supervisors Christopher, Lewis, MacPhee—3.

Absent: Supervisor McMurray—1.

Motion to Rescind Action

Supervisor Christopher stated that he did not believe that any member of the Board had any more definite opinion on the Municipal Railway bond issue than he did. That he did not believe that the people should be requested to pass on another bond issue at this time because the first \$20,000,000 was not spent as it should have been, and that he felt it would be bad business for the taxpayers of San Francisco to permit the Public Utilities Commission to have the amount of money as proposed by bond issue.

The Chair ruled that Supervisor Christopher was out of order since the matter had been voted upon and defeated.

Supervisor Christopher informed the Chair that he was prefacing a motion.

Upon that premise the Chair permitted the Supervisor to continue.

Supervisor Christopher further stated that he felt that if the people wanted to vote on the bond issue that was their prerogative and for that reason he moved that the Board rescind action. Motion seconded by Supervisor Mancuso.

Discussion

Supervisor Mancuso explained that he had voted for the submission of the bond issue but that he was not in favor of it, and that he felt the people should have an opportunity of determining whether or not they wanted further improvements of the Municipal Railway.

Supervisor Lewis remarked that he could not understand why a Supervisor would change his vote just to submit a matter to the people.

The Chair ruled that a Supervisor could change his vote any time he so desires.

Point of Order

Supervisor Christopher rose to a point of order: that the Chair was out of order in debating with members of the Board without relinquishing the chair and coming down on the floor.

The Chair ruled that the point of order was not well taken.

Discussion

Supervisor Lewis stated that he reserved the right to give his views on any matters before the Board and would do so without reference to personalities. He explained that he voted against the legislation because no far-sighted plan had been evolved, and that under those circumstances he would continue to vote against the legislation.

Motion to rescind carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, MacPhee, Mancuso, McCarty, Mead, Sullivan—9.

No: Supervisor Lewis—1.

Absent: Supervisor McMurray—1.

Explanation of Vote

Supervisor MacPhee stated that he voted to rescind because it was a courtesy he would extend to any member of the Board; that he would vote against the bond issue because no plan had been made for an over-all rapid transit program.

Supervisor Christopher explained that he would vote for the bond issue because he did not want his vote to be the one to prohibit the citizens from expressing their opinion on the matter.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Mancuso, McCarty, Mead, Sullivan—8.

Noes: Supervisors Lewis, MacPhee—2.

Absent: Supervisor McMurray—1.

Motion to Adopt.

Supervisor McCarty, seconded by Supervisor Arnold, moved adoption.

Discussion

Supervisor Dobbs explained that he was prepared to vote against the legislation because the two proposals on the calendar would deplete the entire amount of the appropriation.

Supervisor McCarty remarked that the Angel Island Day Committee was not in a position to undertake the reception and that it should be done by San Francisco.

Supervisor MacPhee stated that the reception was a policy matter and should be determined by the Mayor.

Mr. Brooks, Chief Administrative Officer, explained that the Mayor had appointed a citizens' committee, that a meeting had been held at which a representative of the Angel Island Day Committee was present, and it had been decided that the reception should be a San Francisco affair.

Determining and Declaring That Public Interest and Necessity Demand the Acquisition, Construction and Completion by the City and County of San Francisco of the Following Municipal Improvement, To Wit: The Acquisition of Lands and the Improvement Thereof by the Construction of Firehouses Thereon and the Reconstruction of Existing Firehouses, and All Other Works, Properties, or Structures Necessary or Convenient for the Construction and Reconstruction of

Firehouses, All Within the City and County of San Francisco, and That the Estimated Cost of Said Municipal Improvement Is and Will Be Too Great to Be Paid Out of the Ordinary Annual Income and Revenue of Said City and County.

File No. 9395-1, Resolution No. 12564 (Series of 1939).

Discussion.

Supervisor Mancuso requested an explanation as to why the proposed bond issue was so much higher than the one that had been presented earlier in the year.

Chief Gilmore explained that the proposal provided for the rehabilitation of all the firehouses in San Francisco; that the amount was arrived at after consultation with the City Planning Commission. He informed the Board that the bond issue took into consideration present needs and those in the foreseeable future, the purchase of sites, the relocation of certain houses, the construction of 19 new firehouses and the reconstruction of 25 existing ones.

Supervisor MacPhee asked whether or not the firehouse in the Lake Merced area was included in the bond issue.

Mr. Leo H. Shapiro, President of the Fire Commission, remarked that the project was now under construction with money budgeted by the Board.

Chief Gilmore explained that the list showing the firehouses to be constructed was prepared by the City Planning Commission and did not differentiate between those to be erected with bond money and those that would be built by money budgeted for the Fire Department.

Supervisor Christopher stated that the only report that had been presented to the Board was the report dated August, 1952, "Report on Plan and Location of Firehouses in San Francisco," and that he was under the impression that the report was only for firehouses to be constructed by bond money.

Supervisor Christopher further remarked that although he was in favor of reconstructing the firehouses he was of the belief that the Board should be presented with a comprehensive report on the proposal.

Supervisor Mancuso asked for a breakdown of the bond issue.

Chief Gilmore replied that \$285,000 would be for the purchase of new sites; \$3,950,000 for construction of 19 new firehouses; \$50,000 for engineering studies; \$365,000 for reconstruction of 25 existing firehouses and \$100,000 for contingencies.

Supervisor MacPhee said that he believed the firehouses should be repaired and that they should be started as quickly as possible; that it should and could be done by funds for capital improvements which should be secured by broadening the tax base. He further stated that although he would vote for the bond issue he believed that the Board should have more information on the matter.

Presentation of Guest.

Supervisor Mancuso introduced Supervisor Frank Gibson from San Diego County.

Supervisor Gibson extended an invitation to all members to attend the forthcoming convention to be held in San Diego.

Discussion Continued.

Supervisor Christopher remarked that in view of the fact that some millions of dollars were involved he would like to know whether or not the legislation could be continued to the next meeting.

Mr. Dion Holm explained the procedure followed by the Registrar of Voters and also the time limits in connection therewith. Mr. Holm

stated that the Board could continue consideration to the next meeting, but if any Supervisor changed his mind when the legislation calling the election was up on final passage, and the legislation failed to receive the necessary votes, the Registrar would have to block out the bond issue on the voting machines and also the ballots.

Privilege of the Floor.

Supervisor Christopher, seconded by Supervisor Mancuso, moved privilege of the floor for Mrs. Martha Page, representing the San Francisco Planning and Housing Association.

No objection and motion *carried*.

Mrs. Page explained that her association had been studying the matter for about six weeks; that they had contacted interested parties and, although the proposal had not been adopted as part of the Master Plan, because of the necessity of the matter it was their recommendation that the bond issue be submitted to the people.

Discussion Continued.

Supervisor Mancuso stated that he did not believe that the bond issue should be presented to the people until after public hearings were held and determination made as to the exact location of the firehouses, and for that reason he would not vote to submit the proposal to the people.

Supervisor Christopher asked the City Attorney as to whether or not, in view of the letter of transmittal from the City Planning Commission in which they state that the location of the firehouses had not been included in the Master Plan, the Board could properly submit the bond issue to the people.

Mr. Holm answered that it properly met, for the time being, the provisions of Section 116.1 in that they had made a review and said that it did not conflict with the Master Plan; later the City Planning Commission would have to give the Board specific reports as to conformity with the Master Plan.

Supervisor McCarty remarked that he did not believe that the bond issue should be amended to set forth specific sites for the firehouses because of the delay that would be entailed in determining whether or not the property owners would sell the land. He reminded the Board that the Firehouse Bonds were left off the June election because it had been agreed by the members that nothing should go on that ballot that might jeopardize the proposed Charter amendment making the firemen and policemen subject to salary standardization.

Point of Order.

Supervisor MacPhee rose to a point of order; that he had made no agreement as mentioned by Supervisor McCarty and if any other Supervisor did so he knew nothing of it.

The Chair ruled the point of order well taken.

Discussion Continued.

Supervisor MacPhee continued that it was his opinion that the Board should have more time to consider the proposal and that he would suggest that the resolution of necessity be passed but that the legislation consolidating the Special Election with the General Election be continued to the next meeting of the Board.

Supervisor Ferdon stated that he agreed with Supervisor MacPhee but believed that the legislation consolidating the elections should be re-referred to the Finance Committee.

Supervisor Mancuso explained that he was in favor of the construction of firehouses in San Francisco, but that he was also aware of the fact that the proposal had not been given the consideration

that it should have been given; that he was afraid that the Board was giving the Fire Department the authority to construct firehouses in the downtown area and not in the residential district. He further stated that he would vote for the resolution of necessity but that he desired more information before he could vote for the legislation to consolidate the elections.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Ferdon, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—9.

Absent: Supervisors Dobbs, McMurray—2.

Consideration Continued.

The Board resumed consideration of File No. 9348 relating to the zoning appeal on property located on West Portal Avenue.

Discussion.

Supervisor Mancuso inquired as to whether or not the Charter amendment permitting postponement until all members of the Board were present had been ratified by the Legislature.

Mr. Walker Peddicord replied that it was in effect, and suggested that the matter be continued to the next meeting and then if a full membership is not present the matter could be continued to a time certain.

Motion to Continue Consideration.

Supervisor MacPhee, seconded by Supervisor Mancuso, moved that consideration of the proposal be continued to the next meeting of the Board.

No objection and motion *carried*.

Consideration Continued.

The Board resumed consideration of File No. 9303-3, providing for a special election for \$6,620,000 Municipal Railway Rehabilitation Bonds.

File No. 9395-2, Resolution No. . . (Series of 1939).

Motion to Re-refer.

Supervisor Mancuso, seconded by Supervisor Ferdon, moved that the legislation be re-referred to Finance Committee.

Supervisor Arnold expressed the opinion that inasmuch as the main objection to the bond issue seemed to be in connection with the sites for the firehouses, the legislation should be referred to the Public Buildings, Lands and City Planning Committee.

The Chair ruled that the proper committee was the Finance Committee because the issue is the authorizing of \$4,750,000 Firehouse Bonds.

There being no objection to the motion the Chair *re-referred the legislation to the Finance Committee.*

Consideration Continued.

The following recommendation of Joint Police and Judiciary Committee was taken up:

Present: Supervisors Arnold, Dobbs, Ferdon.

An Ordinance Requiring Any Person Engaged in the Business of Selling Air Travel Passenger Tickets to the Public to File a Bond With the Chief of Police, and Providing Penalty for Violation Thereof.

Present: Supervisors Dobbs, Ferdon.

Charter Amendment, Section 172, to Provide for Compensation Insurance Payments to Certain Members of the Fire Department as Defined in Charter Section 169.

File No. 9279

Discussion.

Supervisor Ferdon explained that the same Charter amendment had been submitted to, and approved by, the people at a previous election but due to inadvertence, reference to Section 169 was omitted, thus making it an invalid amendment.

Mr. Walker Peddicord remarked that the amendment would take care of those members of the Fire Department who were members prior to January 8, 1952; that it was through no fault of any persons that reference to Section 169 was omitted from the last Charter amendment.

Amortization of Bonds With Gas Tax Money.

Supervisor Christopher remarked that he had received a report from the Controller advising that a program to amortize bonds with gas tax money would be feasible and practical but would require enabling legislation to be enacted by the State Legislature.

Supervisor Christopher then requested the Clerk to prepare the necessary legislation for presentation at next Tuesday's meeting.

No objection and request *granted*.

Supervisor MacPhee Excused from Attendance.

The Chair informed the Board that, while the Board was discussing a matter on the floor, he had excused Supervisor MacPhee from attendance.

Statement by Supervisor Ferdon in Connection With Action Taken by Public Utilities Commission With Reference to the Proposed Charter Amendment Synchronizing Retirement Benefits and Social Security Benefits for Employees of the Municipal Railway.

Supervisor Ferdon explained that for six months the Judiciary Committee had requested the Public Utilities Commission to submit a report on the proposed Charter amendment providing for the synchronization of retirement benefits of the City and social security benefits, for employees of the Municipal Railway, and at the last meeting of the Committee, Mr. George Warren, Acting Manager of Utilities, advised the Committee that the Public Utilities Commission

did not know exactly what was proposed by the amendment and requested that it be withdrawn from consideration for the forthcoming November election.

Supervisor Ferdon further stated that Supervisor Dobbs and himself had sent a letter to the Public Utilities Commission on the subject.

He expressed his opinion that each Committee of the Board should inform the various departments that it expects to receive full cooperation on matters affecting such department; otherwise it would be impossible for the Board to accomplish its end, which is good government.

Mr. Brooks replied that the contract had been let and the project should be completed before winter.

Inquiry as to Status of Program Relating to Junipero Serra Boulevard Extension.

Supervisor Mancuso asked the President as to the status of the program providing for the continuation of the Junipero Serra Boulevard Extension.

Supervisor Mead advised the Supervisor that the boulevard would be extended but that he did not know whether or not it would be completed to Burlingame because the City of Burlingame was protesting said extension.

Statement by Supervisor Mancuso Concerning Anonymous Telephone Calls He Had Received in Connection With Rent Control.

Supervisor Mancuso stated that he, as well as his brother, had received anonymous telephone calls from persons purporting to be large property owners and members of the Apartment House Associations, informing them that if he did not vote to discontinue rent control, a petition would be circulated for the purpose of boycotting their businesses.

Supervisor Mancuso requested that the Clerk direct a communication to the Apartment House Industries advising them of the situation.

Supervisor Christopher expressed the hope that Supervisor Mancuso would relent from his position and let the matter die a natural death, because by so doing he would not be leaving himself open to ramifications at present unknown.

Supervisor Mancuso *withdrew his request.*

Attendance at County Supervisors' Day at the State Fair.

Supervisor Mancuso remarked that Friday, August 29, was County Supervisors' Day at the State Fair and expressed the hope that the members of the Board would be able to be in attendance.

San Francisco's Exhibit at Sacramento.

Supervisor Mancuso inquired from Mr. Brooks as to when San Francisco would have its exhibit ready in Sacramento.

Mr. Brooks explained that it would be completed around October 1, but it would be too late for the State Fair: that it would be a replica of San Francisco to scale.

Statement of Supervisor McCarty Relative to Litigation Between Retired City Employees and Retirement Board in Determination of Retirement Benefits.

Supervisor McCarty explained that the Finance Committee was requested to authorize dismissal of appeal taken by the City against a certain retired employee who had brought suit to determine the exact amount of retirement benefits to which he was entitled; that such dismissal was brought about because the pensioner had to waive his right of appeal due to the fact that he did not have any more money to continue the litigation.

Supervisor McCarty expressed the opinion that some legislation should be enacted to provide that in cases of disagreement between the Retirement Board and a retired City employee as to the amount of pension due said City employee, that the employee receive the pension established by the Retirement Board until such time as the courts determine the pension benefits to which said City employee is entitled.

On advice of Mr. Walker Peddicord, Supervisor McCarty requested the Clerk to prepare a communication directed to the Retirement Board and the City Attorney requesting them to investigate the matter and submit remedial legislation; that said communication was to be sent on behalf of Supervisors Lewis, Mead and McCarty.

Adopted.

Resumption of Consideration of File No. 9301, Proposed Charter Amendment, Relating to the Powers of the Board of Permit Appeals.

Supervisor MacPhee having put in an appearance, consideration of the foregoing measure was resumed.

Communications Read.

The Clerk read communications received from the American Institute of Architects, Associated Home Builders, Consulting Engineers' Association of California, Structural Engineers' Association of Northern California and the Associated General Contractors.

Discussion.

Supervisors Lewis and Mancuso stated they believed the matter should be submitted to the voters.

Supervisor Christopher stated that the Department of Public Works objected to the submission of the amendment as proposed, and that the City Planning Commission as well as the Department of Public Health should express themselves. The Supervisor suggested that the measure be re-referred to committee for the purpose of having the various departments involved reach an agreement on the type of Charter amendment which should be submitted.

The President of the Board, speaking from the floor as a Supervisor, having asked Supervisor McCarty to temporarily assume his position as President, expressed the opinion that the Board should submit the amendment and let the people decide the issue.

Communication.

At this point the Clerk read a communication signed by W. J. Varley, representing the Electrical Contractors' Association, urging postponement of Board action until a future date.

Addition of Ex-Officio Members.

Supervisor Ferdon suggested that both the Controller and the Chief Administrative Officer be added to the membership of the Board of Permit Appeals as ex-officio members. If amendment is made to add the two officials, he would vote for the measure; otherwise he preferred to remand the measure to committee.

Substitute Motion.

Supervisor MacPhee moved, as a substitute, that the measure be re-referred to committee. Motion seconded by Supervisor Christopher.

The Chief Administrative Officer spoke against the proposed measure, contending that its intended powers are too broad.

Ernest L. West, a member of the Board of Permit Appeals, stated that his body was primarily interested in helping the poor man make small alterations and that as far as new buildings were concerned, the provisions affecting them were being strictly enforced.

Privilege of the Floor Denied.

Supervisor Dobbs moved the privilege of the floor to W. J. Varley, representing the Electrical Contractors' Association. Supervisor Mancuso objected; however, questions were asked of him from the floor by President Dewey Mead.

Motion to Re-refer to Committee Lost.

The roll was thereupon called on the motion to re-refer to committee and it lost by the following vote:

Motion seconded by Supervisor Arnold and lost by the following vote:

Ayes: Supervisors Arnold, Lewis, McCarty, Mead, Sullivan—5.

constituted class discrimination, designed to benefit a few, and would wreak irreparable harm upon the merit system.

The roll was thereupon called and the foregoing measure was *finally passed* by the following vote:

Consideration of the foregoing measure was resumed.

Discussion—Explanations of Votes.

Supervisor Lewis objected to the proposal to eliminate the "B" line on Geary Street, and dwelt at length on other aspects of the proposed bond issue to which he objected, and stated that in view of the foregoing reasons, he was voting against submission.

Supervisor Mancuso stated that he preferred to have the people decide whether or not the bond issue should be approved, although personally he was opposed to the measure and was a supporter of the plan for the establishment of a Transit Authority.

Supervisor Christopher stated that he did not think the measure a sound one, and although he had been defeated in the race for Mayor, he did not want to deprive the present administration from submitting the bond issue to the people for their approval or disapproval. Personally, he concluded, he was opposed to the measure until a Transit Authority had been formed.

The roll was thereupon called and the foregoing measure was *passed for second reading* by the following vote:

Discussion.

Edward P. Walsh, Chief Engineer of the Fire Department, explained the necessity for the submission of the bond issue.

Supervisor Mancuso raised questions concerning the construction of firehouses and if such construction would insure proper distribution of firemen about the city.

Mr. Paul Oppermann, Director of Planning, assured the Supervisor that the question of location had been given most serious consideration by his Commission, and that the proposed construction had been designed to adequately take care of future needs.

Statements in Connection With the Passing of Supervisor Patrick J. McMurray.

Supervisor Christopher stated that the passing of Supervisor McMurray constituted a personal loss to him. Both he, Pat and Supervisor Lewis came on the Board together, and for the first time in seven years, Pat will no longer be with us, instead he has been summoned by his Heavenly Father to sit in on a higher Council. The loss of Pat is an irreplaceable one not only to his colleagues but to the entire citizenry of San Francisco. Supervisor Christopher stated both he and his wife intended to visit Pat at the hospital but through the vagaries of circumstances, the visit will be made but under different conditions.

Supervisor Lewis: The loss of Pat is a deep loss to every one of us. Both George and I and Pat came on the Board together. I can remember many times in the Board when the temperature ran high,

Pat, with some sort of homey expression would relieve the tension and everybody would get back to normal. Pat truly represented the common man and represented him to the best of his ability. He will always be remembered for his sweetness, his kindness, his generosity and forgiveness, and today there is not a man who has not a sad spot in his heart and as George said, his memory shall forever be enshrined in the hearts of all San Franciscans.

President Mead: I am at a loss for words. It just so happens that Mrs. Mead and I visited Pat at the hospital. He was your friend, and my friend, the friend of all the people. I would like to remember Pat as I saw him the last time he appeared in the Chambers. Through all his sickness, he never failed to maintain a sense of humor. San Francisco has lost a real friend and a part of San Francisco and we will truly remember him as long as we live.

File No. 9483, Resolution No. . . . (Series of 1939).

Discussion.

Supervisor Christopher inquired as to the accuracy of the statement in the ballot argument for the Municipal Railway Rehabilitation Bonds referring to additional operating economies of \$650,000 annually.

Mr. Ross informed the Board that the resolution providing for ballot arguments to be paid for by the City had not been approved as to "funds available" and any action taken by the Board would be to no avail without first securing such approval.

Supervisor Dobbs remarked that the Registrar of Voters had stated that money was available for the purpose.

Mr. Ross explained that no surplus funds were available at the present time and no request had been made for a transfer of funds.

Motion to Temporarily Postpone.

Supervisor Dobbs moved temporary postponement and that the Registrar of Voters be sent for.

The Chair directed that the Registrar be requested to appear before the Board.

Supervisor Mancuso suggested that the Controller and Mr. Brooks get together and make arrangements to secure the funds necessary.

Mr. Brooks explained that he would recommend the transfer of sufficient funds to provide for the payment of the ballot arguments.

Motion to Temporarily Postpone.

Supervisor McCarty, seconded by Supervisor Halley, moved temporary postponement until the legislation could be certified as to funds available.

Discussion.

Supervisor McCarty commented on the manner in which the proposals were given numbers and suggested that in the future ballot measures be numbered in accordance with the order in which they are presented to the Board.

Request to Be Excused.

Supervisors Lewis and MacPhee requested that they be excused from attendance at 4:30 p. m.

No objection and request *granted*.

Adoption.

Adopted by the following vote:

File No. 9483, Resolution No. 12602 (Series of 1939).

Motion to Amend.

Supervisor Dobbs announced that the legislation could not be certified by the Controller at the present time.

Supervisor Dobbs, seconded by Supervisor Ferdon, moved that the legislation be amended by amending the "Further Resolved" to provide that funds of the City and County shall be used for the payment of ballot arguments provided that funds are available for the purpose.

Supervisor MacPhee stated that he was of the opinion that the money for the Municipal Railway Bond argument should come from Municipal Railway fund, and that he would have to vote against the legislation if the arguments were all included in one resolution.

Request for Seriatim Consideration.

Supervisor MacPhee requested seriatim consideration.

The Chair ruled that a motion would be required to take the matters up seriatim.

Motion to Amend Carried.

No: Supervisor MacPhee—1.

Absent: Supervisor Sullivan—1.

Discussion (Continued).

Supervisor Christopher inquired from the Controller as to the statement in the ballot argument for the Municipal Railway Rehabilitation Bonds relative to annual savings would amount to \$650,000.

Mr. Ross explained that it was possible that there could be a profit, but that the Public Utilities Commission was projecting the savings that might accumulate by the changeover.

Supervisor Mancuso stated that if any amendments were to be made to the ballot argument, the representatives from the Public Utilities Commission should be present.

The Chair directed that Mr. Turner be requested to appear before the Board.

Motion to Amend.

Supervisor MacPhee, seconded by Supervisor Lewis, moved that the legislation be amended to provide that funds with which to pay for the ballot argument for Proposition "E" be provided from the Municipal Railway Operating Fund.

Discussion.

Supervisor McCarty said that he was opposed to making the Municipal Railway pay for its own ballot argument; that if it is done for one it should apply to all.

Mr. Peddicord explained that bond money was not operating money and that the Board could be complicating the matter by taking the suggested action.

Motion to Amend Defeated.

Motion defeated by the following vote:

Ayes: Supervisors Christopher, Lewis, MacPhee—3.

Noes: Supervisors Arnold, Dobbs, Ferdon, Halley, Mancuso, McCarty, Mead, Sullivan—8.

Discussion (Continued).

Supervisor Christopher inquired of Mr. Turner as to meaning of "economies of \$650,000 annually."

Mr. Turner replied that the amount was a computation by the staff and came from a statement by Colonel Mills; that the bond issue would make a saving of \$650,000 annually.

Mr. Ross explained that, while he would not debate that fact that there would be a savings, if there were not another fare increase the bond payment would be from the ad valorem tax.

Motion to Amend.

Supervisor Christopher, seconded by Supervisor Ferdon, moved that any reference to "\$650,000" be deleted.

Discussion.

Supervisor Halley stated that he was opposed to the amendment because such savings were only estimated.

Supervisor McCarty remarked that he was opposed to the amendment because there was nothing misleading about the statement.

Noes: Supervisors Arnold, Halley, Mancuso, McCarty, Sullivan—5.

The Chair ruled the motion *out of order*.

Statement of Supervisor Dobbs in Relation to the Rescission of the Order of Submission of the Proposed Amendment of Charter Section 36 Relating to Bureaus of Fire Prevention and Fire Investigation.

"I move to rescind the motion of the Board whereby the Board ordered submitted to the voters at the election of November 4, 1952, a proposition to amend Charter Section 36 relating to the Fire Department.

"I make this motion preliminary to moving for submission to the voters at the election of November 4, 1952, a proposition to amend the Charter by adding Section 38.01.

"It has been called to my attention by the City Attorney's office that it is improper to include in Section 36 the proposed amendment relating to the Bureaus of Fire Prevention and Fire Investigation and to submit the matter to the voters as a proposed amendment of Section 36 for the reason that Section 36 contains salaries for most of the ranks of the Fire Department. These salaries are not now in effect by virtue of the fact that at the election last June the Charter was amended by the addition of Section 36.2 providing a method for fixing the salaries of the various ranks of the Fire Department by ordinance after survey and report by the Civil Service Commission. To reenact Section 36 at this time, containing as it does the salaries earlier paid to these various ranks, would be confusing and would perhaps render illegal the salaries fixed by ordinance pursuant to Section 36.2.

"The City Attorney's office has therefore submitted a proposition for the ballot to add Section 38.01 containing the identical subject matter relating to the Bureaus of Fire Prevention and Fire Investigation which was placed in Section 36 and ordered submitted to the voters. As soon as the motion to rescind the submission of the proposition to amend Section 36 is carried, I will move to submit to the voters at the election of November 4, 1952, the proposed Section 38.01.

"This matter is purely a technical one to correct the error and I am advised by the City Attorney's office it may be done at this time by motion of the Board by a six-vote majority."

The foregoing motion was seconded by Supervisor Lewis.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—I0.

Mr. Johns pointed to Oakland and said that rents had increased approximately 40 per cent since the start of the Korean conflict.

Mr. John Hogue, President, Building Trades Council, requested that the controls be continued because it was absolutely necessary to the working people of San Francisco.

Mr. Frank White, Secretary, San Francisco C.I.O. Council, explained that he was speaking on behalf of the tenants of San Francisco. He pointed out that the survey as submitted by the Bureau of Census shows that only a 1.6 per cent vacancy existed, while it was recognized that a housing shortage does not exist only if the vacancies are between 5 and 10 per cent.

Mr. White remarked that the survey of Kellogg and Associates, Inc., included single rooms in their survey but that single rooms could not accommodate families and should be ruled out of the survey.

Mr. William Kilpatrick, Secretary, Cooks Local, A.F.L., stated that the statement of the landlords that rent control was working a hardship on them was untrue because the Office of Rent Stabilization showed that approximately 15,000 rent increases were allowed out of 17,000 filed during the month of July.

Mr. Kilpatrick further remarked that rent control provided an easy minimum control which did not cover all rental units in San Francisco; housing units constructed after 1947 being exempt.

Mrs. Elizabeth Cassidy, 838 Valencia Street, attorney at law, representing San Francisco Chapter, National Lawyers Guild, explained that her organization had gone on record as recommending the continuation of rent control.

Mr. Frank Curley, Senior State Officer, Disabled American Veterans, said that the National Chapter of Disabled American Veterans had gone on record as opposing discontinuation of rent control.

Mr. Ivan Flamm, 718 Forty-second Avenue, representing the Civil Service Association of San Francisco, explained that his organization was opposed to decontrol of rents on accommodations that ranged between \$35 and \$75 per month, because experience had proven that rentals increase from 50 to 100 per cent on the lower rental groups.

Mr. Leo F. Demeder, representing the National Council Veterans, of Foreign Wars, spoke on behalf of the members of his organization and urged the Board to continue rent control.

Mr. George R. Fouke, 3025 Twenty-first Street, C.I.O. Steel Workers Local 1684, presented a petition filed by members of his organization urging that rent controls be retained.

Mrs. Annie Louise Cooper, 48 Moscow Street, Local 1684, C.I.O., also urged continuation of rent controls.

Mr. George Walsh, County Chairman, Independent Progressive Party, stated that his organization was in favor of continuation of rent control because it was to the best interest of the majority of residents of San Francisco, and that the National Rent Director had predicted that rents would be increased approximately 12 per cent if rents were decontrolled.

Mr. James J. Sullivan, Chairman, Rental Advisory Board of San Francisco, explained that the Rental Advisory Board went on record as favoring the continuation of rental control because the survey as submitted by the Bureau of Census showed that a housing shortage did exist and that the vacancy ratio in San Francisco was 1.6 per cent.

Mr. Jose Spear, I.L.W.U., Local 6, stated that his local was opposed to the discontinuance of rent control.

Mr. Peter Molous, representing the Waiters' Union, explained that rent control should be retained because the people in the low income brackets could not afford to pay a rent increase.

Opponents.

Mr. Richard F. Harding, Manager, San Francisco Real Estate Board, remarked that the survey as submitted by Kellogg and Associates, Inc., proved that no shortage exists in San Francisco, and that on an overall basis the survey showed that there is a 4.7 per cent vacancy.

Mr. Harding presented statistical information showing the percentage increases in population, housing accommodations available for occupancy, and vacancies in 1952 as compared to 1940; and also the increases in taxes as compared to the increases in rents.

Mr. Douglas Dorn, President, Apartment House Association of San Francisco, explained that the rent law provides that rental control might be continued after September 30th, if a substantial rental shortage exists, and that based upon the Kellogg Survey which shows a vacancy of 4.7 per cent no shortage existed.

Mr. Charles A. Christin, representing the Owners and Lessees Apartment House Association of San Francisco, remarked that San Francisco was the only major city on the Pacific Coast that had not decontrolled rents. That Los Angeles had decontrolled with a 4.2 per cent vacancy, Oakland with a 2.24 per cent vacancy and Seattle

with a 4.6 per cent vacancy as compared with the 4.7 per cent vacancy existing in San Francisco.

Mr. Earl Nearing, 2201 Pacific Avenue, Vice-President, Apartment House Association of San Francisco, said that in cities where rents had been decontrolled no hardships had resulted from such action, and that rent increases had been very nominal.

Mr. Joseph A. Brown, President, Apartment House Industry of San Francisco, remarked that rent control was a deterring factor to housing construction in any area where rent control had prevailed, and that with decontrol home construction had increased and vacancies were created for those persons desiring rental units.

Mrs. Lena Pfeiffer, 675 Sanchez Street, landlady, explained the hardships encountered by the small landlords and urged decontrol of rents.

Mrs. Alice Hogan, 970 Ellis Street, spoke in opposition to rent control because of the impossibility to remodelize with fixed rents.

Motion to Recess.

Supervisor Halley, seconded by Supervisor McCarty, moved a five-minute recess.

Motion withdrawn.

Rebuttal.

Mr. George Johns stated that a survey of increases in rents in Oakland showed that rents were increased 35.2 per cent.

Mr. Tim Flynn, Regional Director, C.I.O., remarked that opponents had stated that where controls were lifted there has been an increase of vacancies, but they did not say that such vacancies were created by the fact that people of the lower income brackets were driven out of housing accommodations and had to double up with other families.

Mr. Jack Goldberger, President, S. F. Labor Council, A.F.L., explained that the opponents admitted that there were vacancies in San Francisco and that those accommodations were withheld from the market until such time as rental controls were lifted.

Mr. Elmer P. Delaney, representing the Tenants Council, said that the opponents stated that there were 12,321 vacancies which was disputed by the Bureau of the Census which stated that there was only a 1.6 per cent vacancy.

Mr. Joseph Brown explained that the Kellogg Survey showed that children will be permitted in 58 per cent of the rental units. That the 1.6 per cent in the Bureau of the Census survey meant nothing unless it was applied to the whole. That when freedom of competition came into the picture vacancies were created.

Motion to Rise and Report.

Supervisor Halley, seconded by Supervisor Mancuso, moved that the Committee of the Whole rise and report.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Motion to Recess.

Supervisor Halley, seconded by Supervisor Christopher, moved that the Board recess for 10 minutes.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Dobbs, Halley, MacPhee, McCarty, Mead, Sullivan—7.

Noes: Supervisors Christopher, Ferdon, Lewis, Mancuso—4.

Reconvening of Board.

The Board reconvened at 11:10 p. m.

Motion to Adopt.

Supervisor Mancuso, seconded by Supervisor Ferdon, moved adoption.

Legislation Presented.

Directing City Attorney to Submit Legislation Directing Continuation of Local Rent Controls for a Period of Ninety Days from September 30, 1952.

Supervisor Christopher asked that the foregoing proposed resolution be filed with the Clerk for possible presentation to the Board at a later time, depending on the vote cast for the pending resolution.

Point of Order.

Supervisor Halley rose to a point of order: that it was not proper to submit new legislation when a calendar matter was being considered.

Chair ruled it was permissible if all members of the Board agree.

Supervisor Christopher explained that the legislation was being filed with the Clerk and not for consideration by the Board.

Chair ruled the point of order not well taken.

Discussion.

Supervisor Christopher remarked that the proposed resolution would be considered by the Board only if the matter on the Board's calendar were not adopted, and that the proposal would assure the tenants that no increase in rents would be permitted for a period of 90 days.

Supervisor Ferdon stated that he appreciated the attitude with which the proposal was presented but was of the belief that the Board should vote either one way or the other; that he did not believe a waiting period should be approved.

Supervisor Ferdon continued that he was not in favor of controls, but at the present time he was not satisfied by either survey that the controls could be lifted.

Supervisor Arnold remarked that he thought that there was a great deal of merit in the matter proposed by Supervisor Christopher.

Motion to Amend.

Supervisor Arnold, seconded by Supervisor MacPhee, moved that the matter on the calendar be amended to provide for freezing of rents at present level for a period of 90 days from and after September 30, 1952.

Discussion.

Supervisor McCarty stated that the Board did not have the power to extend rent control for three months; that the Federal government gave the Board the power to extend rent control or discontinue rental control only after the Board determined whether there was or was not a housing shortage.

Supervisor Mancuso remarked that the Board could not extend rent controls for a period of 90 days, and if such a resolution were adopted the action of the Board would be invalid.

Supervisor Mancuso continued that he did not like controls of any kind, but that in order to discontinue rent controls there should be a housing shortage of from 4 to 7 per cent and both surveys, considered together, showed only a 1.6 per cent vacancy.

Amendment Withdrawn.

Supervisor Arnold requested permission to withdraw his amendment.

No objection and request *granted*.

Discussion.

Supervisor Halley said that he was opposed to controls but the surveys showed that rent controls must be continued.

Supervisor MacPhee stated that in other cities where rents were decontrolled there was an average rental increase of approximately 7 per cent and an immediate increase in housing vacancies. That if the Board were willing to consider an average 7 per cent increase and people were looking for additional housing then the best interest of all would be served by decontrol.

Supervisor McCarty stated that in his opinion the survey showed that a housing shortage existed and for that reason he would have to vote to continue rent control.

Supervisor Lewis explained that he could not vote to remove rent controls in San Francisco because the survey showed that there was a housing shortage and for that reason he would vote against the decontrol of rents.

Supervisor Dobbs remarked that while he was opposed to control, he was of the opinion that rent control should be continued in San Francisco in the light of survey data, and therefore he would vote in favor of the resolution.

Adoption.

Adopted by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—10.

No: Supervisor MacPhee—1.

ADJOURNMENT.

There being no further business, the Board, at the hour of 11:45 p. m., adjourned.

Supervisor Mancuso, seconded by Supervisor Halley, moved the privilege of the floor for Gust J. Allyn, Mayor of the City of Richmond.

No objection and motion *carried*.

Mayor Allyn requested the Board not to take any action that would hamper the City of Richmond in its efforts to obtain immediate construction of the Richmond-San Rafael Bridge.

Supervisor McCarty, seconded by Supervisor Ferdon, moved the privilege of the floor for Senator McCarthy of Marin County.

No objection and motion *carried*.

Senator McCarthy informed the Board that the Richmond-San Rafael Bridge would not impair any new southern crossing over San Francisco Bay and requested the Board to defeat the proposed resolution and to hold a hearing to hear all matters in connection with the construction of the bridge.

Motion to Adopt.

Supervisor McCarty, seconded by Supervisor Lewis, moved adoption.

Motion to Authorize Representation at Toll Bridge Meeting.

Supervisor Halley said that he thought that the legislation should be tabled.

Supervisor Halley, seconded by Supervisor Sullivan, moved that representatives from this Board and the City Attorney's Office be authorized to attend the meeting of the California Toll Bridge Authority, to be held in Sacramento, September 23d, to represent the interest of San Francisco in the matter.

Discussion.

Supervisor Christopher explained that he felt that the city should be represented at the meeting but that he was of the opinion that the adjacent counties would feel that San Francisco was presumptuous in trying to dictate what they should do when such a matter affects San Francisco only indirectly.

Point of Order.

Supervisor Mancuso rose to a point of order; that the Board cannot consider the motion of Supervisor Halley until such time as the main question has been decided.

Motion Withdrawn.

Supervisor Halley requested permission to withdraw his motion.
No objection and request *granted*.

Motion to Table.

Supervisor Mancuso, seconded by Supervisor Halley, moved that the legislation be tabled.

Motion withdrawn.

Discussion.

Supervisor McCarty remarked that the construction of the bridge was of vital interest to San Francisco because it might affect the harbor; that it was the duty of the Board to take action on matters affecting the interests of San Francisco.

He explained that a meeting had been held at the Palace Hotel at which representatives from the adjoining counties were present and the matter of constructing the bridge was thoroughly discussed.

Supervisor McCarty said that it had been explained to him that if the tolls were insufficient to pay for the bonds the monies from the San Francisco-Oakland Bay Bridge could be earmarked to pay the bonded indebtedness of the Richmond-San Rafael Bridge.

Supervisor Lewis explained that he had presented the resolution because he had been informed by the Legislative Representative that the construction of the Richmond-San Rafael Bridge would endanger the southern crossing; but he did not believe that the legislation should be tabled because it might be developed at the hearing that the bridge would affect the second bay crossing.

Supervisor Lewis then suggested that the Controller and Mr. Brooks be authorized to attend the Sacramento meeting; that the legislation be referred back to committee to await a report from the persons representing San Francisco at the meeting of the California Toll Bridge Authority.

Supervisor Ferdon remarked that he believed that the Board should take action on the matter; that the Board had recently authorized a Declaration of Policy in connection with the construction of a scale model of San Francisco Bay and that the construction of the bridge should be delayed until such scale model is completed.

Supervisor Mancuso said that the only position that could be taken by the Board in the matter was one of no action because whatever type of bridge was constructed between Richmond and San Rafael was of no concern to San Francisco.

Motion to Table.

Supervisor Mancuso moved that the legislation be tabled.

Motion lost for want of a second.

Motion to Amend.

Supervisor McCarty, seconded by Supervisor Ferdon, moved that the legislation be amended to provide that the Board of Supervisors go on record as urging the California State Toll Bridge Authority to delay its decision with respect to the proposed Richmond-San Rafael high-level bridge until further studies can be made as to the type of crossing which is most desirable for said location, the effect which such a crossing will have on all counties in the adjacent area, and especially the effect which the construction of such a crossing will have on the proposed financing of the contemplated southern crossing of San Francisco Bay, and that the Chief Administrative Officer, the Controller and the State Legislative Representative be requested to make the intentions of the Board made known to the California State Toll Bridge Authority by appearance at the meeting of said Authority to be held in Sacramento on September 23, 1952.

Point of Order.

Supervisor Lewis rose to a point of order; that the substitute motion before the Board was the motion to table.

Chair ruled point of order not well taken as the motion to table was not seconded.

Motion to Re-refer.

Supervisor Lewis moved, as a substitute, that the legislation be re-referred to Committee.

Motion lost for want of a second.

Supervisor Dobbs remarked that it was his opinion that the Board should take immediate action on the legislation or the Board would be remiss in its duty to the people of San Francisco; and if action were not taken the California Toll Bridge Authority would move in the direction of the representatives of Marin and Contra Costa Counties.

Supervisor Halley explained that he was satisfied that Supervisor McCarty's amendment was good legislation and that he would vote for it.

Motion to amend *carried* by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Halley, Mancuso, McCarty, Mead, Sullivan—8.

Noes: Supervisors Christopher, Lewis—2.

Absent: Supervisor MacPhee—1.

Adoption.

Adopted as Amended.

Opposing Enactment of Proposed Mandatory and Uniform Sales Tax in California Counties.

File No. 9490, Resolution No. 12650 (Series of 1939).

Discussion.

Supervisor Mancuso stated that he did not believe that the Board should act upon the matter until it is determined whether or not legislation was to be introduced before the State Legislature. He explained that the matter came about due to the fact that the County Supervisors' Association went on record as favoring enactment of a uniform sales tax.

Supervisor McCarty remarked that legislation was attempted to be passed at former sessions of the Legislature; and that the County Supervisors' Association went on record as favoring the enactment of uniform sales tax legislation which would be mandatory.

Supervisor McCarty continued that a uniform sales tax would permit the State to determine the amount of sales tax to be collected and also for the State to collect the tax, and the cost of collection by the State would be higher than the cost of collection by the City.

Motion to Amend.

Supervisor Ferdon, seconded by Supervisor McCarty, moved that the legislation be amended to provide that a copy of the resolution be forwarded to the County Supervisors' Association of California.

Discussion (Continued).

Supervisor Mancuso explained that it had been the program of the County Supervisors' Association to support a sales tax on the county level. That when the matter was before the Legislature at the last session, the legislation was amended to exclude the City and County of San Francisco, and that the same amendment could be made to any future legislation.

Supervisor Mancuso further remarked that he did not believe that it was good legislation for the Board to take such hasty action.

Motion to Re-refer.

Supervisor Mancuso moved that the legislation be re-referred to Committee.

Motion lost for want of a second.

Motion to Amend Carried.

Motion to amend carried by the following vote:

File No. 9469, Resolution No. 12646 (Series of 1939).

(Supervisor Christopher approves attendance of one representative, not two representatives.)

Motion to Amend.

Supervisor Christopher, seconded by Supervisor Dobbs, moved that the number of representatives be reduced from two to one.

Mr. Eugene Sullivan, Deputy Assessor, explained that the convention was so large that it would require more than one representative to attend all of the discussion panel meetings.

Supervisor Dobbs remarked that he was satisfied with the explanation and would vote to send two representatives to the convention.

Motion to amend defeated by the following vote:

Aye: Supervisor Christopher—1.

Consideration Continued.

Appropriating \$25,000, Public Works, from the Unappropriated Balance of the Special Road Improvement Fund, for Right of Way Purchase, Construction and Contingencies in Connection With the Improvement of Jessie Street, East of Tenth Street.

File No. 8585, Ordinance No. . (Series of 1939).

Communication.

The Clerk presented a communication from Norman A. Eisner, attorney for Herbst Bros., objecting to the inclusion of an 8 foot by 8 foot triangular piece of property and requesting privilege of the floor.

Privilege of the Floor.

Supervisor Ferdon, seconded by Supervisor Mancuso, moved the privilege of the floor for Mr. Eisner.

No objection and motion *carried*.

Mr. Eisner stated that he was not objecting to the money for the acquisition of property for the extension of Jessie Street but only as to the money that would be used to acquire the southeast corner of the Herbst Brothers property, size 8 feet by 8 feet, triangular shape, which abuts a private right of way used exclusively by the Furniture Mart.

Supervisor Sullivan remarked that he would like to hear from the Department of Public Works on the matter.

Supervisor Christopher requested that all interested parties be requested to appear before the Board.

Motion to Temporarily Postpone.

Supervisor Ferdon moved temporary postponement.

Motion *lost* for want of a second.

Supervisor Arnold explained that the committee was unanimous in the thought that the 30-foot strip fronting on Tenth Street should be purchased for Jessie Street and that it was the thinking of the committee that if the triangular piece of property could be purchased by private negotiation it should be done. That since it looked as if the property could not be acquired by private negotiation the Board would have to authorize at a later date eminent domain proceedings to acquire it.

Supervisor Arnold continued that it was his belief that the Board should enact the appropriation ordinance and then when legislation is submitted for eminent domain proceedings the matter of the 8-foot by 8-foot parcel could be thoroughly considered.

Motion to Continue Consideration.

Supervisor Dobbs, seconded by Supervisor Ferdon, moved that consideration of the legislation be continued for one week; that the Director of Public Works furnish the members of the Board with a map of the area and that all persons directly concerned be invited to appear at next week's meeting.

Motion *carried* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Mancuso, McCarty, Mead, Sullivan—9.

Absent: Supervisors Lewis, MacPhee—2.

Discussion.

Supervisor Christopher explained that the reason for the request was based on the fact that the Sheriff did not have time to transport prisoners from the prison to the county jail and so the Adult Probation Officer had to do it. He stated that the Sheriff had made the statement that 16 trips had been made by 15 Probation Officers.

Supervisor Christopher continued that in view of the facts of the case he would have to vote against the legislation.

Supervisor Arnold, seconded by Supervisor McCarty, moved the privilege of the floor for Mr. John Kavanaugh, Chief Adult Probation Officer.

Discussion.

Supervisor Mancuso inquired from Sheriff Gallagher as to whether or not he had requested the additional employment or if it were a request of the Probation Department.

Sheriff Gallagher replied that it was the request of the Probation Department. He further explained the events leading up to the request for employment and concluded with the statement that if the Adult Probation Department did not do the work the Sheriff's Department would have to request approximately five additional employments to do the job.

Supervisor Christopher inquired from Mr. Kavanaugh as to the reason for an additional employment when so few trips had been taken.

Mr. Kavanaugh explained that it was mandatory for the Adult Probation Officer to make investigation on all cases handled by the Superior Court, and that since the first of the year approximately 100 persons were before the Superior Court which meant 25 persons per probation officer. He further remarked that an additional probation officer would expedite the work of the court.

Supervisor Christopher stated that he was satisfied with the explanation and that he would vote for the legislation.

Supervisor Christopher remarked that he was wondering if the Controller could not install a definite accounting system in the Municipal Railway so that there would be a clear picture each month.

Colonel Mills replied that he agreed that there should be one set of books and that it has been his recommendation that there should be one set of books because he depended upon the figures made from records.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

References to Commercial and Industrial Development Committee.

Supervisor Christopher introduced a copy of a letter which he had written to Walter G. Swanson of the San Francisco Convention and Tourist Bureau, suggesting the use of the city's piers for convention and exhibit purposes, and requested that a letter be written to the Bureau urging their cooperation with the Board's committee assigned to handle the subject.

Referred to the Commercial and Industrial Development Committee.

Request for Consideration of Portion of Skid Row as Site for Off-Street Parking Facility.

Supervisor Christopher called the Board's attention to the possible desirability of utilizing Howard Street, between Third and Fourth Streets, as a site for a parking facility, which would have a two-fold purpose: (1) to provide much-needed off-street parking, and (2) eradicate the blight which has existed in that area for many years, and thereupon requested that the Parking Authority give consideration to such a suggestion.

The President supplemented Supervisor Christopher's request by asking that the Parking Authority be invited to attend called meetings of the Commercial and Industrial Development Committee in the matter.

Referred to the Commercial and Industrial Development Committee.

Motion to Call Measure from Committee.

Supervisor Ferdon moved, seconded by Supervisor McCarty, that File No. 9468, a proposed resolution entitled "Urging the electorate to approve at the November election State Proposition No. 3, the private school tax exemption referendum measure," be called from the County, State and National Affairs Committee for immediate consideration by the Board.

Statement and Motion by Supervisor Lewis.

Supervisor Lewis: At the present time, I am not speaking for or against the proposition. It is unfortunate that every once in a while this type of resolution comes up, and I want it very clearly understood that I am not speaking for or against the proposition. But I seriously question the right of this Board of Supervisors under the provisions of the Charter, to make any recommendations to the people of San Francisco on how they should vote on a state matter that is going

to appear on the ballot. It is a very dangerous precedent. If you are going to tell the people how to vote, you should tell them how to vote for President and for state and local offices. Again, I repeat, it is a very dangerous precedent and I move that a written opinion be obtained from our City Attorney stating whether or not this Board of Supervisors has the legal authority to advise the people of San Francisco how they should vote on state matters. Motion seconded by Supervisor Halley.

Motion Ruled Out of Order.

The President ruled the motion out of order on the grounds that it was contrary to the motion now pending before the Board.

Substitute Motion.

Supervisor Lewis moved, as a substitute motion, that a written opinion be obtained from the City Attorney with respect to the legal right of the Board to tell the people how to vote on state propositions. Motion second by Supervisor Halley.

Statements by Supervisors.

Supervisor Mancuso termed the substitute motion a ridiculous gesture and expressed the hope that the Chair would not consider it as properly coming before the Board.

Supervisor Christopher pleaded with Supervisor Lewis to withdraw his substitute motion.

Substitute Motion Lost.

The roll was thereupon called on the substitute motion and it lost by the following vote:

Ayes: Supervisors Halley, Lewis—2.

Noes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Mancuso, McCarty, Mead, Sullivan—8.

Absent: Supervisor MacPhee—1.

Suspension of Rules.

Supervisor Ferdon moved the suspension of the rules for the purpose of calling File No. 9468, a proposed resolution entitled "Urging the electorate to approve at the November election State Proposition No. 3, the private school tax exemption referendum measure," from the County, State and National Affairs Committee.

Motion seconded by Supervisor McCarty.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—10.

Absent: Supervisor MacPhee—1.

Motion to Consider Measure.

Supervisor Ferdon moved, seconded by Supervisor Mancuso, that the Board now consider File No. 9468, the title of which has been designated hereinabove.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Mancuso, McCarty, Mead, Sullivan—8.

Noes: Supervisors Halley, Lewis—2.

Absent: Supervisor MacPhee—1.

Motion to Adopt.

Supervisor Ferdon moved adoption of the foregoing measure. Motion seconded by Supervisor Mancuso.

Statement by Supervisor Lewis.

Supervisor Lewis: This is the first time in the history of the Board that it proposes to tell the people how they should vote on measures on the state ballot. (Here Supervisor Mancuso interjected, pointing out to Supervisor Lewis instances in the past where he, Supervisor Lewis, voted for measures along identical lines with the measure now pending before the Board.) I am going to vote against the measure but I want it distinctly understood I am doing so because in the past I have taken a fairly consistent position. I may have erred once or twice. I have taken a fairly consistent position against this Board involving itself in legislative matters which advise the people on state, national and international affairs. I remind Supervisor Mancuso that I opposed the resolution on the Italian people, not on principle, but because I felt it was no business of this Board. Then the White Russian measure came up, and I took the same position on it, and finally some member of the Board introduced a resolution involving the Jewish people and I took the same position, because I felt it was wrong for us to inject ourselves into international affairs. I am voting "No" for two reasons, one, definitely not on the merits of the measure, and secondly, I feel it is not within the legal authority of this Board to pass such a measure, and since I have been denied the right of obtaining an opinion from the City Attorney, I want to be put on record as being opposed to the idea of telling the people how they should vote on such a matter, but I am not expressing an opinion for or against Proposition No. 3.

Discussion.

Supervisor McCarty reminded Supervisor Lewis of the efforts of Supervisor Mancuso to have a committee hearing held on the pending measure. Further, editorials have been appearing daily in the press, particularly in the Chronicle, explaining the purpose and intent of State Proposition No. 3: that its passage was merely a matter of simple justice, and its failure to pass would entail an addition expenditure by the State of millions of dollars.

Supervisor Mancuso explained that the defeat of State Proposition No. 3 would add an additional state tax burden, and a local tax burden of some ten millions of dollars.

Measure Adopted.

The roll was thereupon called on the pending measure designated below as follows:

Urging the Electorate to Approve at the November 4th Election, State Proposition No. 3, the Private School Tax Exemption Referendum Measure.

File No. 9468, Resolution No. 12677 (Series of 1939).

The Clerk was directed to refer the above correspondence to the Chief Administrative Officer for such action as he may see fit to take.

School Ticket Legislation Continued One Week.

The Clerk read a communication from the Public Utilities Commission, to which was attached a certified copy of its Resolution No. 12852, recommending a revised rate for school tickets.

Deputy City Attorney Walker Peddicord suggested that a date be set for hearing on the matter. Accordingly, the President set Monday, October 20, 1952, as the date for such hearing.

SPECIAL ORDER—2:00 P. M.

Hearing of State Senator John F. McCarthy and Representative of the Golden Gate Bridge and Highway District Relative to Resolution Drafted by the Former in Connection With Proposed Legislation Concerning State Maintenance and Operation of the Golden Gate Bridge.

Privilege of the Floor.

The privilege of the floor was accorded Senator John F. McCarthy of Marin County, who proceeded to explain his stand that the Golden Gate Bridge should be operated and maintained by the California Toll Bridge Authority and the bridge itself placed within the State Highway System.

The Senator cited facts and figures which purported to show that state ownership and operation would materially effect economies which would, in turn, result in decreased tolls. He criticized reduction in freight toll rates, made some time ago, contending that such a reduction was made for special interests.

Suggested Reference to Committee.

Supervisor Lewis, at this point, interrupted the proceedings, asserting that the matter had not been in committee and should rightfully go there for a complete hearing before any action is taken by the Board.

Point of Order.

Supervisor Mancuso rose to a point of order, informing Supervisor Lewis that the privilege of the floor which had been extended to Senator McCarthy was a result of action taken by the Board at its last regular meeting, and therefore it was proper for the Senator to make his statement at the present time.

The President ruled the point of order well taken.

Motion to Refer to Committee.

Supervisor Lewis moved, seconded by Supervisor Arnold, that the pending matter be referred to a proper committee.

Discussion.

Supervisor McCarty spoke against the motion to re-refer, contending that both sides of the issue had been invited by the Board to speak.

Communication.

At this point, the President of the Board read copies of letters sent to both Senator John F. McCarthy and James E. Rickets, General Manager of the Golden Gate Bridge and Highway District, inviting them to attend the meeting of the Board on Tuesday, October 14, for the purpose of hearing statements pro and con regarding proposed state ownership and operation of the Golden Gate Bridge.

There being no objection, Supervisor Lewis *withdrew* his motion.

Motion to Sit as a Committee of the Whole.

The President suggested, in order to permit everyone to speak on the matter, that the Board resolve itself into a Committee of the Whole.

Accordingly, Supervisor Ferdon moved, seconded by Supervisor Mancuso, that the Board resolve itself into a Committee of the Whole.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Halley, Lewis, Mancuso, McCarty, Mead—8.

Absent: Supervisors Christopher, MacPhee, Sullivan—3.

No objection was raised with respect to the President acting as Chairman of the Committee of the Whole.

Discussion.

To a question propounded to him, Deputy City Attorney Walker Peddicord stated that if the state took over the operation and maintenance of the Golden Gate Bridge, steps could then be taken by the state to offset any liability which might have heretofore accrued to any particular county.

Privilege of the Floor.

Upon conclusion of the statement by Senator John F. McCarthy, the privilege of the floor was extended to the following:

William D. Hadeler, Chairman of the Bridge's Finance Committee, cautioned the Board against acting too hastily, advising that the Bridge District had employed experts to determine what additional work might be required and that this might cost in the neighborhood of three million dollars.

James Adam, the Bridge's Publicity Director, called the Board's attention to the fact that many previous attempts to have the state assume control of the bridge had been defeated. He stated that the bridge district had some \$14,000,000 in reserve, earmarked as insurance for the payment of principal and interest and that a reduction at this time might jeopardize these funds.

Motion to Rise and Report—Lost.

Supervisor Lewis moved, seconded by Supervisor Arnold, that the Committee now rise and report.

Motion lost by the following vote:

Ayes: Supervisors Arnold, Lewis, MacPhee—3.

Noes: Supervisors Dobbs, Ferdon, Halley, Mancuso, McCarty, Mead—6.

Absent: Supervisors Christopher, Sullivan—2.

Privilege of the Floor.

The privilege of the floor was extended to Mr. Phil Davies, a member of the Board of Directors of the Bridge District, who expressed the opinion that the District could be managed efficiently and economically under its present administration, without having to resort to state control.

J. L. Hogg, President of the San Francisco Building and Construction Trades Council, extolled the services being rendered by the Bridge's Board of Directors.

Supervisor MacPhee expressed the opinion that he felt the Bridge Directors are using sound judgment in their dealings but that he still adhered to the position heretofore taken that the bridge should be operated and maintained by the state.

Motion to Rise and Report.

Supervisor Lewis moved, seconded by Supervisor Arnold, that the Committee now rise and report.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead—9.

Absent: Supervisors Christopher, Sullivan—2.

Legislation Introduced.

The following measure, sponsored by Senator John F. McCarthy, was introduced by Supervisor Mead:

File No. 9593, Resolution No. . . . (Series of 1939).

Reference of Documents.

The following documents were presented by Senator John F. McCarthy, copies of which had been supplied each Supervisor and designated as follows: (1) Material relating to the operation and financing of the Golden Gate Bridge; (2) Schedule 1—Depreciation Reserve Accounts, showing additions, expenditures and balances as of June 30, 1952; (3) Exhibit A—Rules and Policies governing the proceedings of the Board of Directors of the Bridge District.

October 14, 1952—Consideration continued to October 20, 1952.

Privilege of the Floor.

There being no objection, the privilege of the floor was extended to Marshall Leahy, attorney, representing the Furniture Mart. Mr. Leahy spoke in favor of the proposal to improve Jessie Street, contending that any attempt to thwart efforts to appropriate the necessary funds would tend to injure the Furniture Mart, an established San Francisco industry.

Supervisor McCarty apprized the Board of the fact that he and Supervisor Christopher had visited the site in question and had determined to their satisfaction that no right hand turn could be made into Jessie Street from the Mart's private right of way without possible injury to the Herbst Bros. property and that accordingly he would vote for the appropriation.

The privilege of the floor was next extended to Norman Eisner, attorney, representing Herbst Bros., who contended that the necessary turns into Jessie Street could be negotiated safely. However, he hastened to point out that he believed that further consideration of the pending measure should be postponed pending receipt of an opinion from the City Attorney as to the legality of certain points raised in a letter from Herbst Bros., which had been requested by Supervisor MacPhee in the meeting of the Board held on October 14, 1952.

Supervisor Christopher agreed with the views expressed by Supervisor McCarty to the effect that vehicular traffic could not consistently and safely negotiate the corner into Jessie Street.

Supervisor Dobbs moved that consideration of the foregoing measure be continued for a period of one week. Motion seconded by Supervisor Ferdon.

Motion Withdrawn.

The foregoing measure was withdrawn to permit Supervisor McCarty to ask certain questions of Mr. Eisner.

Authorizing the Mayor and His Confidential Secretary to Attend the General Assembly of the International Union of Cities in Vienna, Austria, June 15-20, 1953, and to Make Studies in Certain Other Cities; Authorizing the Payment of Their Expenses, Not to Exceed \$5,000, and Granting the Mayor a Leave of Absence from May 20, 1953, to July 20, 1953, With Permission to Leave the United States.

File No. 9562, Ordinance No. (Series of 1939).

Discussion.

Supervisor Christopher stated that passage of the pending measure would establish a harmful precedent. He stated that he wholeheartedly endorsed the plan to send the Mayor and his Secretary to Vienna in first-class style, but he was unalterably opposed to permitting him to visit the capitals of other countries under the pretext that in so doing it was in the interest of the people of the City and County of San Francisco. He stated that he took a similar trip to Europe some time back but that the funds for such an excursion came from his pockets and not from the taxpayers'. Further, it is costing the taxpayers over one thousand dollars a month to send city officials on various trips throughout the country, and that while the proposed trip by the Mayor may be legal, it certainly was not morally right.

Supervisor Ferdon stated he was principally concerned with the length of time involved and that he did not believe the Mayor should be away two months.

Motion Requesting Mayor's Appearance.

Supervisor Lewis moved, seconded by Supervisor Christopher, that the Mayor be sent for and that a statement be forthcoming from him concerning the proposed trip.

Motion carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McCarty, Sullivan—9.

No: Supervisor Mead—1.

Absent: Supervisor MacPhee—1.

Statement by the Mayor.

Upon his appearance, the Mayor informed the Board that the City and County of San Francisco had, for many years, enjoyed membership in the United States Conference of Mayors. Recently, thirty Mayors from all over Europe had come to the United States to witness the deliberations of the various municipal assemblies; many Mayors

had visited San Francisco. The Mayor stated he had received an invitation from the United States Conference to attend the conclave to be held in Vienna in 1953. The Mayor stated that his proposed visit to cities other than Vienna was to pay his respects to the Mayors of those communities, Mayors who had visited the United States and San Francisco. Upon his return, he would give a strict accounting of his expenditures as well as a report of his visits.

Supervisor Christopher again reiterated his position that he certainly had no objection to the Mayor going to Vienna for the conclave, but that he objected strenuously to the Mayor's visiting various other cities of Europe, notwithstanding the fact that invitations to visit them might have been extended to him. The Supervisor again contended that while there might be nothing legally wrong in visiting cities other than Vienna, still there was a moral question involved. If the trip were authorized as requested, it would establish a dangerous precedent and one which might result in absolute abuse. He cited a possible case where an official may be authorized to attend a convention in Chicago, and still find it convenient to, say, go to New York to witness the World's Series or to New Orleans to see the Mardi Gras at the city's expense. The Supervisor concluded his statement by asserting that he regretted having to vote against the measure because he disliked having it said that he and the Mayor disagreed over the soundness of the measure.

Amendment.

Supervisor Christopher thereupon moved that the two "Whereases" in the proposed measure relating to visits to other cities of Europe by the Mayor, be deleted.

At this point Supervisor Ferdon hastened to assure the Mayor that his objection to the measure was predicated purely upon his contention that he believed the Mayor should not be away from his local official duties for so long a period of time.

Here the Mayor stated that generally the months of June and July are vacation months, when things are usually quiet at the City Hall and that insofar as the two-month period was concerned, he did not know at this time the actual dates of departure and arrival but felt that the total time required for the trip would be well within the 60-day period.

Amendment.

Supervisor Christopher renewed his previous motion that the two "Whereases" in the measure be deleted, as well as other language in Section 1, dealing with the Mayor's proposed visit to cities other than Vienna. The Supervisor contended that if the Mayor desired to visit the other cities outlined in the measure, he should do so at his own expense. Motion seconded by Supervisor Ferdon.

Objections.

Supervisor McCarty objected to the foregoing amendment, stating that it would be a travesty to tell our Mayor that he could not visit the various cities in Europe mentioned in the measure, because San Francisco did not see fit to authorize the necessary funds.

Supervisor Dobbs stated that he was voting in favor of the amendment because he believed in sending the Mayor to Vienna only, and he could not see where any official business could possibly be transacted in the other cities which the Mayor asked authority to visit.

Supervisor Mancuso stated he would vote for the amendment, contending that the expense of any trip other than the one to Vienna should be borne by the Mayor, and cited an instance where he had attended a convention back east at the taxpayers' expense, and had then continued his trip to include other cities at his own expense.

Supervisor Arnold contended that it would be a disgrace to the city to pass the amendment as proposed.

Amendment Lost.

The roll was thereupon called on the amendment and it lost by the following vote:

Ayes: Supervisors Christopher, Dobbs, Ferdon, Mancuso—4.

Noes: Supervisors Arnold, Halley, Lewis, McCarty, Mead, Sullivan—6.

Absent: Supervisor MacPhee—1.

The roll was thereupon called on the pending measure and it was passed for second reading by the following vote:

Ayes: Supervisors Arnold, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—7.

Noes: Supervisors Christopher, Dobbs, Ferdon—3.

Absent: Supervisor MacPhee—1.

SPECIAL ORDER—2:00 P. M.

City Planning Commission Sustained.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 4087, Dated September 4, 1952, Disapproving Application to Rezone Property Located on the West Line of Stanyan Street, South of the South Line of Parnassus Avenue, from First Residential District to Second Residential District.

File No. 9533

Discussion.

The privilege of the floor was first extended to J. L. Dyer, the appellant. Mr. Dyer attempted to illustrate by the use of a blackboard, where, by permitting him to have certain lots rezoned from First Residential District to Second Residential District, such an act would result in the construction of beautiful multiple family dwellings, similar to those already located in the area. He brought to the Board's attention the fact that of all the property involved in the area under discussion, less than one-fourth is zoned First Residential, the remainder being Second Residential.

Mr. Dyer concluded his statement by saying that his proposal to construct would eliminate the eye-sore of vacant lots and enhance the beauty of the neighborhood.

Position of City Planning Commission.

The privilege of the floor was extended to Paul Oppermann, Director of Planning, who stated that the Commission by a unanimous vote at its regular meeting on September 4, disapproved the application on the following grounds:

1. Seventy-five per cent of Second Residential District north of the subject parcel is either vacant or is used for one-family dwellings;

2. One hundred per cent of First Residential District south of subject parcel is for one-family purposes; 3. Within the subject area itself, 65 per cent is used for one-family purposes, the remainder is vacant. In view of the foregoing land use and the further fact that the opposition was present and the appellant was not, the application was disapproved.

Other Speakers.

The privilege of the floor was also granted to Attorney Jesse Feldman and Dr. Malcolm Ross, both of whom spoke against the appeal. Mr. Victor Rider likewise spoke but stated that he neither supported nor defended the action of the City Planning Commission.

Both sides were given time for rebuttal.

Question Put.

At the conclusion of the rebuttal the President posed the pending question as follows:

A vote "Aye" overrides the decision of the City Planning Commission and grants the appeal. A vote "No" supports the City Planning Commission and denies the appeal.

Refused Adoption.

The Clerk thereupon read the following measure for the Board's consideration:

Disapproving Decision of the City Planning Commission by Its Resolution No. 4087, Dated September 4, 1952, Denying Application to Rezone Property Located on the West Line of Stanyan Street, South of the South Line of Parnassus Avenue, from First Residential District to Second Residential District.

SPECIAL ORDER—3:00 P. M.

Re-reference to Committee.

The following recommendation of the Joint Streets and Public Buildings, Lands and City Planning Committee, heretofore considered, was taken up:

Present: Supervisors Ferdon, Dobbs, Mancuso, McMurray, Sullivan.

(Supervisors McMurray and Sullivan dissenting.)

An Ordinance Regulating Advertising Structures or Signs Adjacent to Freeways, and Providing for the Incorporation of the Provisions Thereof into the Municipal Code.

File No. 8252-3, Ordinance No. (Series of 1939).

September 29, 1952—Consideration continued for four weeks.

Discussion.

Supervisor Mancuso stated that he had been in receipt of many telephone calls requesting that the pending measure be re-referred to committee for further consideration and possible compromise.

Motion to Re-refer.

Thereupon, Supervisor Mancuso moved, seconded by Supervisor Ferdon, that the subject measure be re-referred to committee.

Statements.

Supervisor Christopher objected to the proposal to re-refer the measure to committee, asserting that it had been under consideration for a long period of time and that it should be disposed of at the earliest possible moment.

Supervisor Mancuso suggested that the committee meet at an early date on the matter.

Supervisor Ferdon, Chairman of the joint committee, stated that his committee was ready to meet at any time, and that it was merely awaiting a concrete proposal from both sides to the controversy.

Verbal Opinion of City Attorney.

In reply to a query as to whether the measure, if changed substantially, must go to the City Planning Commission for report and recommendation, Mr. Thomas Blanchard, Deputy City Attorney, warned that if the measure is changed drastically it must be referred to the City Planning Commission. If the Commission approves the measure, it can then be passed by the Board by a simple majority; if disapproved, it requires eight votes to pass.

President Dewey Mead stated he would not vote for re-reference, contending that the measure had been under consideration for many months and should be disposed of.

Supervisor McCarty stated he, also, would vote against re-reference, but suggested that consideration be continued for a period of two weeks and that attorneys representing both sides get together and bring in compromise legislation at that time.

Amendment.

Supervisor Dobbs moved, as an amendment, seconded by Supervisor Christopher, that the measure be referred to the City Planning Commission for report and recommendation.

Motion lost by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Halley—4.

Noes: Supervisors Ferdon, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—7.

Original Motion Lost.

The roll was thereupon called on the original motion to re-refer the measure to committee and it lost by the following vote:

Ayes: Supervisors Arnold, Ferdon, Halley, MacPhee, Mancuso—5.

Noes: Supervisors Christopher, Dobbs, Lewis, McCarty, Mead, Sullivan—6.

Motion to Defer Consideration.

Supervisor McCarty moved, seconded by Supervisor Lewis, that consideration of the pending measure be continued for a period of two weeks and that interested counsel be requested to adjust their differences and bring in a compromise measure for the Board's consideration.

Amendment.

Supervisor McCarty, at this point, amended his original motion to read one week. Motion seconded by Supervisor Ferdon.

Substitute Motion—No Second.

Supervisor Mancuso moved, as a substitute, that the measure go over for a period of three weeks.

Motion lost for want of a second.

Statement by Supervisor Mancuso.

Supervisor Mancuso: It would appear to me that since many people are interested in this matter, the Board should do everything in its power to give everyone a chance to be heard in committee, and to arrived at constructive legislation, legislation that would be agreeable at least to a majority of the people.

Motion by Supervisor Halley.

Supervisor Halley moved, as a substitute, that the Board recess until Thursday afternoon at 4 p. m., at which time definite action would be taken on the matter.

Motion lost for want of a second.

Substitute Motion—Carried.

Supervisor Mancuso again moved, as a substitute, that the measure be re-referred to committee instead of remaining on the calendar, so that the interested parties may be afforded the opportunity of arriving at a satisfactory solution. Motion seconded by Supervisor Ferdon.

Change of Vote.

Supervisor Dobbs stated he would vote for the motion because he felt that a mere postponement from week to week in the Board would not result in a compromise measure.

Motion to Re-refer Carried.

The roll was thereupon called and the foregoing measure was *re-referred to the Joint Committee on Streets, and Public Buildings, Lands and City Planning Committee*, by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Halley, MacPhee, Mancuso—6.

Noes: Supervisors Christopher, Lewis, McCarty, Mead, Sullivan—5.

Discussion.

Replying to an inquiry, the Chief Administrative Officer stated that agitation had been rampant for quite some time to have the position placed on a full-time basis but that he did not personally feel that the position should be a full-time one.

Supervisor Ferdon expressed the opinion that the Board should vote against the measure as it has not been shown that a full-time position was necessary.

Absent: Supervisor Sullivan—1.

Motion for Immediate Consideration.

Supervisor Lewis moved immediate consideration. Motion seconded by Supervisor MacPhee, and there being no objection, motion *carried*.

Discussion.

The privilege of the floor was extended to Sheriff Dan Gallagher, who informed the Board that he was under the impression an understanding had been reached with representatives of the Building Trades Council. The Sheriff emphasized the fact that unless a reward such as reductions in terms of sentence were offered, the work would not be performed.

The privilege of the floor was next extended to Justice Peters of the District Courts of Appeal, who pleaded for the measure. He asserted that such a plan as is proposed for the city and county is already in effect in many counties. The Sheriff is attempting to re-

habilitate these men, he said, by providing jobs so that when they are released, they can again take their rightful places in society.

Motion Fixing Special Order.

Supervisor MacPhee moved that consideration of the pending measure be continued for one week and be made a Special Order of Business for Monday, November 3, 1952, at 2:00 p. m. Motion seconded by Supervisor Dobbs and carried by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, Ferdon, Halley, Lewis, MacPhee, Mancuso, McCarty, Mead, Sullivan—11.

Resumption of Consideration of File No. 8585, Relating to an Appropriation of \$25,000 for the Improvement of Jessie Street, East of Tenth Street.

Supervisor Arnold stated that he had read the City Attorney's opinion rendered in connection with questions asked by Supervisor MacPhee based on statements made by Herbst Brothers in that the City Attorney had ruled that the taking of the triangular 8-foot by 8-foot piece of property located on Jessie Street and the Furniture Mart's right of way, would not constitute the taking of private property for public use, and suggested the deletion of any such reference to the property from the ordinance.

The Controller, Harry Ross, told the Board that there was no question in his mind as to the legality of the appropriation in its present form.

Privilege of the Floor.

The privilege of the floor was extended to Norman Eisner, attorney, representing Herbst Brothers, who again tried to impress the Board with the fact that the acquisition of the triangular 8-foot by 8-foot piece of his client's property was not necessary for the safe conduct of the Furniture Mart's trucks.

Motion to Delete Reference to Private Property.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that no part of the funds be used for the acquisition of the triangular 8-foot by 8-foot piece of property at the corner of Jessie Street where it intersects the entrance into the Furniture Mart's private right of way.

Motion lost by the following vote:

Ayes: Supervisors Dobbs, Ferdon, Lewis—3.

Noes: Supervisors Arnold, Christopher, Halley, MacPhee, Mancuso, McCarty, Mead, Sullivan—8.

Adopted.

Approving Appointment of David Thomson as a Member of the Parking Authority.

The Clerk presented:

File No. 9656, Resolution No. 12739 (Series of 1939).

Motion to Adopt.

Supervisor Mancuso moved adoption; seconded by Supervisor Christopher.

Request for Information.

Supervisor Ferdon attempted to obtain information on the qualifications of Mr. Thomson; however, no one among the members was able to supply it. Accordingly, Supervisor Ferdon emphasized that in matters of this kind, it would be beneficial to the Board members if they were apprized of the appointee's qualifications so that a realistic appraisal could be made thereof.

Supervisor Lewis expressed the opinion that Supervisor Ferdon's suggestion might have merit if a new man were to be appointed; however, Mr. Thomson is up for reappointment and the measure should be immediately approved.

Motion to Defer Consideration—No Second.

Supervisor Dobbs moved that consideration of the foregoing matter be continued for a period of one week, and that Mr. Thomson be requested to appear before the Board for questioning.

Motion lost for want of a second.

Motion to Defer Consideration.

Supervisor Ferdon moved, seconded by Supervisor Dobbs, that consideration of the foregoing measure be continued for one week and that a representative of the Parking Authority be requested to appear before the Board for questioning.

Suggestion by Supervisor Christopher.

Supervisor Christopher suggested that in lieu of Supervisor Ferdon's pending motion, it would be more practical if, in the future, information would be forthcoming in connection with probable new appointees to boards or commissions and that such information be made available in sufficient time to afford reasonable study.

Motion Withdrawn.

There being no objection, Supervisor Ferdon *withdrew* his motion.

Motion Requesting Data on Future Appointees or Reappointees to Boards or Commissions.

Supervisor Ferdon moved, seconded by Supervisor Dobbs, that in future, where appointments or reappointments are recommended by the Mayor, Chief Administrative Officer or by other city officials, to boards or commissions, where approval or disapproval is required by the Board of Supervisors, that full information be made available

to the Board within a reasonable time prior to induction into office, affecting the qualifications of appointees or reappointees involved.

Supervisor Mancuso suggested that the foregoing motion be referred to committee for study and consideration.

The President referred the matter to the Rules Committee.

Adopted.

Thereupon the roll was called on the pending measure and it was adopted by the following vote:

Ayes: Supervisors Christopher, Dobbs, Ferdon, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—9.

Absent: Supervisors Arnold, MacPhee—2.

Reference to Committee.

Supervisor Christopher presented a copy of a letter addressed to the Clerk of the Board from the Recreation and Park Commission, answering certain questions heretofore asked by the Supervisors pertaining to McLaren Park. The Supervisor then asked that the copy, as well as certain suggestions he was making, be referred to the proper committee for eventual discussion with the Recreation and Park Commission. The suggestions had to do with the definite fixing of the boundaries of McLaren Park as well as policy affecting recreational and park usage of the area.

Referred to the Education, Parks and Recreation Committee.

Motion to Adopt.

Supervisor Dobbs moved adoption; seconded by Supervisor Ferdon.

Objection.

Supervisor Lewis objected, however, and the President *referred the measure to the County, State and National Affairs Committee.*

Supervisor Lewis wanted it understood that he was not objecting with respect to the merits of the measure but on the theory that he did not believe the Board had the authority to tell the voters how to cast their ballots.

Consideration temporarily postponed pending appearance of a representative from the Assessor's office.

SPECIAL ORDER—2:00 P. M.

Consideration Continued.

The following recommendation of Judiciary Committee, heretofore considered, was taken up:

Present: Supervisors Dobbs, Ferdon.

Authorizing Sheriff to Require County Jail Prisoners to Perform Labor on Public Works or Ways, and Authorizing Deductions from Terms of Sentence.

File No. 9239, Ordinance No. . . . (Series of 1939).

October 27, 1952—Consideration continued to November 3, 1952.

Privilege of the Floor.

The privilege of the floor was extended to Sheriff Dan Gallagher who stressed the importance and urgency of passing the pending legislation, and cited sections from the Penal Code vesting Sheriffs with authority to have work performed in county jails, when authorized by the Board of Supervisors.

The privilege of the floor was next extended to Justice Peters of the California Appellate Court. Justice Peters emphasized the importance of establishing a proper works program. Prisoners just cannot be permitted to have 16 to 18 hours of idle time on their hands and the works program will enable them not only to reduce their terms of sentence but will assist in their rehabilitation as acceptable members of society.

Opposition.

The privilege of the floor was next extended to the following who opposed the measure:

George Kyne, representing Plumbing Union, Local No. 38, who stated that his organization was opposing the measure on the grounds that if passed, no one would know how far-reaching it would become, and that he wanted to be assured that such work as would be performed would be done within the confines of the county jail.

George W. Johns, Secretary of the San Francisco Labor Council, next voiced opposition to the measure, contending that the language incorporated therein was too broad and susceptible to varied interpretations.

Motion to Re-refer to Committee.

Supervisor Halley moved that the measure be re-referred to committee for the purpose of determining precisely what the Sheriff intended to do. Motion seconded by Supervisor McCarty.

There being no objection, motion *withdrawn*.

Consideration Continued.

Supervisor Ferdon moved, seconded by Supervisor Halley, that consideration be continued for a period of one week and that efforts be made by both sides to bring in a suitable amendment.

Discussion.

Supervisor Lewis objected to the subject appropriation, contending that it constituted a luxury item, and that in view of existing economic conditions and the war in Korea, the appropriation should be rejected.

Request for Information.

Supervisor Mancuso requested that the Clerk ascertain from the deYoung Memorial Museum just what they contemplate doing with

respect to the construction of a warehouse, the funds for which had been set aside in previous years.

No objection and the Clerk was directed to comply.

File No. 9588

Consideration of the foregoing measure was resumed upon the appearance of William Reid, a representative of the Assessor's office.

Privilege of the Floor.

The privilege of the floor was extended to Steve Stilanos, a protestant, who informed the Board that he had volunteered in World War I but had been later discharged because of flat feet. Mr. Stilanos stated that he had always enjoyed the veteran's exemption but that two weeks ago he received notice from the Assessor's office to the effect that the exemption was being removed and he admitted being somewhat bewildered by the sudden turn of events.

Mr. William Reid, representing the Assessor's office, stated that the exemption was removed because of a ruling issued by the State Board of Equalization and that his office could do nothing but follow the mandate of the State Board.

Supervisor Halley suggested that the Clerk direct a communication to Mr. Stilanos, explaining the action of the Board.

Motion by Supervisor Lewis.

Upon the appearance of the Controller he was asked the following questions:

Supervisor Mancuso: Where is the money coming from in connection with No. 21 on the calendar, and advise present status of monies appropriated?

Controller Ross: \$12,230 is being taken from reappropriations for money previously provided for the warehouse. The original appropriation was for \$150,000; \$18,000 has since been appropriated for other purposes in connection with special rooms, and this is asking for a further appropriation of \$19,050. In other words, if this appropriation is made, there will be about \$120,000 left for the construction of the warehouse.

Supervisor Mead: Will the \$120,000 be enough to construct the warehouse?

Controller Ross: I do not know, Mr. Chairman.

File No. 9580, Resolution No. 12755 (Series of 1939).

Discussion.

Supervisor MacPhee stated he was in sympathy with the intent of the measure, and that he would do everything in his power to assure its passage, but as a member of the Board, he felt that the Board should not interfere in such matters, and that he supported the stand heretofore taken by Supervisor Lewis on matters of this kind.

Supervisor Lewis said he was apologizing for his affirmative actions on matters pursuing lines similar to the pending measure, which he endorsed in the past and which he was now opposing, and expressed a desire to be excused from voting on it.

Supervisor Mancuso stated he believed it was the duty and responsibility of every member of the Board to vote on matters which affect the people's welfare.

Supervisor Dobbs questioned the desire of Supervisor Lewis not wanting to vote and the President informed him of a case before he assumed the presidency, where he did not desire to vote on a certain measure and was accorded that courtesy, and therefore he did not intend to force any member to vote for or against any measure.

Motion to Authorize Abstention from Voting.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that Supervisors Lewis and MacPhee be excused from voting on the pending measure as well as on the following measure on the calendar, identified as File No. 9591 entitled "Memorializing Congress to Restore Adequate Tariff Regulations for the Protection of the California Wine Industry."

Point of Order.

Supervisor Mancuso rose to a point of order, contending that the Board was operating under its own rules and Roberts' Rules of Order, and that on roll call, every member must vote either "Aye" or "No," and that the purposes of deliberative assemblies are being defeated by not having a full vote on all measures. (Here Supervisor Mancuso read an excerpt from page 197 of Roberts' Rules of Order, under the subject of "Voting.")

After consultation with the City Attorney's representative, the President ruled the point of order not well taken.

Supervisor Ferdon agreed with the conclusions reached by Supervisor Mancuso in that the functions of legislative assemblies are not being fully performed when a member is excused from voting.

At this point Supervisors Lewis and MacPhee left the chambers.

Motion Withdrawn.

There being no objection, Supervisor Dobbs *withdrew* his motion.

Ayes: Supervisors Arnold, Dobbs, Ferdon, Lewis, McCarty, Mead, Sullivan—8.

Absent: Supervisors Christopher, MacPhee—2.

Point of Order.

Supervisor Mancuso rose to a point of order and called the Board's attention to Rules 8 and 9 of its rules of order, contending it to be a dangerous precedent for the President to entertain a motion calling a matter from committee before the expiration of 30 days and insisted that the Board's own rules prohibited such an act.

Announcement of Committee Hearing.

Supervisor Lewis announced a meeting of the County, State and National Affairs Committee for Friday, November 7, 1952, at 2:00 p. m.

Statement by Supervisor Mancuso With Respect to Voting.

Supervisor Mancuso expressed the opinion that Board members should vote on matters calling for submission of measures to the people, especially if the passage of such measure would prove beneficial to them.

Point of Personal Privilege.

Supervisor Lewis rose to a point of personal privilege, objecting to aspersions being cast by Supervisor Mancuso.

Supervisor Lewis further stated for the record, that, in matters affecting the city and county having to do with city business, he has always been ready to act, but in matters which do not affect the city

and county, he shall always oppose them, concluding that if he were called upon to say whether he would vote for General Eisenhower or Governor Stevenson for the Presidency, he would decline to do so.

Question of Personal Privilege Not Well Taken.

The President ruled that the question of personal privilege was not well taken in that the speaker did not specifically refer to any particular member of the Board.

Supervisor Mancuso continued his statement by asserting that the passage of State Proposition No. 2 would not mean a savings to the city and county, but rather would result in the taking of money from the city for the benefit of rural areas.

Reference to Rules Committee.

Supervisor Mancuso requested that in order to avoid repetition of the confusion and uncertainty which prevailed in the Board today over certain legislative procedures, the following suggestions be referred to the proper committee for study and action: (1) Provision be made for excusing a member from voting; (2) clarification of rule concerning calling a matter from committee in less than 30 days after reference thereto; (3) provision for compelling a Supervisor who is present to vote.

The Supervisor further asked that consideration be given to the suggestion that the Board meet on Wednesday of each week to consider all matters, sitting as a Committee of the Whole; and secondly, that the Board of Supervisors meet as a Board on Mondays.

The foregoing suggestions were *referred to the Rules Committee.*

Adopted.

The following recommendation of the Rules Committee was taken up:

Motion.

In the future when, as authorized or required by law, there is presented to this Board, from any source, a proposal to elect, appoint, reappoint or ratify the appointment of any person to an official position, such proposal shall be accompanied by written information fully describing the qualifications of the person so proposed and shall be made available to the members of the Board within a reasonable time prior to the date upon which it is required or intended that such person shall assume such position.

File No. 9659

Privilege of the Floor.

The privilege of the floor was accorded Mr. George W. Johns, Secretary of the San Francisco Labor Council. Mr. Johns informed the Board that he had conferred with Sheriff Dan Gallagher over existing differences and that they had arrived at a mutual understanding.

Introduction of Measure.

Supervisor Lewis thereupon sponsored the introduction of the following measure:

Approving Rules and Regulations Proposed by the Sheriff Under Which Labor Is to Be Performed by Persons Confined in the County Jail Under a Final Judgment of Imprisonment Pursuant to the Provisions of Ordinance No. 7572 (Series of 1939).

File No. 9239-1, Resolution . . . (Series of 1939).

Motion to Adopt.

Supervisor Lewis moved adoption; seconded by Supervisor Dobbs.

Inquiry.

Before the roll could be called on the foregoing measure, Supervisor Mancuso inquired if the pending measure authorizing the Sheriff to require county jail prisoners to perform labor on public works or ways, should not first be passed before Supervisor Lewis' measure was acted upon.

The President ruled that the inquiry had merit and that the calendar item should first be passed.

Roll Call.

The roll was thereupon called on the calendar item designated as File No. 9239, and it was *finally* passed by the following vote:

Ayes: Supervisors Arnold, Dobbs, Ferdon, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—9.

Explanations of Votes.

Supervisor Dobbs stated he was voting against the measure because he felt that insufficient study had been given the problem to definitely decide that the expenditure for the purpose stated in the measure was a necessary one.

Motion to Re-refer to Committee.

Supervisor Dobbs moved, seconded by Supervisor Ferdon, that the foregoing measure be re-referred to committee because of a statement made by the Chief Administrative Officer at a previous meeting that a full-time position of Coroner is not necessary.

Supervisor McCarty called the Board's attention to the fact that the passage of the pending measure is required to assure payment of salary to the present incumbent of the position.

The Chief Administrative Officer concurred in the statement by Supervisor McCarty, and added that if and when the pending measure is passed, the Civil Service Commission would probably conduct an examination for the full-time position.

Supervisor Ferdon stated that it has not been made clear to him that it was essential that a full-time Coroner was necessary and therefore the matter should be re-referred to committee.

The Chief Administrative Officer again stated that he personally was against a full-time position although he admitted that pressure had been brought to bear for a full-time one.

Supervisor Arnold, in view of existing conditions, urged that the measure be re-referred to Committee.

Roll Call.

The roll was thereupon called and the foregoing measure, as well as the succeeding amendment to the Annual Salary Ordinance, designated as File No. 9606-2, were *re-referred to committee* by the following vote:

The City's Sacramento Legislative Counsel was sent for and upon his arrival he informed the Board that the proposed state law consisted of but two paragraphs; that he was having copies made of same, and that in effect, if passed, it would provide that liability for defective sidewalks would rest on property owners and not the city and county.

The roll was thereupon called and the foregoing measure was adopted by the following vote:

Statement by Supervisor Lewis.

Supervisor Lewis urged adoption of the measure, contending that to remove the tracks would result in the substitution therefor for busses, which in turn would further congest the vehicular traffic crossing the bridge; that if these tracks were permitted to be removed, this would eventually lead to a request for the removal of all tracks on the bridge, thus making the traffic situation on the upper span almost intolerable.

Supervisor Lewis further stated that the Downtown Association endorsed the adoption of the pending measure.

Statement by Supervisor Lewis in Connection With the Creation of a Bay Area Transit Authority.

Supervisor Lewis spoke of the urgency of enacting legislation calling for the creation of a Transit Authority for the nine Bay Area counties to supplant the present Bay Area Transit Commission. Such an Authority would have delegates from each of the Bay Area

counties. The Supervisor called attention to a meeting to be held by the Senate Interim Committee on Wednesday and asserted that such committee should be advised of the type of legislation which would be necessary to form the Authority. Sherwood Swan, a member of the present Transit Commission, from Alameda County, will introduce a resolution calling for the preparation of plans, which if passed, will involve a delay of three or four years and will cost several hundred thousands of dollars. The Supervisor believed that legislation for the creation of a new Transit Authority has an excellent chance of passing at the coming session of the Legislature. He further stated that Los Angeles was pushing its plans for financial assistance toward the creation of its own transit authority. The Supervisor concluded his remarks by inviting the attendance of the members of the Board at the hearing before the Senate Interim Committee.

Invitation from The Guardsmen—Accepted.

Supervisor Lewis introduced a letter from The Guardsmen, which extended an invitation to each member of the Board to become a Christmas tree salesman at its lot at California and Laurel Streets on Saturday, December 13, between the hours of 1.00 and 3.00 p. m.

Supervisor Lewis accordingly moved that the invitation be accepted. Motion seconded by Supervisor Ferdon and carried by the following vote

Ayes: Supervisors Arnold, Dobbs, Ferdon, Halley, Lewis, Mancuso, McCarty, Mead, Sullivan—9.

Absent: Supervisors Christopher, MacPhee—2.

Statement by Supervisor Lewis Relating to Consideration by Board of Measures Not Dealing With City and County Problems.

Supervisor Lewis referred to the measure which he had introduced in the Board several weeks ago, declaring the Board's policy not to inject itself into matters not dealing specifically with city and county functions, and observed that there were sufficient problems facing the Board without going outside the city's boundaries to find others.

Motion to Call Measure from Committee.

Supervisor Lewis accordingly moved, seconded by Supervisor Halley, that the Board now call the measure from the Rules Committee, which he had introduced some weeks ago, dealing with the adoption of the policy mentioned hereinabove.

Objection.

Supervisor Dobbs voiced objection, contending that the committee had not been accorded the opportunity of expressing its opinion of it.

Motion Withdrawn.

There being no objection, motion withdrawn.

Announcement of Committee Meeting.

The President of the Board announced a meeting of the Rules Committee for Wednesday, November 19, 1952, at 2:30 p. m.

Report from Registrar of Voters Concerning Complaints from Citizens Due to Difficulties at Polls.

Supervisor Ferdon requested that the Clerk obtain a report from the Registrar of Voters relative to complaints of citizens against undue delay and difficulty encountered by them at the polls during the November election. The Board desired to be informed as to the causes and effects of such delay, with the thought that probably the Registrar would want to institute corrective measures in time for future elections.

No objection and *Clerk was directed to comply.*

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:30 p. m., adjourned.

JOHN R. McGRATH, Clerk.

The figure displays several chemical structures. On the left, there are monomers: a vinyl monomer with a side chain containing a carboxylic acid group, and a diene monomer with two vinyl groups. In the center, there are structures for a polymer chain with a repeating unit containing a carboxylic acid group, and a cross-linked polymer network. On the right, there are structures for a polymer chain with a repeating unit containing a carboxylic acid group, and a cross-linked polymer network.

Figure 1. Schematic representation of the experimental design. The subjects were divided into two groups: the control group and the experimental group. The control group received a placebo, while the experimental group received a 10% solution of the active ingredient. The subjects were then subjected to a series of tests, including a visual discrimination task, a memory task, and a motor task. The results of the tests were compared between the two groups.

Motion to Adopt.

Supervisor Halley moved adoption; seconded by Supervisor Dobbs.

Privilege of the Floor.

Supervisor Halley moved, seconded by Supervisor MacPhee, that the privilege of the floor be extended to any person who may desire to make a statement on the pending measure.

No objection and motion carried.

Proponents.

The following proponents were accorded the privilege of the floor:
Roger Lapham, Jr., representing the Traffic Conference Section of the San Francisco Chamber of Commerce.

It was the opinion of the Traffic Conference, Mr. Lapham said, that all vehicles should be barred from stopping during the period of time set forth in the measure.

Mr. George S. Hill, representing the Central Council of Civic Clubs, expressed views similar to those voiced by Mr. Lapham.

Thomas Gray, representing the Downtown Association, likewise urged adoption of the measure.

Both Captain Jack Eker, Director of Traffic, and Charles D. Miller, General Manager of the Municipal Railway, urged adoption of the measure, Captain Eker asserting that it was the feeling of the Police Commission that a full tow-away program should be instituted to facilitate movement of traffic and transportation.

Opponents.

The privilege of the floor was extended the following opponents:
Jack Goldberger, President of the San Francisco Labor Council;
Dan Sweeney, representing the Teamsters' Union;

Frank Hanlon, representing the Sheldon Building at 461 Market Street.

Both Messrs. Goldberger and Sweeney emphasized the importance of making prompt deliveries to their customers and that in event the tow-away measure was adopted, disruption of service might seriously affect the economic life of San Francisco.

Discussion.

Supervisor Dobbs declared that adoption of the pending measure would constitute good legislation in that the program had been approved by the Police Department, the Public Utilities Commission, the Mayor's Technical Traffic Committee and the downtown groups.

Supervisor MacPhee stated that while he respected the views of the opposition, and they have a sincere cause, he could not see how he could be expected to say to anyone that he could park in a certain place and say to someone else that he could not park in the same manner. He believed the present measure would eliminate discrimination.

Supervisor McCarty asked the Director of Traffic if the passage of the pending measure would result in the speeding up of traffic.

Mr. Eker replied to the effect that the proposal to eliminate the parking of trucks originated with the Public Utilities Commission, and it was motivated by a desire to permit the free flow of busses on the south side of Market to the terminal and permit the transporting of workers to their destinations on the north side at an accelerated pace.

The President of the Board warned that if the measure were adopted working hours may have to be changed; thus, instead of starting at 8 a. m., the starting time would have to be at 7 a. m., and there might be an increase in pay to time and one-half for the first hour. This would not only result in a lot of confusion but would hurt business generally, and he would have to go along with the views expressed by Supervisor McCarty, that if business is not permitted to flourish here, there would be no San Francisco.

Supervisor Lewis stated that a great deal of congestion was occasioned by trolley busses, bunching along the route and further, that trolley coaches cannot pass one another.

Supervisor Christopher suggested that firms start their deliveries earlier and thus finish earlier. He found in his business that his drivers, starting very early in the morning, found the streets practically deserted and were thus able to accomplish a great deal. The Supervisor expressed optimism about things working out properly once the measure had been adopted.

Supervisor Lewis stated he would vote against the measure because no one had shown him to date where any good would be derived from passing the legislation.

Questions.

Supervisor Lewis asked Captain Eker if it was not true that the bunching of trolley coaches results in delay. The Captain countered with the remark that it was the opinion of the Police Commission that the passage of the measure would result in speeding up transportation.

General Manager of the Municipal Railway Miller stated that the traffic might not move faster, but the trucks would not be there and there would be more uniform travel.

Captain Eker concluded by saying that it was the belief of the Police Department that the adoption of the measure would result in better service.

Roll Call.

There being no further discussion, the roll was called on the pending measure and it was *refused adoption* by the following vote:

Ayes: Supervisors Arnold, Christopher, Dobbs, MacPhee, Mancuso—5.

Noes: Supervisors Halley, Lewis, McCarty, Mead, Sullivan—5.

Absent: Supervisor Ferdon—1.

SPECIAL ORDER—3:00 P. M.

Report from Recreation and Park Department Relative to Progress and Contemplated Plans for the Street Tree-Planting Program.

(Pursuant to motion made by Supervisor Mancuso in Board meeting of November 10, 1952.)

Discussion.

Supervisor Mancuso informed David Lewis, General Manager of the Recreation and Park Department, that it had been reported to him that information had been received from the Park Department to the effect that the care and maintenance of trees was a supervisory function.

Mr. Lewis replied that such a statement was without foundation and that he would look into the matter at once and remedy it.

Mr. Lewis then proceeded to enlighten Supervisor Mancuso as to the number of trees planted and cared for during the past several

years, as well as the appropriations requested and authorized for tree-planting and maintenance.

The hearing was concluded after Mr. Lewis informed the Supervisor that the proposed tree-planting along Junipero Serra Boulevard, to start in two weeks, would be under the control of the Department of Public Works.

No Board action taken.

Statement by Supervisor Christopher on Second Bay Crossings.

Supervisor Christopher spoke at some length on the waste of valuable time in connection with attempts to arrive at a concrete policy respecting the construction of a second bay crossing. He stated that talk was centering upon possible construction of two bridges and believed that the Board should once and for all adopt a definite plan for a second bay crossing or crossings.

Request.

Supervisor Christopher thereupon requested that the Mayor be asked to call a meeting of interested department heads, members of the California delegation at Sacramento, including the Legislative Representative, the Chief Administrative Officer, the Controller and the members of the Board of Supervisors, for the purpose of adopting a definite policy respecting the construction of a second bay crossing or crossings. Further, that the Controller be requested to consult with the bond people for the purpose of ascertaining what it will cost to construct the proposed bay crossings and what tolls would be necessary to take care of bond interest and redemption for a period of 30 years; the foregoing information to be put in proper financial form, showing bond debt limitations as well.

Statement by Supervisor Lewis Relating to Proposed Measure Concerning Activities of Members of Board of Supervisors.

Supervisor Lewis: With respect to the matter referred to the Rules Committee and presented by Supervisor Arnold. Ever since I have been on the Board, I have represented clients injured on the railway's street cars, busses and trolley coaches. Unfortunately, I have been able to settle but a few and have gone to jury trials. In the matter of jury cases, I have had very good success. I feel I am legally, morally and ethically correct. I need no City Attorney nor anyone else to advise me. I will oppose this rule if it is going to restrict me in practicing my profession as an attorney before any judge or jury or representing any taxpayer who has been hurt by the Municipal Railway. That is my position.

Statement of Supervisor Lewis Concerning Second Bay Crossing.

Supervisor Lewis informed the Board that he had an informal chat with the Mayor some ten days ago and advised him that there should be some sort of a compromise and thus eliminate the constant bickering between us and our friends in the East Bay, on a matter of a second bay crossing.

Point of Order.

Supervisor Mancuso rose to a point of order, declaring that the hour of 3:00 p. m. had arrived, that the Special Order should now be taken up:

Point of Order Not Well Taken.

The President informed Supervisor Mancuso that Supervisor Lewis would be permitted to finish under his name on Roll Call and immediately upon conclusion of his presentations, the special order would then be taken up.

Resumption of Statement by Supervisor Lewis.

Supervisor Lewis continued his statement by saying that he advised the Mayor to break the deadlock which has existed between San Francisco and the East Bay. The Mayor replied that he believed the deadlock should be broken. The Supervisor concluded his remarks by saying that he was working on a plan which he expected

would finance the cost of two crossings, to be presented to the Board in due course; however, he stated he was gathering facts which will guide him as to the feasibility of the plan and that he was not publicizing it until he was sure of his ground.

Adopted.

Authorizing Acceptance of an Authentic Japanese Garden Display from the Government of Japan, to Be Permanently Maintained Within the Japanese Tea Garden in Golden Gate Park.

SPECIAL ORDER—3:00 P. M.

Hearing of Manager of Utilities Relative to Alleged Deterioration of Municipal Railway Service Since November 4, 1952.

Privilege of the Floor.

The privilege of the floor was extended to James H. Turner, Manager of Utilities, who stated emphatically there had been no deterioration of service since November 4th. Mr. Turner stated he was resubmitting the bond issue to the electorate and it would be foolhardy indeed to reduce service all the while proposing to again ask the electorate to approve an expenditure of \$6,620,000 for railway rehabilitation.

Mr. Turner concluded his statement by giving the Board statistical data with respect to increase in man-hours of work and assuring the Board that the Public Utilities Commission made it a practice to increase service whenever it was found feasible.

Supervisor McCarty: Then your statement is that service has not been reduced since November 4th?

Mr. Turner: That is my information as I received it from the Municipal Railway.

Communications Referred to Mr. Turner.

Supervisor McCarty stated he was in receipt of several communications from disgruntled Municipal Railway riders which he intended to turn over to Mr. Turner for such action as he saw fit to take.

The discussion was concluded with no Board action being taken.

Resumption of Consideration of Matters Introduced Under Roll Call.**Statement by Supervisor MacPhee Concerning Bay Crossings.**

Supervisor MacPhee stated he was concerned with the construction of bridge approaches some two years, and that the Board should hear of Supervisor Lewis' plans just as soon as possible, and that Supervisor Christopher was on the right track in seeking acceptance of a definite policy by the Board with respect to a second bay crossing or crossings.

Statement by Supervisor Mancuso.

Supervisor Mancuso reiterated his previous espousal of a southern crossing, and said that this matter should first be taken care of before consideration is given to the construction of a parallel crossing.

Request for Statement on Valencia Street Traffic Islands.

Supervisor Mancuso requested that the Department of Public Works report as to the necessity of constructing islands on Valencia Street, contending that they constitute a traffic hazard. The Supervisor suggested that the Department should either place a dividing line on Valencia Street or remove the islands altogether, and that he had received numerous complaints concerning them.

Privilege of the Floor.

The privilege of the floor was accorded J. J. Seid, the appellant, who informed the Board that there were more than a sufficient number of service stations along Lombard Street, and that many of the property owners, when purchasing their properties, had been given to understand that the area would remain Second Residential in nature; further, the rezoning granted by the Commission was "spot" zoning and therefore not proper.

Mr. Paul Oppermann informed the Board that the Commission had rejected the staff report by a count of 5 to 2.

Supervisor Dobbs stated he would vote against the rezoning because there were already too many service stations on Lombard Street.

Earl Cutting, representing the Real Estate Department, explained the reasons which prompted the request for a rezoning on the part of the Director of Property.

Supervisor Christopher stated that one of the reasons outlined by Mr. Cutting was the possibility of realizing revenue pending actual construction and completion of the Lombard Street Tunnel, and he stated that he had always opposed a rezoning plea based on grounds of revenue.

Consideration Continued.

Supervisor MacPhee stated he would like to visit the site and accordingly moved, seconded by Supervisor Sullivan, that consideration of the foregoing matter be continued for a period of one week.

No objection and motion carried.

Motion for Review of Rates.

Supervisor MacPhee moved, seconded by Supervisor Arnold, that the customary review of rates be made in January of 1953.

Query by President.

The President of the Board asked Deputy City Attorney Thomas Blanchard if he was correct in assuming that Supervisor MacPhee's motion was out of order because of possible conflict with the pending measure.

Mr. Blanchard informed the President that the proper method to pursue would be to amend the pending measure so that Supervisor MacPhee's desires could be fulfilled.

Motion Withdrawn.

There being no objection, Supervisor MacPhee *withdrew his motion*.

Amendment.

Supervisor MacPhee moved, seconded by Supervisor Ferdon, that a review of rates in January, 1953, be made a part of the pending measure.

Suggestion.

Supervisor Arnold suggested that consideration of the pending measure be continued for a period of four weeks and thus obviate the necessity of amending the pending measure.

Amendment Withdrawn.

There being no objection, Supervisor MacPhee *withdrew his pending amendment*.

Privilege of the Floor.

The privilege of the floor was accorded to Mr. Lloyd Ackerman, counsel for the Yellow Cab Company.

Mr. Ackerman opposed the review of rates in January, 1953, contending that such an act constituted a waste of time in that union contracts would expire on May 31st which would then probably entail bargaining sessions with possible increases in wages, and a request on the part of the company for higher fares.

The privilege of the floor was likewise extended to Anthony Cancilla, representing Chauffeurs' Union, Local 265, A. F. of L.

File No. 9719, Ordinance No. . . . (Series of 1939).

Objection.

Supervisor MacPhee voiced objection to the pending measure, contending that he has not been convinced of the necessity for the positions involved, and that should they be necessary, request for them should be made in the 1953-54 budget.

Motion to Defer Consideration.

Supervisor Halley moved, seconded by Supervisor MacPhee, that consideration of the foregoing measure be continued for one week and that a representative of the Board of Education be requested to appear before the Board next Monday to explain the matter.

Voting Requirements and Procedure

Rule 24. Every member present when a question is put shall vote for or against it unless such member be excused from voting on such question by unanimous consent of the members present.

No member shall be permitted to vote upon a question unless he is in his seat when his name is called or before the vote is announced.

A roll call shall not be interrupted, but a member may, prior to the calling of the roll, explain his vote, or file in writing an explanation of his vote after the result of the roll call has been announced and recorded.

This rule may not be suspended except by unanimous consent of the members present.

File No. 9673

Discussion.

Supervisor Dobbs stated that a majority of the members should be sufficient to excuse a member from voting.

Supervisor MacPhee stated he believed that a unanimous affirmative vote of all members present should be had on a motion to excuse a member from voting.

Supervisor Ferdon asserted there should not be any suspension of the right to vote, and that every member should vote on all measures.

Motion to Defer Consideration.

Supervisor Christopher moved, seconded by Supervisor Halley, that consideration of the foregoing measure be continued for one week.

Substitute Motion.

Supervisor Ferdon moved as a substitute, seconded by Supervisor Dobbs, that the foregoing measure be re-referred to committee for further clarification and that Rule 13 be likewise considered in its relationship to the subject measure.

SPECIAL ORDER—2:00 P. M.

Hearing of Appeal from the Decision of the City Planning Commission by Its Resolution No. 4093 Dated September 18, 1952, Approving Application to Rezone Property Located on the Southeast Corner of Franklin and Lombard Streets from Second Residential District to Commercial District.

File No. 9548

December 1, 1952—Consideration continued to December 8, 1952.

Privilege of the Floor.

The privilege of the floor was extended to J. J. Seid, the appellant in the case. Mr. Seid stated that there were sufficient gasoline stations along Lombard Street to serve the motoring public; that the subject zoning is spot zoning; and that it is injurious to the values of residential properties which the owners thereof had hoped would remain unaffected.

Mr. Eugene Riordan, Director of Property, advised that the subject parcel was first purchased when Lombard Street was widened some years ago and that it is thought that it will eventually be needed for the west portal of the Lombard Street Tunnel. Further the Recreation and Park Commission is not interested in the parcel for either park or recreational purposes, and since it will be a good many years before the Lombard Street Tunnel is constructed, it was considered advisable to lease the property during the interim and thus derive revenue for the benefit of the city and county.

Discussion.

Supervisor MacPhee asked the Chief Administrative Officer as to the time when it was expected that the Lombard tunnel might be constructed. Mr. Brooks replied probably in about ten years. Mr. Brooks went on to state that he was in somewhat of an unenviable position in that he approved the action of the Director of Property, and at the same time voted, as an ex-officio member of the City Planning Commission, against the proposed zoning.

Mr. Paul Oppermann, Director of Planning, stated that the Commission had voted five to two against the staff report.

Supervisors McCarty, Christopher and Mead spoke against the action of the City Planning Commission.

Explanation of Voting Procedure.

The President of the Board explained that a vote "Aye" would overrule the City Planning Commission and sustain the appellant; a vote "No" would sustain the City Planning Commission and deny the appeal.

Adopted.

The Clerk thereupon read the following measure to the Board:

Disapproving Decision of the City Planning Commission by Its Resolution No. 4093, Approving Application to Rezone Property Located on the Southeast Corner of Franklin and Lombard Streets from Second Residential District to Commercial District.

(\$650-750 per month.)

November 10, 1952—Re-referred to Finance Committee.

Discussion.

Supervisor Ferdon declared that the Board should have all the facts which support the contention that the position should be on a full-time basis.

Supervisor Arnold stated that the Committee had been informed by the Chief Administrative Officer that he was of the opinion the position should be on a full-time basis.

Supervisor Dobbs said the Board should hear from Mr. Brooks as to whether the position should be part-time or full-time.

Mr. Brooks stated that feeling had developed some time ago that Dr. Kingston, then Coroner, had been putting in only six hours' work a day; however, pressure had emanated from employee groups to have the position placed on a full-time basis. The Coroner should be available 24 hours a day and his duties should include those of a pathologist and an autopsy surgeon, and it was his opinion that the Coroner should be a medical man.

Supervisor Ferdon stated that the pending issue was not one as to whether or not the Coroner should or should not be a medical man but whether or not the position should or should not be placed on a full-time basis and expressed the hope that some way could be found to pay the present Acting Coroner, Mr. Greene, without authorizing the position to go on a full-time basis as well.

Mr. Brooks stated he would be very glad to come before the Board, after the Civil Service Commission had established an eligibility list, for the purpose of discussing the question of whether the position should or should not be placed on a full-time basis.

Supervisor Ferdon stated that he did not know that the position of Coroner had once been on a full-time basis and later changed to a part-time one, and that up to the present time no facts had been disclosed which would satisfy him that the position of Coroner should be on a full-time basis.

Motion to Defer Consideration.

Supervisor MacPhee moved that consideration of the pending measure be continued for a period of one week.

Motion lost for want of a second.

Discussion—Continued.

At this point Supervisor McCarty explained his understanding of the pending measure, and expressed the opinion that he would like to pay Mr. Greene, Acting Coroner, from funds other than those appropriated in the pending measure, but he did not know how such an event could come to pass. He thereupon called upon Mrs. Dolen, Supervisor of Wage Schedules and Classifications for the Civil Service Commission, to explain how his suggestion might be carried out. Mrs. Dolen, however, suggested that the Controller answer the question.

Mr. Ross thereupon informed the Board that funds to pay Mr. Greene's salary would have to come from an appropriation authorized by the Board.

Supervisor McCarty: Is there a way to pay Mr. Greene the money now appropriated for the position of part-time Coroner?

Mr. Ross: He is now being paid the salary set up for a part-time Coroner.

Motion to Defer Consideration—Withdrawn.

Supervisor MacPhee moved that consideration of the pending measure be continued for a period of one week. Motion seconded by Supervisor Dobbs.

There being no objection, Supervisor MacPhee *withdrew* his motion.

Motion to Re-refer to Committee.

It was pointed out, however, that the Commission would have difficulty in getting the \$400,000 from the Legislature unless the participating counties would contribute their shares on a matching basis. Several counties have already expressed a willingness to participate on a matching basis and San Francisco's share would amount to \$100,000. The Supervisor concluded his remarks by suggesting that the Board consider appropriating the sum of \$100,000 on a matching basis.

The President *referred the matter to the Finance Committee.*

Discussion of Conditions at Public Health Institutions.

The Clerk presented three communications as follows: (1) From the Chief Administrative Officer, attaching thereto copy of statement released to the press concerning conditions at the public health institutions; (2) from the State Department of Public Health, addressed to Supervisor Mead, concerning investigation of conditions made at the San Francisco Hospital and the Laguna Honda Home and making certain recommendations in connection therewith.

Supervisor Christopher expressed the opinion that the foregoing communications should be referred to the Public Health and Welfare Committee of the Board and thus keep in contact with officials of the Department of Public Health and abreast of developments looking to the improvement of conditions at public health institutions. The Supervisor spoke of the urgency of providing funds for much needed improvements and thanked the press for alerting the people to the existing deplorable conditions.

Supervisor Christopher then called on Dr. Ellis D. Sox, Director of the Department of Public Health, for his comments on the problem. Dr. Sox spoke of corrections needed in administrative problems and that steps would be taken to institute remedial measures. The doctor stated, as an example, that in a 15-year period, the number of beds at the Laguna Honda Home had more than doubled.

Supervisor McCarty suggested that Dr. Sox confer with his various department heads for the purpose of determining just what improvements are needed to rectify existing complaints and that he was willing to approve a definite expenditure appropriation each year for the continual maintenance of the institutions.

Supervisor MacPhee suggested to Mr. Brooks that he consider obtaining such administrative assistance as he considered necessary for the adequate supervision of the various departments under his jurisdiction.

Supervisor Ferdon suggested that many patients now in the San Francisco Hospital could be sent to their respective homes and that nurses from the Visiting Nurses' Association be instructed to visit them. This practice, if found feasible, would result in substantial savings to the city.

To the aforementioned suggestion, Dr. Sox added that the city already is under contract with the Visiting Nurses' Association.

Supervisor Christopher inquired into the possibility of making funds available for the immediate investigation and report on conditions.

Dr. Sox advised that he had asked the Plumbing Division to make a complete report and to make recommendations.

The hearing was concluded with no Board action taken except reference of the three communications, mentioned in the first part of the hearing, to the Finance Committee.

Statement of Supervisor MacPhee on Proposed Construction of Second Bay Crossings.

Supervisor MacPhee stated he believed that both bridges should be built at once and that the matter of financing should be a purely secondary issue; that delay in such construction will cost the community hundreds of thousands of dollars and constitute a threat on the lives of the people. Figures from the State Department of Public Works indicates substantial growth of the state and that each year approximately 960,000 new people migrate to California for the purpose of making their permanent residences here.

Supervisor MacPhee concluded by stating that in his eleven years as Supervisor he had never seen anything essential for which funds could not be provided, and that no delay should be tolerated in getting the construction of the two spans under way.

Supervisor Mancuso presented copies of adopted resolutions from the National Association of County Officials, as follows:

Resumption of Consideration of Recommendation of Finance Committee Relating to Amendment of Section 1135.1 of the Police Code, to Provide That a Review of Rates by the Board of Supervisors, of Motor Vehicles for Hire, Shall Be Ordered Between September 1st and December 1st of Each Year.

Privilege of the Floor.

The privilege of the floor was extended to Lloyd Ackerman, counsel for the Yellow Cab Company, who stated it was his understanding that a review of rates would be made next month and that he had no objection to same.

Query.

Supervisor MacPhee asked Controller Ross if the passage of the pending measure today would obviate the present requirement for a rate review in January, and the Controller replied to the effect that if the ordinance became effective during January, such passage may affect the review of rates to be made in January, 1953.

Motion to Defer.

Supervisor MacPhee moved, seconded by Supervisor Dobbs, that, in order to obviate the possibility of interference with the January review of rates, consideration of the pending measure be continued for two weeks.

Substitute Motion.

Supervisor Arnold moved, as a substitute, that consideration be continued for four weeks. Motion seconded by Supervisor MacPhee and there being no objection, motion carried.

Consideration continued for four weeks.

Present: Supervisors Mead, Arnold, MacPhee.

The Rules Committee Recommends Adoption of a Motion to Amend the Rules of Order by the Addition of a New Rule to Be Designated Rule 29.1, to Read as Follows:

Rule 29.1

No member of this Board of Supervisors shall accept any employment, with or without fee, from any person, firm or corporation, when such employment entails the prosecution of an action against the City and County of San Francisco, or the defense of any action brought by said City and County, or involves any appearance before, or action by any Board or Commission of said City and County.

File 9738

December 2, 1952—Passed by the Rules Committee.

Discussion.

Supervisor Doble asked the President if the pending measure was in the same form as when originally presented to the Board some weeks ago.

The President replied to the effect that it was, asserting that it had been re-referred to the Rules Committee at the instance of Supervisor Lewis, who wanted to speak on the matter; that the committee met at the appointed hour of 2 p. m., waited until 3 p. m. for appearance of Supervisor Lewis and any other Supervisor who may have desired to speak on the subject and none showed up; the committee thereupon considered it proper to bring in the matter in the same form as it had appeared originally.

Explanation by Supervisor Lewis.

Supervisor Lewis condemned the measure in that insofar as he was concerned, it meant depriving him of his bread and butter. He informed the Board that accident cases, some of which are against the Municipal Railway, constituted the bulk of his practice. He stated he has done nothing of which to be ashamed; all his cases have been in the open, before a jury of representative citizens, and if the Board were to approve the subject rule, they might as well extend their policy to prohibit practices which involve real estate and other businesses carried on by members of the Board. The Supervisor ended his argument by expressing the opinion that the rule was not worth the paper upon which it was written and that it could not possibly be enforced.

Supervisor Mancuso supported the position taken by Supervisor Lewis, and added that he was elected by the people and was governed only by restrictions and penalties imposed by the Charter. If anybody's activities were to be curtailed unreasonably by the passage

of the pending measure, such action would well result in resignation as nobody could be expected to subsist on the mere \$200 per month compensation paid the members of the Board.

Motion to Table.

Supervisor Mancuso thereupon moved, seconded by Supervisor Lewis, that the pending measure be tabled.

Motion carried by the following vote:

Ayes: Supervisors Dobbs, Halley, Lewis, Mancuso, McCarty, Sullivan—6.

Noes: Supervisors Arnold, Christopher, MacPhee, Mead—4.

Absent: Supervisor Ferdon—1.

Explanation of Vote on Calendar Measure.

He informed the Board that he had originally intended to vote for the measure but a careful analysis compelled him to vote against it.

Request to Convert Richmond's Recreation Centers to Grass Footing.

Supervisor Lewis, on behalf of the Richmond Parent-Teachers' Association, requested that the Recreation and Park Commission consider the feasibility of converting some of the many concrete or asphalt recreational centers in the Richmond District to a grass footing, to permit the playing of baseball, football and the like. Such a conversion would also tend to keep many youngsters off the public streets.

Referred to the Education, Parks and Recreation Committee.

Explanation of Vote on Calendar Measure.

Supervisor MacPhee explained that his affirmative vote on the calendar item which proposed to curtail certain activities of the members of the Board, was predicated on his belief that no member of the Board should have the right to appear before any city board, commission or court on any matter affecting the city and county.

Request for West Portal Parking Survey.

Supervisor MacPhee requested that the Police Committee confer with representatives of the Police Department and Public Utilities Commission for the purpose of enacting legislation which would provide temporary parking in the area immediately adjacent to the tunnel entrance in the West Portal District. At the present time this area is being used for the parking of busses after 7 p. m. and

no parking or stopping is permitted and the thought occurred to the Supervisor that parking of some sort should be permitted up to 7 p. m.

Supervisor Mancuso referred to an item appearing in Dick Nolan's "Examiner" column on Sunday, December 28, wherein it was pointed out that San Francisco was obligated to bear 85 per cent of any expense on road construction in San Mateo County, and expressed the opinion that this practice should stop. He thereupon requested that the matter of dissolving Joint Highway District No. 10 be referred to the proper committee for the study and preparation of such legislation as will have the desired effect.

Supervisor Halley asked that when considering the dissolution of Joint Highway District No. 10, the dissolution of Joint Highway District No. 9 be likewise considered.

No objection and the matter was *referred to the County, State and National Affairs Committee.*

Proposal to Annex Broadmoor, Westlake and Other Communities Contiguous to San Francisco-San Mateo County Line.

Supervisor Mancuso spoke of requests which he had received from residents of Broadmoor and Westlake Villages, asking that efforts be made to have such communities become an integral part of the City and County, many of them when purchasing their homes, believing at the time that they were actually located within the confines of the City and County.

The Supervisor thereupon requested that the representatives of the proper city departments meet with representatives of the communities involved for the purpose of exploring possibilities of having their communities become an integral part of the City and County of San Francisco.

Referred to the Chief Administrative Officer for report and recommendation.
